chronicles of Prometheus Daedalus and Icarus Parzival and Lohengrin the Argonauts and the Odyssey and the heroic dragon slayer Siegfried From these focal points Rudolf Steiner discusses a variety of themes from the mysteries of the Druids and the founding of Rome to the esoteric background of Wolfram von Eschenbach from good and evil and the unjust death sentence on Socrates to the significance of marriage The second part of this book features lectures on the nature and significance of the musical dramas of Richard Wagner Wagner s works from his earliest attempts to his most mature opera Parsifal are discussed from spiritual viewpoints Although Wagner did not have a fully conscious awareness of the deeper meanings of his compositions Steiner suggests that his shaping of Germanic legends was driven by an instinctive creative and artistic certainty that accords with deep occult truths

Death and Reincarnation in Tibetan Buddhism Tanya Zivkovic,2013-10-08 Contextualising the seemingly esoteric and exotic aspects of Tibetan Buddhist culture within the everyday embodied and sensual sphere of religious praxis this book centres on the social and religious lives of deceased Tibetan Buddhist lamas It explores how posterior forms corpses relics reincarnations and hagiographical representations extend a lama s trajectory of lives and manipulate biological imperatives of birth and death The book looks closely at previously unexamined figures whose history is relevant to a better understanding of how Tibetan culture navigates its own understanding of reincarnation the veneration of relics and different social roles of different types of practitioners It analyses both the minutiae of everyday interrelations between lamas and their devotees specifically noted in ritual performances and the enactment of lived tradition and the sacred hagiographical conventions that underpin local knowledge A phenomenology of Tibetan Buddhist life the book provides an ethnography of the everyday embodiment of Tibetan Buddhism This unusual approach offers a valuable and a genuine new perspective on Tibetan Buddhist culture and is of interest to researchers in the fields of social cultural anthropology and religious Buddhist and Tibetan studies

From Incarnation to Re-Incarnation (Classic Reprint) Richard Ingalese,2017-12 Excerpt from From Incarnation to Re Incarnation In taking up a new study or in extending an old one a person is frequently confronted with views which may not harmonize with his preconceptions In this course of

lectures there is much which disagrees with the now accepted theological often mistakenly called social and scientific opinions and theories A liberal and progressive man without bias will examine new ideas before passing judgment upon them We therefore expect each student to withhold judgment until the end of the Course and until he is satisfied that he understands the presentation of the Occult Philosophy About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Astrological Studies on Reincarnation, Death Horoscopes and the Higher Essence of Rudolf Steiner Roland Schrapp, 2025-01-30 In his Karma lectures of 1924 Rudolf Steiner described earlier incarnations of historical personalities and significant experiences they had in the planetary spheres before their next birth The author explores how these experiences manifest in subsequent birth charts and investigates possible striking similarities between the birth and death charts of successive incarnations This is followed by similar investigations into the members of the first board of the General Anthroposophical Society whose previous incarnations are considered certain The book culminates in an examination of Rudolf Steiner's extraordinary individuality and his relationship with the masters of esoteric Christianity 100 years after Rudolf Steiner's death such insights can now be made public
