**Virginia Woolf (Authors in Context)** Michael H. Whitworth, 2005-01-13 During Virginia Woolf's lifetime Britain's position in the world changed and so did the outlook of its people The Boer War and the First World War forced politicians and citizens alike to ask how far the power of the state extended into the lives of individuals the rise of fascism provided one menacing answer Woolf's experiments in fiction and her unique position in the publishing world allowed her to address such intersections of the public and the private Michael H Whitworth shows how ideas and images from contemporary novelists philosophers theorists and scientists fuelled her writing and how critics film makers and novelists have reinterpreted her work for later generations The book includes a chronology of Virginia Woolf's life and times suggestions for further reading websites illustrations and a comprehensive index ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

**Recollections of Waterloo College** Flora Roy, 2006-01-01 When Flora Roy accepted a teaching position at Waterloo College in 1948 she imagined it would be a temporary posting until she finished her dissertation and returned to Toronto or another large Canadian university Little did

she know that as head of the English department she would stay on and find herself involved in local controversies This memoir recalls Roy s early days at Waterloo College when its standards were still supervised by the University of Western Ontario and traces the gradual pressures to merge with the new University of Waterloo As history shows Waterloo College resisted what was seen then as corporate pressure and became instead an independent and much loved institution called Waterloo Lutheran University which later became Wilfrid Laurier University The story of the transformation of Waterloo College into Waterloo Lutheran University is told through anecdotes and shows that despite its size the small campus was very connected to the larger world The royalties from the sale of this book will be directed towards funding scholarships All photographs were used with the kind permission of Wilfrid Laurier University Archives and Special Collections Please note that in future printings the third last paragraph of Recollections of Waterloo College will be corrected to read as follows I have been circuitous about this but I should now admit that I feel that a concession to candidates for academic employment that indicates that they have not the time or the endurance or may we say the ability to go further throws a shadow over those who take advantage of it In addition it suggests that they are not especially fitted for the rigours of life as university faculty members

*Innocence, Heterosexuality, and the Queerness of Children's Literature* Tison Pugh,2010-12-14 Innocence Heterosexuality and the Queerness of Children s Literature examines distinguished classics of children s literature both old and new including L Frank Baum s Oz books Laura Ingalls Wilder s Little House series J K Rowling s Harry Potter novels Lemony Snicket s A Series of Unfortunate Events and Stephenie Meyer s Twilight series to explore the queer tensions between innocence and heterosexuality within their pages Pugh argues that children cannot retain their innocence of sexuality while learning about normative heterosexuality yet this inherent paradox runs throughout many classic narratives of literature for young readers Children s literature typically endorses heterosexuality through its invisible presence as the de facto sexual identity of

countless protagonists and their families yet heterosexuality's ubiquity is counterbalanced by its occlusion when authors shield their readers from forthright considerations of one of humanity's most basic and primal instincts The book demonstrates that tensions between innocence and sexuality render much of children's literature queer especially when these texts disavow sexuality through celebrations of innocence In this original study Pugh develops interpretations of sexuality that few critics have yet ventured paving the way for future scholarly engagement with larger questions about the ideological role of children's literature and representations of children's sexuality Tison Pugh is Associate Professor in the Department of English at the University of Central Florida He is the author of *Queering Medieval Genres and Sexuality and Its Queer Discontents in Middle English Literature* and has published on children's literature in such journals as *Children's Literature The Lion and the Unicorn* and *Marvels and Tales*

*Speechwright* William F. Gavin, 2011-11-01 For almost thirty years William F Gavin wrote speeches at the highest levels of government *Speechwright* is his insider's view of politics a shrewd critique of presidential and congressional rhetoric and a personal look at the political leaders for whom he wrote speeches While serving President Richard Nixon and candidate Ronald Reagan Gavin advocated for working rhetoric well crafted clear hard hitting arguments that did not offer visions of the unattainable but instead limited political discourse to achievable ends reached through practical means Filled with hard earned wisdom about politics and its discontents *Speechwright* describes Gavin's successes his failures and his call for political rhetoric built on strong argument rather than the mere search for eloquence

**Elegy for Literature** Jeffrey T. Nealon, 2022-03-08 The first chapter is an overview of the current crisis of literary study brought about by downsizings following the crash of 2008 from which literary studies never really recovered compounded by the Covid pandemic and rocked by the bedrock questions put to the academic study of literature by the Black Lives Matter protests This chapter also looks at why theory matters in the present as an introduction to modes of questioning and ways of life which the author opposes to the English department's understanding of literature as a series of disciplinary objects to be understood or appreciated The second chapter is a specific exploration of the novel the current reigning form of literature and literary study in both popular and academic contexts and the novel's relation to the present of new materialism and the past the European history of the novel as the official form for warehousing bourgeois subjective experience If new materialism including anti racist critiques questions the world view of bourgeois Eurocentric humanism it also brings into question the centrality of that world view's primary artistic form the novel

*Building a City* Sheila E. Jelen, Jeffrey Saks, Wendy Zierler, 2023-08-15 The fiction of Nobel Laureate Shmuel Yosef Agnon is the foundation of the array of scholarly essays as seen through the career of Alan Mintz visionary scholar and professor of Jewish literature at the Jewish Theological Seminary of America Mintz introduced Agnon's posthumously published *Ir Umeloah A City in Its Fullness* a series of linked stories set in the 17th century and focused on Agnon's hometown Buczacz a town in what is currently western Ukraine to an English reading audience and argued that Agnon's unique treatment of Buczacz in *A City in Its Fullness* navigating the sometimes tenuous boundary of the modernist and the mythical was a full throated self conscious literary response to the Holocaust This volume is an extension of a memorial dedicated to Mintz's memory who died suddenly in 2017 which combines selections of Alan's work from the beginning middle and end of his career with autobiographical tributes from older and younger scholars alike The essays dealing with Agnon and Buczacz remember the career of Alan Mintz and his contribution to the world of Jewish studies and within the world of Jewish communal life

*Faulkner and the Craft of Fiction* Doreen Fowler, Ann J. Abadie, 1987 In 1944 William Faulkner wrote to Malcolm Cowley I'm telling the same story over and over which is myself and the world That's all a writer ever does he tells his own biography in a thousand different terms With these words Faulkner suggests that what changes in the course of his prolific novel writing career is not so much the content but the style the thousand different terms of his fiction The essays in *Faulkner and the Craft of Fiction* first presented at the 1987 Faulkner and Yoknapatawpha Conference at the University of Mississippi focus on Faulkner's narrative inventiveness on how Faulkner like his character Benjy in *The Sound and the Fury* relentlessly kept trying to say The contributors' authorities on Faulkner's narrative offer a wide variety of critical approaches to Faulkner's fiction writing

process Cleanth Brooks for example applies the strategies of New Criticism to Faulkner's rendering of the heroic and pastoral modes Judith L Sensibar attempts to locate biographical sources for repeated Faulknerian paradigms and Philip M Weinstein draws on the theories of the Marxist Althusser and the French psychoanalyst Lacan The topics examined are similarly wide ranging

**Before the Empire of English: Literature, Provinciality, and Nationalism in Eighteenth-Century Britain** A. Yadav, 2004-07-22 Before the Empire of English offers a broad re-examination of Eighteenth century British literary culture centred around issues of language nationalism and provinciality It revises our tendency to take for granted the metropolitan centrality of English language writers of this period and shows instead how deeply these writers were conscious of the traditional marginality of their literary tradition in the European world of culture The book focuses attention on crucial but largely overlooked aspects of Eighteenth century English literary culture the progress of English topos since the death of Cowley and the cultural aspirations and anxieties it condenses the concept of the republic of letters and its implications for issues of cultural centrality and provinciality and the importance of cultural nationalist emphases in Augustan poetics in the context of these concerns about provinciality The book examines imperial aspirations and imaginings in the English literary culture of the period but it shows how such aspirations are responses to provincial anxieties more so than they are marks of imperial self assurance
