From Death Row to Freedom Phillip A. Hubbard, 2023-06-13 Florida Book Awards Silver Medal for Florida Nonfiction Florida Historical Society Harry T and Harriette V Moore Award An insider's account of a wrongful conviction and the fight to overturn it during the civil rights era This book is an insider's account of the case of Freddie Pitts and Wilbert Lee two Black men who were wrongfully charged and convicted of the murder of two white gas station attendants in Port St Joe Florida in 1963 and sentenced to death Phillip Hubbard a defense lawyer for Pitts and Lee for more than 10 years examines the crime the trial and the appeals with both a keen legal perspective and an awareness of the endemic racism that pervaded the case and obstructed justice Hubbard discusses how the case against Pitts and Lee was based entirely on confessions obtained from the defendants and an alleged eyewitness through prolonged violent interrogations and how local authorities repeatedly rejected later evidence pointing to the real killer a white man well known to the Port St Joe police The book follows the case's tortuous route through the Florida courts to the defendants' eventual exoneration in 1975 by the Florida governor and cabinet From Death Row to Freedom is a thorough chronicle of deep prejudice in the courts and brutality at the hands of police during the civil rights era of the 1960s Hubbard argues that the Pitts Lee case is a piece of American history that must be remembered along with other similar incidents in order for the country to make any progress toward racial reconciliation today Publication of this work made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities

*Killing Time* John Hollway, Ronald M. Gauthier, 2010-05-18 In 1984 John Thompson was convicted and sentenced to death for the murder of a prominent white man in New Orleans Louisiana He was sent to Angola Prison and confined to his cell for twenty three hours a day However Thompson adamantly proclaimed his innocence and just needed lawyers who believed that his trial had been mishandled and would step up to the plate against the powerful DA's office But who would fight for Thompson's innocence when he didn't have an alibi for the night of the murder and there were two key witnesses to confirm his guilt Killing Time is about the eighteen year quest for Thompson's freedom from a wrongful murder conviction After Philadelphia lawyers Michael Banks and Gordon Cooney take on his case they struggle to find areas of misconduct in his previous trials while grappling with their questions about Thompson's innocence John Hollway and Ronald M Gauthier have interviewed Thompson and the lawyers and paint a realistic and compelling portrait of life on death row and the corruption in the Louisiana police and DA's office When it is found that evidence was mishandled in a previous trial that led to his death sentence in the murder case Thompson is finally on his road to freedom a journey that continues with his suit against Harry Connick Sr and the New Orleans DA's office to this day

**From Death Row to Freedom** David Wainapel, 1984-01-01 **Live from Death Row** Mumia Abu-Jamal, 1996-06-01 Once a prominent radio reporter Mumia Abu Jamal is now in a Pennsylvania prison awaiting his state sanctioned execution In 1982 he was convicted and sentenced to death for the murder of Philadelphia police officer Daniel

Faulkner after a trial many have criticized as profoundly biased *Live From Death Row* is a collection of his prison writings an impassioned yet unflinching account of the brutalities and humiliations of prison life It is also a scathing indictment of racism and political bias in the American judicial system that is certain to fuel the controversy surrounding the death penalty and freedom of speech

*Finding Freedom* Jarvis Jay Masters, 2020-07-14 There are many forms of liberation some that exist at the mercy of circumstance and others that can never be taken away In this stirring and timely collection of stories essays poems and letters Jarvis Jay Masters explores the meaning of true freedom on his road to inner peace through Buddhist practice He reveals his life as a young African American man surrounded by violence his entanglement in the criminal justice system and following an encounter with Tibetan Buddhist teacher Chagdud Tulku Rinpoche an unfolding commitment to nonviolence and peacemaking At turns joyful heartbreaking frightening and soaring with profound insight Masters's story offers a vision of hope and the possibility of freedom in even the darkest of times

*Smoke But No Fire* Jessica S. Henry, 2021-10-05 2020 Foreword INDIES Book of the Year Awards Winner Silver Political and Social Sciences Winner of the Montaigne Medal awarded to the most thought provoking books The first book to explore a shocking yet all too common type of wrongful conviction one that locks away innocent people for crimes that never actually happened Rodricus Crawford was convicted and sentenced to die for the murder by suffocation of his beautiful baby boy After years on death row evidence confirmed what Crawford had claimed all along he was innocent and his son had died from an undiagnosed illness Crawford is not alone A full one third of all known exonerations stem from no crime wrongful convictions The first book to explore this common but previously undocumented type of wrongful conviction *Smoke but No Fire* tells the heartbreaking stories of innocent people convicted of crimes that simply never happened A suicide is mislabeled a homicide An accidental fire is mislabeled an arson Corrupt police plant drugs on an innocent suspect A false allegation of assault is invented to resolve a custody dispute With this book former New York City public defender Jessica S Henry sheds essential light on a deeply flawed criminal justice system that allows even encourages these convictions to regularly occur *Smoke but No Fire* promises to be eye opening reading for legal professionals students activists and the general public alike as it grapples with the chilling reality that far too many innocent people spend real years behind bars for fictional crimes

*Executing Freedom* Daniel LaChance, 2016-11-18 Breaks new ground shows compellingly and convincingly that punishment provides a major gateway to exploring a society and culture *Journal of American History* In the mid 1990s as public trust in big government was near an all time low 80% of Americans told Gallup that they supported the death penalty Why did people who didn't trust government to regulate the economy or provide daily services nonetheless believe that it should have the power to put its citizens to death That question is at the heart of *Executing Freedom* a powerful wide ranging examination of the place of the death penalty in American culture and how it has changed over the years Drawing on an array of sources including congressional hearings and campaign speeches true crime classics like *In Cold Blood* and films like *Dead Man Walking*

Daniel LaChance shows how attitudes toward the death penalty have reflected broader shifts in Americans thinking about the relationship between the individual and the state Emerging from the height of 1970s disillusion the simplicity and moral power of the death penalty became a potent symbol for many Americans of what government could do and LaChance argues fascinatingly that it is the very failure of capital punishment to live up to that mythology that could prove its eventual undoing in the United States Fiercely provocative A must read for socio legal studies and punishment scholars who want to know more about how the phenomenon of capital punishment took on a life of its own in the modern US cultural imagination Theoretical Criminology We Want Freedom Mumia Abu-Jamal,2004 In his youth Mumia Abu Jamal helped found the Philadelphia branch of the Black Panther Party wrote for the national newspaper and began his life long work of exposing the violence of the state as it manifests in entrenched poverty endemic racism and unending police brutality and celebrating a people s unending quest for freedom In We Want Freedom Mumia combines personal experience with extensive research to provide a compelling history of the Black Panther Party what it was where it came from and what rose from its ashes Mumia also pays special attention to the U S government s disruption of the organization through COINTELPRO and similar operations While Abu Jamal is a prolific writer and probably the world s most famous political prisoner this book is unlike any of Mumia s previous works In We Want Freedom Abu Jamal applies his sharp critical faculties to an examination of one of the U S s most revolutionary and most misrepresented groups A subject previously explored by various historians and forever ripe for insider accounts the Black Panther Party has not yet been addressed by a writer with the well earned international acclaim of Abu Jamal nor with his unique combination of a powerful even poetic voice and an unsparing critical gaze Abu Jamal is able to make his own Black Panther Party days come alive as well as help situate the organization within its historical context a context that included both great revolutionary fervor and hope and great repression In this era when the US PATRIOT Act dismantles some of the same rights and freedoms violated by the FBI in their attack on the Black Panther Party the story of how the Party grew and matured while combating such invasions is a welcome and essential lesson

Odyssey to Freedom George Bizos,2011-12-02 In October 1941 a young boy and his father disembarked at Durban harbour from a large liner commissioned into emergency service by the Allies They were Greek refugees from their German occupied motherland They spoke no English They had little money and no prospects They were heroes but no one knew that Some months earlier father and son together with two other Greek men and seven New Zealand soldiers had set off in an open boat in an attempt to escape the German invaders For two days and nights sailing by instinct and the stars battered by fierce winds their food stocks running low their water bottles almost empty they ploughed across the Mediterranean towards Crete little knowing that the island was soon to capitulate to the Germans Fortunately the escapees sailed into an Allied fleet while it was still light and were rescued Had they encountered the fleet in darkness their fate might have been dire as sometimes in the horrors of war no prisoners were taken a reality the young boy discovered not many nights later The boy

who stood on the Durban docks appalled at the sight of Zulu men doing the work of animals by pulling rickshaws would become one of the leading human rights lawyers in the country that his father had chosen because the pavements were allegedly paved with gold The boy was George Bizos Today George Bizos is a legendary name renowned throughout the legal profession and beyond More than that he is a figure recognised in townships across South Africa For as an advocate Bizos is associated with the Treason Trial of the late 1950s the subsequent Rivonia Trial where his colleague client and friend Nelson Mandela was sentenced to life imprisonment the trial of Bram Fischer that of the Namibian Toivo ja Toivo a host of major human rights trials through the 1970s and 1980s right up to the amnesty hearings of the Truth and Reconciliation Commission and in 2004 with the treason trial of the Zimbabwean opposition leader Morgan Tsvangirai in that country A consummate lawyer a self styled street fighter with a quiet tone of voice and a beguiling smile who in cross examination would slice through the evidence of security police and apartheid apologists alike Bizos haunted the courtrooms of the apartheid regime For four decades he exposed State lies and hypocrisy State brutality and murder In response the State badgered and threatened him bugged his phone obstructed his hearings But the advocate was not to be intimidated In this compelling and long awaited autobiography George Bizos reveals the drama the heartache and the moments of triumph the fears and the frustrations of his long career as an advocate He writes moreover about himself and his family and the domestic moments that made bearable the brutal years He revels in his return to his beloved Greece his joy at the Athens Olympic Games and his love of modern Greek poetry Above all his is a warm and compassionate account related by a raconteur of note It is history told from the inside
