Fighting Juvenile Gun Violence, 2000 *America's Gun Wars* Donald J. Campbell, 2019-04-10 This book examines the controversies surrounding gun control which are less about whether it works and more about whether the nation should prioritize traditional values of rugged independence or newer values of communitarian interdependence America s Gun Wars contends that an understanding of America s gun controversy cannot be found in statistics documenting the rise or fall of violent crime or in examining trade offs between societal needs and personal safety or in following the political maneuvering of advocacy groups such as the National Rifle Association or Everytown for Gun Safety At heart the gun controversy is a values conflict involving how people

see themselves and how they make sense of the world they live in Understanding this controversy requires a deep analysis of the profoundly different cultures inhabited by pro and anti gun activists lawmakers and voters Written by a social scientist who has spent his life exploring how values and self perceptions impact behavior this book explores the origins and evolution of cultures in American society the beliefs experiences and principles that guide the behavior of members in both camps and the triumphs and failures that the two sides have experienced from colonial times to the present day Handbook of Gun Violence Nicholas D Thomson,2024-10-24 Handbook of Gun Violence provides a comprehensive review of the complex world of gun violence From its roots in epidemiology and public health to the intricacies of biopsychosocial risk factors to criminological and forensic considerations this book offers an interdisciplinary exploration of a pressing societal issue Sections cover everything from the history of firearm injury prevention research to the social political and policy implications surrounding gun violence This book focuses on evidence based strategies and emerging research areas and equips readers with the knowledge needed to navigate the complexities of gun violence prevention intervention research and policy With contributions from leading experts across various fields including scientists from the CDC and NIH this handbook provides invaluable insights into understanding preventing and addressing gun violence Provides an extensive review of gun violence statistics and trends Examines the biopsychosocial risk and protective factors for violence in youth and adults Reviews evidence based intervention and prevention programs for gun violence Assesses global policies for gun violence prevention and discusses the impact of funding and research on violence prevention **Goal-based Decision Making** Stephen Slade,2013-06-17 This work presents a goal based model of decision making in which the relative priorities of goals drive the decision process a psychological alternative to traditional decision analysis Building on the work of Schank and Abelson the author uses goals as the basis for a model of interpersonal relations which permits decisions to incorporate personal and adopted goals in a uniform manner The theory is modelled on the VOTE computer program which simulates Congressional roll call voting decisions The VOTE program expands traditional decision making and simulation models by providing not only a choice but also a natural language explanation in either English or French It simulates real members of Congress voting on real bills and producing reasonable explanations The program is consistent with much of the descriptive political science literature on Congressional decision making and provides an explicit model of political issues relationships and strategies that converge in voting behavior In developing the VOTE program the author draws on his own practical experience in politics from four presidential campaigns and the White House Given the underlying psychological basis of the program VOTE can be extended to other decision making domains different from politics Another use for the program is to simulate business decisions such as securities analysis as well as mundane decision making such as choosing a college or deciding whether to get a Mohawk haircut *Readings in the Philosophy of Technology* David M. Kaplan,2009-10-16 Ideal for professors who want to provide a comprehensive set of the most important readings in the philosophy of technology from

foundational to the cutting edge this book introduces students to the various ways in which societies technologies and environments shape one another The readings examine the nature of technology as well as the effects of technologies upon human knowledge activities societies and environments Students will learn to appreciate the ways that philosophy informs our understanding of technology and to see how technology relates to ethics politics nature human nature computers science food and animals

Promising Strategies to Reduce Gun Violence David I. Sheppard,1999 Culmination of a survey and review conducted by a U S Department of Justice Work Group and COSMOS Corporation

Gun Politics in America Harry L. Wilson,2025-02-06 This two volume collection brings together 129 essential primary sources for understanding the history and evolution of gun rights and gun control in the USA from the colonial era to the present Every featured document is accompanied by explanatory materials that help readers understand the social and political context in which it appeared Utilizing a blend of important political speeches Supreme Court opinions agency reports and congressional testimony this set provides readers with a front row seat to observe the complex and often surprising evolution of gun ownership gun culture and gun politics in the USA This fascinating history is examined through primary source documents covering centuries of American history from colonial laws regulating firearms through the era of Prohibition and the rise of organized crime to congressional hearings on gun control in the wake of the 2022 mass shooting in Uvalde Texas The set includes 19 new primary sources that shine a spotlight on notable events in the debate over guns since the first edition was published in 2016 including important developments during the first Trump presidency the pandemic and the opening years of the Biden administration

Pandora's Hope Bruno Latour,1999-06-30 A scientist friend asked Bruno Latour point blank Do you believe in reality Taken aback by this strange query Latour offers his meticulous response in Pandora s Hope It is a remarkable argument for understanding the reality of science in practical terms In this book Latour identified by Richard Rorty as the new b te noire of the science worshipers gives us his most philosophically informed book since Science in Action Through case studies of scientists in the Amazon analyzing soil and in Pasteur s lab studying the fermentation of lactic acid he shows us the myriad steps by which events in the material world are transformed into items of scientific knowledge Through many examples in the world of technology we see how the material and human worlds come together and are reciprocally transformed in this process Why Latour asks did the idea of an independent reality free of human interaction emerge in the first place His answer to this question harking back to the debates between Might and Right narrated by Plato points to the real stakes in the so called science wars the perplexed submission of ordinary people before the warring forces of claimants to the ultimate truth

Private Guns, Public Health, New Ed. David Hemenway,2017-08-07 On an average day in the United States guns are used to kill over ninety people and wound about three hundred more yet such facts are accepted as a natural consequence of supposedly high American rates of violence Private Guns Public Health reveals the advantages of treating gun violence as a consumer safety and public health problem an approach that emphasizes prevention

over punishment and that has successfully reduced the rates of injury and death from infectious disease car accidents and tobacco consumption Hemenway fair mindedly and authoritatively outlines a policy course that would significantly reduce gun related injury and death pointing us toward a solution **Guns 360** Christopher M. Bellas, Eric S. See, Sarah A. See, 2022-06-22 **Guns 360** takes a comprehensive and common sense approach to some of the most difficult issues facing not only the criminal justice system but also society as a whole firearm possession regulation and control Issues related to firearms cut across all dimensions of society and are a concern to everyone from the members of the general public law enforcement academics politicians public health agencies and the media An interdisciplinary approach is needed to fully understand and appreciate the many facets related to firearms Firearm related issues cover more than mere ownership and possession School shootings and mass shootings dominate the headlines and cause fear for both parents and students Firearm regulation and licensing divide politicians and create solid one issue voting blocks Firearms used in domestic violence incidents and weapons owned and used by the mentally ill generate more victims than solutions The marketing messaging and purchasing of firearms are all shaped by a variety of criminological sociological and psychological forces used to influence commercial behavior This book combines academics in the fields of criminology psychology sociology philosophy economics communications with practical experts with law enforcement military management forensics public health medicine and digital forensics backgrounds This multidisciplinary approach has been brought together to further our understanding of firearms and their impacts on our society from every angle Firearms will never disappear nor will the controversy surrounding them suddenly turn into agreement What can be accomplished however is an increased knowledge understanding and discussion of the complex topics involved within these debates *Firearms Legislation* United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, 1975 *Urban Gun Violence* Melvin Delgado, 2023-04-11 Ecologically focused interventions have taken center stage in addressing a range of social problems This book synthesizes the latest research and theoretical advances of these approaches to offer multiple urban green revitalization strategies for combatting gun violence that is primarily impacting African American Black Asian American and Latinx urban communities across the nation Solutions include the introduction of greenspaces greening conversion of distressed buildings and vacant lots and other structural changes to a community This resource provides readers with a centralized place to draw upon research findings and includes illustrative case studies Current and future social workers and other helping professionals will be able to work more effectively with the communities of color they serve to bolster interventions and advocate against gun violence *Gun Control* Angela Valdez, 2009 The debate over whether or not the Constitution guarantees the right of an individual to bear arms has raged for decades Concerns for public safety often clash with the argument that guns are necessary for self defense This text examines these issues an *Physics And Applications Of High Brightness Electron Beams, The - Proceedings Of The 46th Workshop Of The Infn Eloisatron Project* Luigi
