Speedlights & Speedlites Lou Jones, 2012-11-12 Canon Speedlites and Nikon Speedlights are small off camera flashguns that can provide big results if you know how to use them properly Acclaimed Boston photographers Lou Jones Bob Keenan and Steve Ostrowski guide you through the technical and creative aspects of how to get the most out of these powerful tools in this indispensable guide packed full of inspirational images and comprehensive diagrams of the lighting set ups used to capture them They are significantly more advanced lighter and considerably cheaper than a standard flashgun and have many advantages They are small and cheap enough that a number can be carried in your kit and they can be used in combination triggered wirelessly They use through the lens TTL metering which allows you to use the in camera LCD and histograms to calculate the required power direction rather than having to use a light meter or trial and error They use proprietary dedicated technology from Canon and Nikon that means there are no compatibility issues Getting the most out of them however remains a mystery most photographers still just use their speedlights in the same way as a standard flash gun This is where this book comes in

Masters of Political Science Donatella Campus, Gianfranco Pasquino, 2009-09-01 For a while now political science as a discipline has been big enough in terms of the number of academics and analytically mature enough to justify reflections on and reviews of its achievements In fact there is no lack of general handbooks dictionaries and state of the art assessments as well as reflective journals such as the ECPR's own European Political Science which are useful in helping us to understand and evaluate where we currently are and where we might still need to go The focus of these texts however is on particular concepts themes research areas institutions or behaviour What they rarely do is indulge in a critical reflection on the political scientists themselves especially those who are commonly accepted as having made the most significant contributions to the growth of their discipline This book fills an important gap in the growing reflective literature on the political science discipline it consists of a series of objective profiles of the Masters of Political Science written by political scientists who have read and studied their work and who are therefore in a position to evaluate the nature of their contributions The Masters Robert Dahl Anthony Downs David Easton S E Finer Samuel P Huntington Juan J Linz Seymour Martin Lipset Giovanni Sartori Sidney Verba Aaron Wildavsky Hans Morgenthau Masters of Political Science was originally published in Italian by il Mulino Publishing House

Chicano Art Inside/Outside the Master's House Alicia Gaspar de Alba, 2010-07-05 In the early 1990s a major exhibition Chicano Art Resistance and Affirmation 1965-1985 toured major museums around the United States As a first attempt to define and represent Chicano art for a national audience the exhibit attracted both praise and controversy while raising fundamental questions about the nature of multiculturalism in the U S This book presents the first interdisciplinary cultural study of the CARA exhibit Alicia Gaspar de Alba looks at the exhibit as a cultural text in which the Chicano community affirmed itself not as a subculture within the U S but as an alter Native culture in opposition to the exclusionary and homogenizing practices of mainstream institutions She also shows how the

exhibit reflected the cultural and sexual politics of the Chicano Movement and how it serves as a model of Chicano a popular culture more generally Drawing insights from cultural studies feminist theory anthropology and semiotics this book constitutes a wide ranging analysis of Chicano a art popular culture and mainstream cultural politics It will appeal to a diverse audience in all of these fields *Role Playing Game* J. Michael Straczynski,Matthew Sprange,2006-04 Featuring the space station that changed the destiny of an entire galaxy the Babylon 5 RPG from Mongoose Publishing allows players to take on the role of characters from the award winning TV series This all new edition revisits one of the most successful sci fi roleplaying games of recent years bringing the game to an all new group of fans Existing fans will not be disappointed the rules have been tweaked so that the game is even better than before and most importantly is a stand alone rulebook in its own right with no requirement for the use of another rulebook **African Repository and Colonial Journal** ,1840

Trabajo social con grupos ZASTROW, CHARLES H.,2008-01-01 Ofrece excelentes oportunidades para que los estudiantes adquieran un elevado nivel de competencia en esta materia a trav s de diversos ejercicios especialmente dise ados para desarrollar las habilidades de los alumnos y que aparecen en cada una de las secciones del cap tulo El texto se basa en el supuesto de que la mejor manera de que los estudiantes aprendan a coordinar grupos es que practiquen en el contexto de la clase As esta se convierte en un laboratorio para que los estudiantes pongan en pr ctica y desarrollen sus habilidades de liderazgo Este libro est dise ado para facilitar la aplicaci n de este enfoque de laboratorio en la ense anza de trabajo social con grupos tanto universitarios como de postgrado **101 Mejores Ideas Para Trabajar Con Grupos Pequeños** Deena Davis,2000 Creative ideas for evangelizing praying serving holding Bible studies and more Recuperação Judicial dos Grupos de Empresas Pedro Rebello Bortolini,2023-02-14 Pedro em seu livro inicia a an lise de forma segura ao situar a evolu o da disciplina do grupo de empresas na recupera o judicial no Brasil O livro aponta com profundidade a evolu o da doutrina e sobretudo da jurisprud ncia a respeito dessa mat ria abordando os seus mais diferentes aspectos o juiz competente o litiscons rcio a chamada consolida o substancial E termina o t pico com a an lise da reforma promovida pela Lei 14 112 de 2020 No segundo t pico o livro aborda a consolida o processual em todos os seus aspectos relevantes De forma muito feliz o livro inicia a an lise do tema situando ao leitor em rela o ao fen meno dos grupos societ rios Assim Pedro analisa a integra o econ mica a subordina o de interesses e os limites do que se pode ou n o considerar como atos abusivos ou lesivos ao interesse das sociedades isoladamente consideradas A partir da segue se interessante an lise do tema sob o enfoque do direito comparado Com isso est o lan adas as bases seguras para a an lise de todos os pontos relevantes no direito brasileiro dentre os quais i os pressupostos do litiscons rcio na recupera o judicial ii o ju zo competente iii o ju zo de admissibilidade iv o deferimento do processamento da recupera o judicial v a verifica o de cr ditos vi o plano de recupera o e vii os crit rios para sua aprova o A an lise sempre empreendida com os olhos voltados para a realidade emp rica e para a jurisprud ncia atributo que assegura a utilidade concreta e pragm tica das reflex es trazidas pelo livro N o h como terminar a leitura deste t pico

sem que se tenha uma visão abrangente e completa do tema da consolidação do processual no direito brasileiro. O terceiro tópico dedica-se a estudar a consolidação substancial. Novamente Pedro não deixa ao largo de uma análise profunda nenhum tema relevante. Dada a confusão ainda muito comum sobre a matéria, este tópico se inicia com o estudo do direito comparado fundamental para entender a origem casística e pragmática do instituto que acabou ganhando regulação expressa no direito positivo brasileiro. Novamente essa organização da exposição é feliz porque lança as bases seguras para o estudo que segue, então focando nos aspectos mais relevantes do tema no direito brasileiro. O livro procura analisar a natureza jurídica da consolidação substancial. Dedicar-se a essa tarefa por si só não é como um exercício de pura academia, mas porque a qualificação jurídica do instituto segue as conclusões operacionais concretas nos tópicos que seguem. Trecho do prefácio de Eduardo Secchi Munhoz

Innovación, Transparencia y Comunicación en Grupos y Organizaciones Alberto Amutio Kareaga, Eva Ariño Mateo, Aitor Aritzeta Galán, Ainara Arnoso Martínez, Jokín Apalategi Begiristain, Juanjo Arrospide Eizagirre, Sabino Ayestarán, María-José Azurmendi Ayerbe, Nekane Basabe, Nekane Balluerka, Naira Delgado Rodríguez, Lorena Gil de Montes Etxaide, Daniel Hermosilla Pérez, Maider Larrañaga Egilegor, Jacques-Philippe Leyens, Cristina Martínez-Taboada Kutz, Francisco José Medina, Juan Antonio Moriano, Lourdes Munduate, Virginia Orengo, Garbiñe Ortiz Anzola, Darío Páez, José María Peiró, Vicente Peñarroja, Jose Francisco Valencia Garate, Mikel Villarreal Sáez, Ana Zornoza, 2017-11-01. El impulso inicial de este libro obedece al reconocimiento agradecido hacia el profesor Sabino Ayestarán. Prácticamente todas las personas que han tenido la ocasión de relacionarse con el profesor Ayestarán han quedado gratamente impresionadas por la humanidad que destila. Con la relación hemos descubierto otras facetas como su laboriosidad, productividad, cuestionamiento crítico, afán de superación por citar algunas. Podríamos decir sin equivocarnos mucho que el profesor Ayestarán ha dejado huella en muchas personas y en concreto en muchos colegas de la universidad tanto en el aspecto humano como en el académico. El libro es una obra colectiva y está basado en las elaboraciones de un amplio conjunto de profesores universitarios que en algún instante han tenido relación personal y académica con el profesor Ayestarán. La lista no puede ser exhaustiva pero recoge un amplio abanico de profesores significativos en su vida académica. Pretende mostrar una parte de la situación actual en el ámbito de la Psicología de los Grupos y de las Organizaciones siempre partiendo desde la Psicología Social. En sus orígenes el estudio de los grupos en psicología social estuvo rodeado de dudas y reservas mentales con Floyd Allport como principal figura representativa del reduccionismo individualista que rechazaba el concepto mismo de grupo. Pronto fue superada esta postura por los enfoques de Lewin y Sherif. Estos autores percibieron con claridad que hurtar a la psicología social el estudio de los grupos traer a consigo el aislamiento de la disciplina de los procesos de cambio y transformación que de forma continuada ocurren en la sociedad. Y de tal aislamiento sólo cabía esperar incapacidad para analizar los procesos a través de los cuales fluye la dinámica social como la influencia social, la persuasión, el conformismo, el conflicto, la comunicación, el lenguaje, el liderazgo, la conducta colectiva entre otros muchos de una larga lista. Para los autores de los capítulos de este volumen el

estudio de los grupos ha sido una preocupación recurrente. Así se aprecia en las referencias bibliográficas respectivas en las que se comprueba que entre los estudios iniciales destacaban investigaciones de campo sobre agrupaciones espontáneas, desarrollos de terapias de grupo y análisis teóricos de la grupalidad. Una lectura más detallada serviría para descubrir que todos estos trabajos iniciales comparten un mismo marco teórico y que en ellos el grupo se consideraba como construcción social por una parte y como instancia unificadora de organizaciones y sistemas sociales por otra. La justificación del volumen radica precisamente en el elevado número de aportaciones novedosas que contiene pero estas se encuadran y queremos insistir en ello en el marco teórico que sustentaba los trabajos iniciales. Lo novedoso reside en la mayor amplitud de las cuestiones abordadas y en la profundización en aspectos teóricos centrales. Los trabajos resultantes giran en torno al conocimiento compartido en grupos y organizaciones y a reflexiones en torno al liderazgo abordan problemas de transparencia e infrahumanización en organizaciones, procesos de innovación y cambio entre otros muchos lo que convierte el volumen en un caleidoscopio de los grupos y sus múltiples matices. Desde la perspectiva de los coordinadores del volumen la línea de continuidad entre los estudios iniciales y los actuales constituye un ejemplo de lo que Toulmin denominaba la genealogía de los problemas y la genealogía de las autoridades en una ciencia. En efecto las cuestiones relativas a la grupalidad, el problema proporcionan el terreno sobre el que los trabajos realizan una incesante profundización con el consiguiente descubrimiento de nuevas potencialidades y el planteamiento de nuevas preguntas. Y la autoridad es en este caso el trabajo de Sabino Ayestarán. Este sirve de punto de referencia para todos los trabajos y todos los autores. Por esa razón su capítulo en su papel de vínculo entre grupos y organizaciones merece un apartado especial. Su contribución es concreta en algunas ocasiones especialmente cuando un capítulo recoge directamente una idea original suya lo que ocurre con frecuencia en el volumen y es difusa en otras en aquellos capítulos en los que aunque no se aprecie a primera vista una lectura atenta descubre su sello.

The Internet and Health in Brazil André Pereira Neto, Matthew B. Flynn, 2018-10-24. The popularization of the Internet due in larger part to the advent of multifunctional cell phones poses new challenges for health professionals, patients and caregivers as well as creates new possibilities for all of us. This comprehensive volume analyzes how this social phenomenon is transforming long established healthcare practices and perceptions in a country with one of the highest numbers of Internet users. Brazil. After an opening text that analyzes the Internet and E-Health Care as a field of study, the book comprises six parts. The first part introduces the emergence and development of the internet in Brazil, its pioneering experience in internet governance, digital inclusion and online citizen participation. The second part is dedicated to internet health audiences by analyzing the cases of patients, the young and the elderly seeking and sharing health information online especially in virtual communities. The third part is dedicated to the challenges that the expansion of the internet in healthcare poses to all of us such as the evaluation of the quality of health information available online and the prevention of the risks involved with online sales, cyberbullying and consumption of prescription medicines. The fourth presents some innovative e-learning

experiences carried out with different groups in Brazil while the fifth part analyses some practical applications involving the Internet and health including studies on M Health the Internet of things serious games and the use of new information and communication technologies in health promotion The last chapter analyses the future of healthcare in the Internet Age The authors establish a critical and creative debate with international scholarship on the subject This book is written in a direct and comprehensible way for professionals researchers students of communication and health as well as for stakeholders and others interested in better understanding the trends and the different challenges related to the social phenomenon of the internet in health

Grupos de interés y gestión deportiva José Antonio Plaza Úbeda, Juan Miguel Uroz Carreño, Jerónimo de Burgos Jiménez, 2010-10-26 Las entidades deportivas actuales necesitan compatibilizar objetivos deportivos y económicos a la vez que tratan de adaptarse al entorno y a los grupos de interés que les rodean Este trabajo pretende abordar un ámbito concreto de la gestión de las entidades deportivas desde el enfoque de Stakeholder Management la satisfacción de los grupos de interés En este contexto se estudia y analiza esta cuestión con el desarrollo de un caso específico el club de fútbol Unión Deportiva Almería

Global Archaeological Theory Pedro Paulo Funari, Andrés Zarankin, Emily Stovel, 2005-01-14 Archaeological theory has gone through a great upheaval in the last 50 years from the processual theory which wanted to make archaeology more scientific to post processual theory which understands that interpreting human behavior even of past cultures is a subjective study This subjective approach incorporates a plurality of readings thereby implying that different interpretations are always possible allowing us to modify and change our ideas under the light of new information and or interpretive frameworks In this way interpretations form a continuous flow of transformation and change and thus archaeologists do not uncover a real past but rather construct a historical past or a narrative of the past Post processual theory also incorporates a conscious and explicit political interest on the past of the scholar and the subject This includes fields and topics such as gender issues ethnicity class landscapes and consumption This reflects a conscious attempt to also decentralize the discipline from an imperialist point of view to an empowering one Method and theory also means being politically aware and engaged to incorporate diverse critical approaches to improve understanding of the past and the present This book focuses on the fundamental theoretical issues found in the discipline and thus both engages and represents the very rich plurality of the post processual approach to archaeology The book is divided into four sections Issues in Archaeological Theory Archaeological Theory and Method in Action Space and Power in Material Culture and Images as Material Discourse

Psicología de los Grupos MOLERO ALONSO Fernando , LOIS GARCÍA David , GARCÍA AEL Cristina , GÓMEZ JIMÉNEZ Ángel , 2020-03-09 La Psicología de los Grupos está unida de forma indisoluble a la Psicología Social y es necesaria para comprender los procesos abordados en la asignatura del mismo nombre impartida en el primer curso del Grado de Psicología Esto es así porque la vida de los seres humanos se desarrolla desde su nacimiento en el seno de diversos grupos y esta pertenencia grupal condiciona en buena medida nuestra forma de pensar sentir y actuar En este manual se

describen los fundamentos teóricos de diversos procesos grupales detallándose al mismo tiempo las investigaciones sobre las que se sustentan las teorías formuladas. Se abordan aspectos tan importantes como la formación de los grupos, la cohesión, el papel de las normas y los roles, el liderazgo, el rendimiento grupal, la toma de decisiones en grupo, las relaciones y el conflicto intergrupal y la estigmatización social. Una característica importante de este manual es que al menos un tercio de los capítulos abordan aplicaciones derivadas de la investigación. Esperamos que al finalizar el estudio de esta asignatura el alumno conozca las principales perspectivas teóricas para explicar el comportamiento de las personas en los grupos y que en la medida de lo posible sea capaz de ponerlas en práctica en su vida cotidiana y praxis profesional. Cada capítulo va precedido de un esquema y una enumeración de los objetivos que en él se persiguen. Asimismo, cada capítulo cuenta con un resumen final y una serie de lecturas complementarias que los estudiantes pueden revisar si desean ampliar información. Cada lección viene acompañada de preguntas de autoevaluación y sus respuestas correctas explicadas. Finalmente se proporciona un glosario en el que se definen los conceptos más importantes utilizados a lo largo del texto.

Crecimiento internacional de grupos turísticos españoles Begoña Fuster García, 2010-12-29 En este trabajo se analiza a partir de un estudio de casos de seis grupos turísticos españoles el proceso de expansión internacional del sector hotelero vacacional español. Concretamente se aporta una visión novedosa de las estrategias de internacionalización que llevan a cabo las cadenas hoteleras así como de sus alianzas con touroperadores, compañías aéreas, agencias de viaje constructoras y entidades financieras. Alianzas empresariales necesarias para abordar el proceso de expansión internacional. Asimismo se analiza la reciente tendencia hacia el turismo residencial. Las autoras del trabajo son profesoras del departamento de Análisis Económico Aplicado y miembros del Instituto de Economía Internacional de la Universidad de Alicante.

Grupos de debate para mayores Ma Rosario Limón, Juan Antonio Crespo, 2023-05-29 En la sociedad actual se proclama desde todas las esferas que ser mayor y permanecer activo es garantía de un envejecimiento saludable. La vejez se muestra como una etapa que hay que llenar de proyectos e ilusiones. Los Grupos de debate son una herramienta idónea para ayudar a las personas mayores a mejorar su calidad de vida y la de quienes les rodean y a optimizar las condiciones de su entorno. Este libro es una guía práctica que ofrece a los animadores elementos de reflexión y sugerencias para la acción que les permitan descubrir las inmensas oportunidades de mejora personal que tienen las personas mayores y qué pueden hacer para que vivan esta etapa de la forma más satisfactoria posible.

2000 Años de Grupos Pequeños Joel Comiskey, 2015-10-06 Este libro es una crónica sobre el Grupo Pequeño o Movimiento Celular, partiendo de la época de Jesús hasta llegar a la explosión celular en los tiempos modernos. Comiskey destaca las fortalezas y debilidades de estos movimientos históricos de grupos pequeños y aplica estos principios a la iglesia actual. Crecer en gratitud y en entendimiento de los valores clave de las células a causa de aquellos pioneros que allanaron el camino. También aprender a apreciar a esos líderes que estremecieron al mundo y que se enfrentaron con mayores obstáculos que los que nos enfrentamos en la actualidad al implementar grupos pequeños. Y así como ellos encontraron soluciones en medio de la

persecución y la prueba Dios te ayude a perseverar a encontrar soluciones y finalmente llevar fruto abundante para su reino y gloria

Piratas y otros Grupos Infames de la Historia Keith Fischer, Blake Aguilar, 2022-01-27 Te gustará poder diferenciar entre la verdad y los mitos cuando se habla de piratas Te parecen villanos románticos en busca de aventura y riqueza Cúmul ha sido el impacto de estas misteriosas sociedades secretas en la historia Entonces sigue leyendo Se encuentra frente al gran misterio Al que hace temblar a la humanidad desde su origen lo desconocido Gastón Leroux Han pasado tres siglos desde que desaparecieron de los mares pero los piratas de la Edad de Oro siguen siendo héroes populares y sus seguidores son legión Los grupos y sociedades secretas que han aparecido en la historia han sido extremadamente diversos Algunos son religiosos Algunos son políticos Algunos están enfocados en lograr un objetivo específico Algunos tienen miembros completamente anónimos y algunos son tan reservados y rodeados de misterio que ni siquiera podemos saber con seguridad que realmente hayan existido En este libro descubrirás Datos relevantes para conocer a fondo a un pirata Descubre todo sobre el famoso pirata Barbanegra Todos los secretos de sus navegaciones Cuáles son las sociedades secretas que han tenido un gran impacto en la historia Los terribles actos que han cometido alguno de estos infames grupos Y más Adelante lector ábrete a leer estas páginas y a conocer lo que estos misteriosos grupos han hecho Haz clic en comprar ya y descubre cuáles son estos impactantes casos

Los grupos políticos y sociales en la Crónica sarracina Inés de la Flor Cramer, 2004 Este estudio analiza la Crónica sarracina una obra narrativa del siglo XV como un texto híbrido a fin de examinar más detalladamente las características picarescas novelescas caballerescas y de otros géneros que aparecen en la obra En el análisis se concluye que el autor de la Crónica trató de relacionar los turbulentos días finales de la nacimiento visigoda con la época en que se escribió la cántica época del reinado de Juan II El propósito de esa implícita comparación es poner énfasis en las desastrosas consecuencias que puede tener para una nación el antagonismo entre diferentes facciones de la clase gobernante También se concluye que en la obra la caracterización de los grupos sociales y políticos se conforma a la imagen tradicional que tenía de ellos la sociedad patriarcal todavía enfrascada en una cruzada contra los moros en que vivió su autor

Grupos económicos y mediana empresa familiar en América Latina Martín Monsalve, 2017-04-25 En este libro la Sociología la Historia la Economía y las teorías empresariales se unen para estudiar dos temas clave en la economía y política de América Latina los grupos económicos y la mediana empresa familiar Esta compilación de artículos se basa en estudios de caso por países para discutir los proyectos políticos de la lite económica en Chile las características de los grupos económicos colombianos la distinción entre grupo económico y grupo industrial en México además de la trayectoria de los estudios empresariales en España y las fortalezas y debilidades de las medianas empresas familiares en el Perú En cada uno de los artículos el lector encontrará además del análisis del caso particular una discusión sobre los marcos analíticos y las taxonomías que se utilizan en

nuestra regi n para discutir los temas ligados a grupos econ micos y mediana empresa familiar Profesor del Departamento Acad mico de Humanidades de la Universidad del Pac fico Adem s es presidente del Fondo Editorial y director de Apuntes Revista de Ciencias Sociales Es doctor y mag ster en Historia con especialidad en Am rica Latina por la Universidad de Stony Brook State University of New York
