From Gottsched To Goethe Changes In The Social Function Of The Poet And Poetry:

From Gottsched to Goethe Marvin Bragg, 1984 A study beginning with the formative influence of Lutheranism as interpreted by Thomasius and Wolff upon German society The ethical and aesthetic motivation of the poet accordingly was to instruct the average reader in a moral structuring of his life Literature quite willingly held to these constraints However a growing awareness of the aesthetic dimensions of literature began almost immediately in the objections of Bodmer Breitinger to Gottsched's first formulations Klopstock and Lessing marked the final overcoming of the tenets of the Enlightenment Hamann and Herder provided the theoretical basis of a new aesthetic revolution but the culminating accomplishment was provided by the literary example of Goethe With Goethe Germany had captured the impetus of world literature **A**

Woman's Voice in Baroque Music: Mariane von Ziegler and J.S. Bach Mark A. Peters, 2017-07-05 At the end of his second year in Leipzig J S Bach composed nine sacred cantatas to texts by Leipzig poet Mariane von Ziegler 1695-1760 Despite the fact that these cantatas are Bach's only compositions to texts by a female poet the works have been largely ignored in the Bach literature Ziegler was Germany's first female poet laureate and the book highlights her significance in early eighteenth century Germany and her commitment to advancing women's rights of self-expression Peters enriches and enlivens the account with extracts from Ziegler's four published volumes of poetry and prose and analyses her approach to cantata text composition by arguing that her distinctive conception of the cantata as a genre encouraged Bach's creative musical realizations In considering Bach's settings of Ziegler's texts Peters argues that Bach was here pursuing a number of compositional procedures not common in his other sacred cantatas including experimentation with the order of movements within a cantata with formal considerations in arias and recitatives and with the use of instruments as well as innovative approaches to Vox Christi texts and to texts dealing with speech and silence **A Woman's Voice in Baroque Music** is the first book to deal in depth with issues of women in music in relation to Bach and one of the few comprehensive studies of a specific repertory of Bach's sacred cantatas It therefore provides a significant new perspective on both Ziegler as poet and cantata librettist and Bach as cantata composer *The Elusiveness of Tolerance* Peter R. Erspamer, 2020-05-01 Peter Erspamer explores the Jewish question in German literature from Lessing's Nathan der Weise in 1779 to Sessa's Unser Verkehr in 1815 He analyzes the transition from an enlightened emancipatory literature advocating tolerance in the late eighteenth century to an anti-Semitic literature with nationalistic overtones in the early nineteenth century Erspamer examines Nathan in light of Lessing's attempts to distance himself from the excesses of his own Christian in-group through pariah identification using an idealized member of an out-group religion as a vehicle to attack the dominant religion He also focuses on other leading advocates of tolerance and explores changes in Jewish identity particularly the division of German Jewry into orthodox Jews adherents of the Haskalah and converted Jews **A Woman's Voice in Baroque Music: Mariane von Ziegler and J.S.
