From Caucasias, with Love Danzy Senna, 2013-09-19 Growing up amidst the power politics of 1970s America Birdie and her older sister Cole are so close they speak their own language Daughters of a white activist mother and a black academic father Birdie appears white Cole black their relationship a refuge from the rest of their lives Yet when their parents separate Birdie and Cole are thrown worlds apart But Birdie s desperate need to reclaim her family forces her back on to the road where her search for her sister becomes inevitably a search for her self Twists serious issues race politics identity social and familial responsibility around the structure of a compelling storyline an intelligent questioning book that sparks with ideas

INDEPENDENT ON SUNDAY **Crossing the Line** Gayle Wald, 2000-07-24 Examines constructions of racial identity through the exploration of passing narratives including Black Like Me and forties jazz musician Mezz Mezzrow s memoir Really the Blues Passing into the present Sinead Moynihan, 2013-07-19 This book is the first full length study of

contemporary American fiction of passing Its takes as its point of departure the return of racial and gender passing in the 1990s in order to make claims about wider trends in contemporary American fiction The book accounts for the return of tropes of passing in fiction by Phillip Roth Percival Everett Louise Erdrich Danzy Senna Jeffrey Eugenides and Paul Beatty by arguing meta critical and meta fictional tool These writers are attracted to the trope of passing because passing narratives have always foregrounded the notion of textuality in relation to the illegibility of black subjects passing as white The central argument of this book then is that contemporary narratives of passing are concerned with articulating and unpacking an analogy between passing and authorship Aimed at students and researchers it promises to inaugurate dialogue on the relationships between passing postmodernism and authorship in contemporary American fiction *Crossing Black* Sika Dagbovie-Mullins, 2013-01-25 The past two decades have seen a growing influx of biracial discourse in fiction memoir and theory and since the 2008 election of Barack Obama to the presidency debates over whether America has entered a post racial phase have set the media abuzz In this penetrating and provocative study Sika A Dagbovie Mullins adds a new dimension to this dialogue as she investigates the ways in which various mixed race writers and public figures have redefined both blackness and whiteness by invoking multiple racial identities Focusing on several key novels Nella Larsen s Quicksand 1928 Lucinda Roy s Lady Moses 1998 and Danzy Senna s Caucasias 1998 as well as memoirs by Obama James McBride and Rebecca Walker and the personae of singer Mariah Carey and actress Halle Berry Dagbovie Mullins challenges conventional claims about biracial identification with a concept she calls black sentient mixed race identity Whereas some multiracial organizations can diminish blackness by for example championing the inclusion of multiple race options on census forms and similar documents a black sentient consciousness stresses a perception rooted in blackness a connection to a black consciousness writes the author that does not overdetermine but still plays a large role in one s racial identification By examining the nuances of this concept through close readings of fiction memoir and the public images of mixed race

celebrities Dagbovie Mullins demonstrates how a black sentient mixed race identity reconciles the widening separation between black white mixed race and blackness that has been encouraged by contemporary mixed race politics and popular culture A book that promises to spark new debate and thoughtful reconsiderations of an especially timely topic Crossing B l ack recognizes and investigates assertions of a black centered mixed race identity that does not divorce a premodern racial identity from a postmodern racial fluidity SIK A DAGBOVIE MULLINS is associate professor in the Department of English at Florida Atlantic University Her articles have appeared in African American Review the Journal of Popular Culture and other publications

Politics and Affect in Black Women's Fiction Kathy Glass,2017-12-15 Exploring literary possibilities Politics and Affect reads black women s text in particular Frances Harper s The Two Offers 1859 Julia Collins s The Curse of Caste 1865 Nella Larsen s Quicksand 1928 and Danzy Senna s Caucasia 1998 as richly creative documents saturated with sociopolitical value Interested in how African American women writers from the nineteenth century to the present have mined the politics of affect and emotion to document love shame and suffering in environments shaped by race Kathy Glass gives sustained attention to the impact of racist affect on the black body and examines how black women writers deploy emotional states to engender sociopolitical change

Transcending Blackness Ralina L. Joseph,2013 The author critiques the depictions of multiracial Americans in contemporary culture

The Future of Whiteness Linda Mart n Alcott,2015-10-12 White identity is in ferment White European Americans living in the United States will soon share an unprecedented experience of slipping below 50% of the population The impending demographic shifts are already felt in most urban centers and the effect is a national backlash of hyper mobilized political and sometimes violent activism with a stated aim that is simultaneously vague and deadly clear to take our country back Meanwhile the spectre of minority status draws closer and the material advantages of being born white are eroding This is the political and cultural reality tackled by Linda Mart n Alcott in The Future of Whiteness She argues that whiteness is here to stay at least for a while but that half of whites have given up on ideas of white supremacy and the shared public material culture is more integrated than ever More and more whites are becoming aware of how they appear to non whites both at home and abroad and this is having profound effects on white identity in North America The young generation of whites today as well as all those who follow will have never known a country in which they could take white identity as the unchallenged default that dominates the political economic and cultural leadership Change is on the horizon and the most important battleground is among white people themselves The Future of Whiteness makes no predictions but astutely analyzes the present reaction and evaluates the current signs of turmoil Beautifully written and cogently argued the book looks set to spark debate in the field and to illuminate an important area of racial politics

American Fiction of the 1990s Jay Prosser,2016-04-01 American Fiction of the 1990s Reflections of History and Culture brings together essays from international experts to examine one of the most vital and energized decades in American literature This volume reads the rich body of 1990s American fiction in the context

of key cultural concerns of the period The issues that the contributors identify as especially productive include Immigration and America's geographical borders particularly those with Latin America Racial tensions race relations and racial exchanges Historical memory and the recording of history Sex scandal and the politicization of sexuality Postmodern technologies terrorism and paranoia American Fiction of the 1990s examines texts by established authors such as Don DeLillo Toni Morrison Philip Roth and Thomas Pynchon who write some of their most ambitious work in the period but also by emergent writers such as Sherman Alexie Chang Rae Lee E Annie Proulx David Foster Wallace and Jonathan Franzen Offering new insight into both the literature and the culture of the period as well as the interaction between the two in a way that furthers the New American Studies this volume will be essential reading for students and lecturers of American literature and culture and late twentieth century fiction Contributors include Timothy Aubry Alex Blazer Kasia Boddy Stephen J Burn Andrew Dix Brian Jarvis Suzanne W Jones Peter Knight A Robert Lee Stacey Olster Derek Parker Royal Krishna Sen Zoe Trodd Andrew Warnes and Nahem Yousaf *American Cultural Studies* Neil Campbell, Alasdair Kean, 2016-01-29 Exploring the central themes in modern American cultural studies and discussing how these themes can be interpreted American Cultural Studies offers a wide ranging overview of different aspects of American cultural life such as religion gender and sexuality regionalism and ethnicity and immigration The fourth edition has been revised throughout to take into account the developments of the last four years Updates and revisions include discussion of Barack Obama's time in the White House consideration of Hemispheric American Studies and the increasing debates about globalisation and the international role of the USA long form television and American Studies up to date case studies such as *Girls* *The Wire* and *Orange Is the New Black* more material on Detroit the Mexican border same sex relationships and Islam in America updated further reading lists and new follow up work Illustrated throughout containing follow up questions and further reading at the end of each chapter and accompanied by a companion website www.routledge.com/cw/campbell providing further study resources American Cultural Studies is a core text and an accessible guide to the interdisciplinary study of American culture

The Liberty of Strangers Desmond King, 2004-12-09 Harry S Truman once said Ours is a nation of many different groups of different races of different national origins And yet the debate over what it means and what it takes to be an American remains contentious Nationalist solidarity many claim requires a willful blending into the assimilationist alloy of these United States Others argue that the interests of both nation and individual are best served by allowing multiple traditions to flourish a salad bowl of identities and allegiances rather than a melting pot Tracing how Americans have confronted and relinquished but mostly clung to group identities over the past century Desmond King here debunks one of the guiding assumptions of American nationhood namely that group distinction and identification would gradually dissolve over time creating a postethnic nation Over the course of the twentieth century King shows the divisions in American society arising from group loyalties have consistently proven themselves too strong to dissolve For better or for worse the often

disparaged politics of multiculturalism are here to stay with profound implications for America's democracy. Americans have now entered a post-multiculturalist settlement in which the renewal of democracy continues to depend on groups battling it out in political trenches yet the process is ruled by a newly invigorated and strengthened state. But Americans' resolute embrace of their distinctive identities has ramifications not just internally and domestically but on the world stage as well. The image of one people, American nationhood so commonly projected abroad, camouflages the country's sprawling, often messy diversity, a lesson that nation builders worldwide cannot afford to ignore as they attempt to accommodate ever-evolving group needs and the demands of individuals to be treated equally. Spanning the entire twentieth century and encompassing immigration policies, the nationalistic fallout from both world wars, the civil rights movement, and nation building efforts in the postcolonial era, *The Liberty of Strangers* advances a major new interpretation of American nationalism and the future prospects for diverse democracies. — *Handbook of Multicultural Counseling Competencies* Jennifer A. Erickson Cornish, Barry A. Schreier, Lavita I. Nadkarni, Lynett Henderson Metzger, Emil R. Rodolfa, 2010-08-13

A THOROUGH AND CONTEMPORARY EXPLORATION OF ISSUES FUNDAMENTAL TO MULTICULTURAL COMPETENCY *Handbook of Multicultural Counseling Competencies* draws together an expert group of contributors who provide a wide range of viewpoints and personal experiences to explore the identification and development of specific competencies necessary to work effectively with an increasingly diverse population. Beginning with a Foreword by Derald Wing Sue, this unique handbook offers a broad, comprehensive view of multiculturalism that is inclusive and reflective. The coverage in this important book lies beyond the scope of traditionally defined multiculturalism, with discussion of historically overlooked groups that have experienced prejudice and bias because of their size, social class, age, language, disability, or sexual orientation. This book provides readers with practical cases and examples to enhance skill development, promote critical thinking, and increase awareness. A cross section of diversity characteristics and best practice guidelines. Examination of detailed developmentally relevant competency categories. Resources and exercises designed for practitioners at various levels of experience and expertise. A forum for debate, discussion, and growth. Designed to help readers enhance general multicultural competency and their ability to provide services to the populations specifically described. This thought-provoking text will prove useful in facilitating ongoing dialogues about multicultural competence in all its variations. — *Dictionary of American Young Adult Fiction, 1997-2001* Agnes Regan Perkins, 2004-03-30

New Millennium "mulattas" Ralina Landwehr Joseph, 2005 Gendered Dynamics in Latin Love Poetry

Ronnie Ancona, Ellen Greene, 2005-11-18 In recent decades Latin love poetry has become a significant site for feminist and other literary critics studying conceptions of gender and sexuality in ancient Roman culture This new volume the first to focus specifically on gender dynamics in Latin love poetry moves beyond the polarized critical positions that argue that this poetry either confirms traditional gender roles or subverts them Rather the essays in the collection explore the ways in which Latin erotic texts can have both effects shifting power back and forth between male and female If there is one conclusion that emerges it is that the dynamics of gender in Latin amatory poetry do not map in any single way onto the cultural and historical norms of Roman society In fact as several essays show there is a dialectical relationship between this poetry and Roman cultural practices By complicating the views of gender dynamics in Latin love poetry this exciting new scholarship will stimulate further debates in classical studies and literary criticism with its fresh perspectives
