

The background of the slide is a photograph of a garden. A wooden fence runs across the middle ground, with a path leading through it. To the left, there are vibrant red flowers, possibly geraniums, in bloom. The ground is covered with fallen leaves, suggesting an autumn setting. The sky is a clear, bright blue.

From Here To Heaven:

From Here to Heaven Sarah J. Hartrum - Decareaux,2015-12-07 On a cold January morning in 2013 Sarah Hartrum Decareauxs husband Dave and two of their sonsDominic ten and Grant eightwent to heaven in a hiking accident As the second anniversary approached she asked God to prepare her spirit for the days ahead The Holy Spirit led her to start typing and the legacy of her loved ones was birthed This is the story of the Decareaux familyfrom their golden days as a homeschooling military family traveling across Europe to tragedyto crawling walking and being carried back to life toward triumph This is a story of unspeakable loss and of hope of pain and of healing of godly defiance and of daring to learn to live again in the face of seemingly unbearable grief This is the story of abundant lifeand the best yet to come *From Here to Heaven* Walker Thomas,2013-03-05 FROM HERE TO HEAVEN BY PRACTICING THE PRINCIPLES OF A COURSE IN MIRACLES describes in great detail the various levels of attainment that are necessary over our long journey on which we learn to do the Will of God This and the five other teaching manuals are offered here in order to simplify A COURSE IN MIRACLES However nothing will make it easy to learn the concepts other than years of applied study The first three teaching manuals for A COURSE IN MIRACLES offer the simplest concepts for beginners and the last three manuals offer more difficult concepts for advanced students more advanced students and most advanced students of MIRACLES This present book is the third of the three simplest manuals that are all designed to offer the easiest selection of materials to understand MIRACLES so as to give a reader the best possible introduction to the fascinating world of MIRACLES without becoming knee deep in overly difficult material In order to accomplish this objective this book starts out with quotes by Jesus on a number of topics which will help to establish his authorship of MIRACLES Then it describes the basic dichotomy between the two voices that each of us must choose from which will lead us to experience either to heaven or to hell those voices being the Holy Spirit or the ego Then it turns to the rewards of choosing to follow the guidance of the Holy Spirit until we find ourselves at the Gates of Heaven Moreover most of this book focuses on the central issue of life which is making this choice between the pathways of life offered by the Holy Spirit and the ego Because this text is fairly easy to understand with only a moderate amount of study you as the reader are given the opportunity to use your study time wisely to prepare yourself for a central decision in your life that will be critically instrumental in determining whether you experience hell or experience heaven as a result of your life decisions So studying the teachings in this book is a very wise investment of your time Becoming God's Children M. D. Faber,2010-04-15 M D Faber presents a meticulous unremitting inquiry into the psychological direction from which Christianity derives its power to attract and hold its followers *Becoming God s Children Religion s Infantilizing Process* was written its author says to alert readers to the role of infantilization in the Judeo Christian tradition generally and in Christian rite and doctrine particularly Because religion plays such an important role in so may lives it is essential to understand the underlying appeal and significance of religious doctrines To that end *Becoming God s*

Children offers the reader an in depth account of human neuropsychological development while unearthing the Judeo Christian tradition s explicitly infantilizing doctrines and rites This compelling perspective on the nature and meaning of religious behavior explores issues such as to what extent religious faith is grounded in the mnemonic recesses of the worshipper s brain whether believers are predisposed by both genetic makeup and environmental prompting to adhere to their religious convictions and why some individuals are powerfully drawn to religious faith while others reject it A final chapter explores the implications of religion s infantilizing process vis a vis the role of reason and scientific thought in the contemporary world Complete Works Richard Sibbes,1862 **Irish Monthly Magazine** ,1879 *Ripe Musings* Lucian Krukowski,2011-09-28 Musings are recollections of memories of dreams of ideas Such recollections are persistent because they remain unresolved whether as concepts about the world or as actions taken or avoided in art life and love My musings are ripe because I have been chewing on them for many years I am an old painter and a somewhat younger philosopher and I remain concerned with how these fit together So my first essay is about my journey through the landscape of such fitting This done I take on some art of our and other times that I revere or dislike Then as I am not a believer in straight paths I go on to muse on how the world was before it began and how it will be after it ends and how we can be who s and whats in places that are not the same I return to art to argue against theories that champion brain over mind and I enlist my artist dog to illustrate my argument My musings end with a broader journey that pits the alternate societies of crooked and straights in their strivings for fulfillment and their needs on occasion to come together **Heaven's Gate** Benjamin E. Zeller,2014-10-31 In March 1997 thirty nine people in Rancho Santa Fe California ritually terminated their lives To outsiders it was a mass suicide To insiders it was a graduation The author explores the question of why the members of Heaven s Gate committed ritual suicides and examines the origin and evolution of the religion its appeal and practices **Classical Chinese Poetry** David Hinton,2014-06-10 A magisterial book of nearly five hundred poems from some of history s greatest Chinese poets translated and edited by a renowned poet and scholar New Republic The Chinese poetic tradition is the largest and longest continuous tradition in world literature This rich and far reaching anthology of nearly five hundred poems provides a comprehensive account of its first three millennia 1500 BCE to 1200 CE the period during which virtually all its landmark developments took place Unlike earlier anthologies of Chinese poetry Hinton s book focuses on a relatively small number of poets providing selections that are large enough to re create each as a fully realized and unique voice New introductions to each poet s work provide a readable history told for the first time as a series of poetic innovations forged by a series of master poets David Hinton has lured into English a new manner of hearing the great poets of that long glory of China s classical age His achievement is another echo of the original and a gift to our language W S Merwin **The Delights of Wisdom Pertaining to Conjugal Love** Emanuel Swedenborg,1856 The Complete Works of Richard Sibbes, D.D.: Bowels opened, or, expository sermons on canticles IV. 16, V, VI Richard Sibbes,1862 **The Journey of**

Desire John Eldredge, 2000-03-06 Sometimes it seems we just can't get what we want. Circumstances thwart our best laid plans. We struggle to live a heartfelt life. Worst of all, says Eldredge, the modern church mistakenly teaches its people to kill desire, calling it sin and replace it with duty or obligation, calling it sanctification. As a result, at best Christians tend to live safe, boring lives of resignation. At worst, their desire eventually breaks out in destructive ways such as substance abuse, affairs, and pornography addictions. In *The Journey of Desire*, Eldredge invites readers to rediscover God, given desire and to search again for the life they once dreamed of.

Latin Commentaries on Revelation Victorinus of Petovium, Apringius of Beja, Caesarius of Arles, Bede the Venerable, 2011-11-04 In this volume of the Ancient Christian Texts series, William Weinrich renders a particular service to readers interested in ancient commentary on the Apocalypse by drawing together significant Latin commentaries from Victorinus of Petovium, Caesarius of Arles, Apringius of Beja, and Bede the Venerable.

Hymns and the Christian Myth Lionel Adey, 2011-11-01 From its beginnings in the Bible, Christian hymnology has fulfilled three functions: praise, recital, and teaching of the Myth, and collective and personal adoration, as well as the foundation and worship of the church. In *Hymns and the Christian Myth*, Lionel Adey demonstrates that over the centuries, shifts emphasizing particular elements of the Christian faith accord with the interests and concerns of the times in which the hymns were composed. Using a broad range of texts, Adey deals with major themes of every period from biblical times to the early twentieth century. In tracing the changes in representation of the Father, Son, Holy Spirit, and Four Last Things in early and medieval Latin hymns, post-Reformation chorales, and psalm-based hymns, and English hymns from the time of Watts, the book shows an increasing sense of personal response to the Incarnation and Passion of Christ and of participation in His redemptive work. Chapters on hymnody of the Nativity and Passion illustrate the tendency of monastic poets, the Learned tradition, to focus on dogma, mystery, and paradox, and carolists, the Popular tradition, to convey devotional tenderness. Those on hymnody of the Holy Spirit illustrate a shift through the medieval period from representing Pentecostal events to exploring their spiritual meaning. During the Reformation and the Evangelical Revival, the weight of hymnody shifts first to the Father and then to the Son's Passion and Atonement, applied personally and inwardly, re-lived by the convert. Most consistently, hymnic representations of the Last Things shift their focus from collective to individual judgement, from death as sleep until the general awakening to death as instant passage to reunion with family and friends. As a hymnologist rather than a theologian, Adey makes no pronouncements on the truth of Christian beliefs. His focus is on how poets have expressed them over two millennia. As such, the book will interest not only students of religion but also those in such related disciplines as literature, psychology, history, and sociology.

The Origins of the World's Mythologies E.J. Michael Witzel, 2012-12-13 This remarkable book is the most ambitious work on mythology since that of the renowned Mircea Eliade, who all but single-handedly invented the modern study of myth and religion. Focusing on the oldest available texts, buttressed by data from archeology, comparative linguistics, and human population genetics, Michael Witzel reconstructs a single original African

source for our collective myths dating back some 100 000 years Identifying features shared by this Out of Africa mythology and its northern Eurasian offshoots Witzel suggests that these common myths recounted by the communities of the African Eve are the earliest evidence of ancient spirituality Moreover these common features Witzel shows survive today in all major religions Witzel s book is an intellectual hand grenade that will doubtless generate considerable excitement and consternation in the scholarly community Indeed everyone interested in mythology will want to grapple with Witzel s extraordinary hypothesis about the spirituality of our common ancestors and to understand what it tells us about our modern cultures and the way they are linked at the deepest level **The Choral Hymn-Book, Etc** Peter MAURICE (D.D.),1861
