were eyewitnesses or associates and spoke of their experience of Jesus In this eighth volume author John Devine explains the practical relevance of these documents as they relate to effective everyday living He considers the relevance of creation and science as well as Gods moral standard which is of vital importance in modern society These letters are shown to conform with the Gospels and the letters of Paul Hebrews explains the connection of the Old Testament with the First Coming of Jesus Revelation describes the fulfillment with the Second Coming of Jesus Gods plan for a relationship with the individual is explained with the means by which this was made possible by the death and resurrection of his Son The notes confirm that science and faith are complementary in giving purpose and meaning to life The expectation of eternal life is also assured
