## **From Fear To Faith:**

From Fear to Faith Julie Klenk, 2019      From Fear to Faith Joel L. Watts, Travis Milam, 2013-05-13 There is a stereotype of a young zealous Christian who feels called to the ministry as a pastor goes to seminary and then loses his faith as he studies the writings of all those intellectuals and theologians. The stereotype may not be accurate but there are those who fit this description not to mention many who leave home for college as passionate Christians and come home unbelievers. More importantly that stereotype represents a fear the fear that too much education or contact with those whose beliefs differ from those of a particular community will cause someone to lose their faith. But there is another group much larger but not heard nearly as frequently. This group consists of people who have gone from the position of fear that creates the stereotype to a position of faith a faith that is no longer afraid of that outer darkness that looms outside the walls of their religious community. Indeed they may not perceive any looming darkness at all. From Fear to Faith edited by Travis Milam and Joel L. Watts gives voice to that too often unheard group. It is a collection of essays from those who have lived in fear have faced the looming dark collided with their share of brick walls but have come out with a new found faith and undismayed trust. The journeys of faith presented in this book reveal a group deeply insightful and grounded minds rich in thriving spirituality joy and hope. Where there was once trepidation in asking the tough questions of human existence of the divine relationship with creation there is now a certain hope found when these authors have struggled to overcome canyons of fear leaving behind a life of black and white certitude to live in a beautiful world of gray. They have learned that having questions and even doubts does not reflect a lack of faith. Rather hiding in fear from the serious questions indicates a lack of faith in the one who said "Don't be afraid. Come join in this journey from fear to faith."

**From Fear to Faith** Christopher Rory Page, 2014-01-17  
CHRISTOPHER RORY PAGE Two bodies two souls and an inspiring four way conversation between contrasting mortals as they journey through the African bush and discover the way from Fear to faith. The author awakens one morning riddled with fear from a deafening noise outside his bungalow window. This is the beginning of an exploration into the self as he meets a primitive man who proves that there is more to someone than meets the eye. A non verbal form of communication develops between as the two men dissect the concept of fear based on age old theories and beliefs. The reader is introduced to the Ukuesaba Isitebhisa which translated from Zulu means Fear Ladder. This shows the progression of fear from the most superficial to the most concrete. The common denominator to minimise the fear on all levels is to instil faith in various forms. From Fear to faith is an inspiring story and teaches as much as it entertains. Light hearted moments dispersed with simple truths make it must read for anyone who aims to minimise the fears in their lives which prevent them from being who they were born to be.
