Portrait of a Past-Life Skeptic Robert L. Snow, 2015-11-08 A veteran police detective Robert Snow was devoted to evidence and hard facts he had never given any thought to reincarnation But during a hypnotic regression he experiences a vivid awareness of being alive in three separate historical scenes Remaining skeptical Snow begins to investigate with the intention of disproving reincarnation Instead diligent research and corroboration from multiple sources reveal solid evidence that he lived a former life as Carroll Beckwith a nineteenth century American artist Portrait of a Past

The book has remained a valuable source of information for those engaged in research and clinical practice since its publication. Although Dr. Morris Netherton is retired from full-time practice, his methods are continued at Past Life Therapy Center www.PastLifeTherapyCenter.com. Previously published as *Nine lives and counting*. **Reincarnation: Understand Karma, Old Souls and Past Life Experiences (Perform Spiritual Practices For Nirvana and Heaven)** Joseph Hanlon, 2022-07-05. This book is filled with different perspectives regarding reincarnation and allows you to reach your own conclusions. Does the idea of heaven and hell seem unlikely? The Wiccan belief may appeal more to your spiritual beliefs and offer an alternative view on the afterlife. The author explains soul mates, twin souls, soul groups, and reveals what our souls are doing when they are not incarnating. He revisits passages in the Bible about our origin and true nature, a nature that is not affected by the death of the physical body. Using sources from the Hindu Akashic Records and the Book of Life or Book of Remembrance, as well as Kabbalistic and Gnostic teachings, he gives us examples of how our soul sees life rather than our earthly self's view. But this book isn't just for the future; it's for the now. You'll learn practical lessons and spiritual insights such as philosophical answers to life's biggest questions backed by scientific discovery. What hypnosis is and how it can benefit you. How to reach the path that ends suffering, including healing from anxiety, depression, and fear. What ultimate enlightenment looks like and how to embrace it. And much more. Take a leap of faith and find out if you have lived a past life. Remember information that can be found when delving into your past lives is vast; there is no limit to what you may learn. This knowledge won't always be achieved easily, however, but with dedication and commitment, you can truly hope to see the most complete results. *Past Life Regression Therapy* Uma Devi, 2023-03-09. Past life regression therapy (PLRT) based on the concept of reincarnation is a modality for healing physical and mental ailments, most of which are believed to result from memories of past life traumatic experiences stored as blockages in our energy system. By reliving the experience, PLRT helps the subject dissolve and release the blockages through catharsis, thus restoring

their health This book describes the healing effects of PLRT with empirical data from twenty five case studies from the author s own experience demonstrating PLRT s efficacy in resolving diverse chronic health issues including physical diseases like asthma allergies thyroid disorders unexplained body pain etc This method can be successfully employed and can benefit even those who do not believe in past lives or reincarnation The simple language easy to comprehend presentation and explanations given at the end of the chapters are sure to make the subject appealing to the readers About the author P Uma Devi Ph D F N A Sc C Ht is an internationally recognized radiation biologist with an illustrious career spanning over thirty five years With over three hundred scientific papers and review articles published in reputed journals worldwide she is the recipient of several awards including the prestigious Pandit Jawaharlal Nehru National Award for Science and the Hanns Langendorff Medal Germany for her outstanding contribution to biomedical research She holds a diploma in clinical hypnotherapy of the California Hypnosis Institute USA As the founder of the Institute of Clinical Hypnosis she has been practising hypnotherapy for the last seventeen years and conducting training courses in clinical hypnotherapy She endeavours to demystify hypnosis and popularise hypnotherapy through writing lectures seminars and workshops This is her second book on the subject *Past Life Regression: Healing Relationship Patterns Through Past Life Regression (Remember Forgotten Memories and Access Emotional Healing With Sleep Hypnosis)* Michael Flowers,101-01-01 Past life regression therapy is built upon the idea that we re eternal beings that move from life to another in different place and time As perpetual spirits we come across bodily existence on earth in a series of persona and physical bodies On a spiritual level we choose every lifetime as a way to learn the lessons we ve to head off for ourselves Exploring our life in the past through a therapy for apparently inexplicable physical or mental issues is known as past life regression therapy It works together with beliefs of reincarnation and takes us back in earlier life to get a better understanding of our life we live in the present Inside you will discover How your previous lifetimes are deeply woven into your present discomfort gain insights for profound changes An immersive exploration into the fascinating realm of past life regression opening new pathways to comfort and renewal Strategies for setting powerful intentions that direct your subconscious toward relief and self realization Ways to tap into your soul s repository of records access your own google search the soul across timelines Hands on methods for revisiting your past lives shedding light on your present identity Past life regression hypnosis sessions can help you uncover your previous lives remember forgotten memories and access emotional healing to unlock unresolved emotional issues It s normal to feel a little apprehensive about exploring your past lives After all this is something that most people don t do every day But hypnotherapy is a very safe and effective way to access your subconscious mind so that you may overcome certain patterns of behaviour from previous incarnations **Past Life Astrology** Judy Hall,2023-11-02 Using the ancient Indian form of karmic astrology we can discover the effect of our past lives on the present This guide aims to impart the practical skills needed to see your own present day path according to the teachings of karma and reincarnation By calculating and

Past Life Healing Judy Sharp,2022-10-27 Do we live many lives and could trauma of the past still be affecting our health and wellbeing here and now The author was completely healed of her own severe claustrophobia in one session and now has decades of professional experience helping others with issues such as fear of flying to stubborn weight gain or lost libido The jury is out on regression therapy with sceptics claiming that clients are simply making up stories It seems hard to believe though that the deeply relaxed non rational mind could invent the level of detail described here accompanied by powerful emotions and physical reactions Is the client rather accessing an archetype the collective unconscious or Akashic Records For the author the bottom line is simply that in all cases the journeys proved effective in their healing Her mantra is Find the root cause Resolve it at source Move on with your life

Past Life Regression And Reincarnation Prajna Narandani,2021 Between the two concepts of past life regression and reincarnation most people are probably more familiar with the latter However what few realize is that these two concepts are essentially linked with each other Reincarnation has to do with the rebirth of a soul If you believe that you will be reincarnated then death is nothing to be afraid of After all if reincarnation exists for you it only means that life is but one cycle after another and death is just a transition from a previous life to the next Get all the info you need here
