Growing in Faith David Yount,1994      **From the Crucible** ,      *What Are We to Do?* David Yount,2002 Although the Sermon on the Mount is admired by Christians and non Christians alike it is widely ignored in practice Jesus Beatitudes are seen as optional guidelines applicable to saints but too strenuous for ordinary believers who find it hard enough to follow the Ten Commandments In accessible and entertaining prose Yount explores the essential messages of the Sermon in an effort to help modern believers answer the popular question What would Jesus do by helping the reader understand what he did do and teach Questions at the end of each chapter make the book ideal for individual reflection and group study      **Making a Success of Marriage** David Yount,2010-01-16 More than 2 million Americans marry every year each couple determined to live together happily ever after Tragically half of all first marriages fail and subsequent attempts are even more likely to end in divorce David Yount knows that lasting wedlock requires more than romantic love Success depends on a couple s commitment and compatibility of heart and mind to survive the inevitable trials of facing life together Drawing on decades as a counselor and his own experience as a husband and parent Yount puts readers on the path to build joyful loving and committed relationships Yount offers no nonsense advice on a wide range of issues including financial budgeting maintaining health dealing with in laws parenting sharing responsibilities establishing common values and recovering from divorce He includes questions designed to stimulate reflection and discussion on key issues such as compromise religious beliefs equality in marriage and more some surprising Marriage is the great adventure into the unknown Making a Success of Marriage is a user s guide to that adventure      Be Strong and Courageous David Yount,2000 Be Strong and Courageous is the sequel to David Yount s Book of the Month bestseller Growing in Faith The popular syndicated columnist reassures believers and skeptics of all ages that having faith makes sense He shows how faith dignifies humanity giving fulfillment and heals the world As a parent writing letters to encourage and inspire his growing daughters Yount shows how Christians can face life s challenges with faith hope love and confidence Be Strong and Courageous shows how we can pass on our rich tradition of faith in a way that is revitalizing to inspire a new generation      **A Search for the Spiritual** James Emery White,1998-10-01 This is the book to put into the hands of seekers With disarming candor and no churchspeak White explores the basics of the Christian faith      *Celebrating the Rest of Your Life* David Yount, Provides baby boomers with practical strategies for infusing their daily lives with Christian spiritual vitality and hope and using traditional marriage vows as a blueprint encourages them to be their own caretakers and to be faithful to themselves Original      Christianity for People Who Aren't Christians James Emery White,2019-11-05 I wish this book had been around when I was an atheist and started to seek God It s a no nonsense practical and insightful guide that will help all those on a quest for spiritual truth If you re investigating whether there s any substance to the Christian faith you must read this important book Lee Strobel former award winning legal editor of the Chicago Tribune and bestselling author of more than twenty books In our post

Christian age the old answers for skeptics are no longer cutting it Why Because they largely seek to answer the wrong questions Our world is changing and while the gospel never changes the way we talk about it and learn about it must Christianity for People Who Aren't Christians answers both classic and bleeding edge questions that skeptics have about the faith such as Is there a God Why do the life death and resurrection of Jesus matter Why is there so much suffering in the world Why do Christians think there is only one way to know God How do I reconcile the Bible's picture of Christ's followers with the actual Christians I know who have disappointed me Covering such topics as astrophysics social justice and acceptance of the LGBTQ community this one of a kind book is perfect for those skeptical of Christianity and for those who love them and want to keep the line of communication open

**How the Quakers Invented America** David Yount, 2007 Shows how the Quakers shaped the basic distinctive features of American life from the days of the founders and the colonies through the Revolution and up to the civil rights movement also points out how Quaker values like freedom equality straightforwardness and spirituality can be seen in modern day peace advocates From publisher description

[Celebrating the Single Life](#) David Yount, 2009-02-24 American society is no longer defined by marriage Today an increasing majority of American households are headed by single men and women Even those Americans who do marry spend at least half of their adult lives alone Living on one's own presents unique challenges depending on one's age health and circumstances So the script for successful single living calls for different strategies for young adults the recently divorced single parents and those widowed or experiencing single life in later adulthood Here Dr Yount considers each group's special needs and challenges and offers a guide for leading a productive rewarding and fulfilling single life Single living he contends requires some core abilities overcoming loneliness reaching out to others developing faith in oneself and self respect keeping up with daily activities and maintaining good health security and a sense of humor This book helps readers learn to celebrate their single status and to find contentment and peace while living on their own These days if you are unmarried and pining for romance you are in a small minority Until recently most Americans considered single life to be a temporary situation during which one would simply wait for a soul mate to come along Those who remained unwed were pitied as bachelors and spinsters No longer These days most single men and women find autonomy in negotiating their way through life by relying on their own resources with marriage remaining one option but not an imperative Even those who do marry are getting married later and those who divorce or are widowed often choose to stay single With this trend toward singlehood increasing affirming the single life and making a success of it becomes all the more important Yount offers advice for creating a gratifying and happy single life at any stage and provides insight into those things that can contribute to a satisfying single lifestyle He pinpoints areas that often get ignored by singles and proposes solutions to some of the pitfalls that can lead to loneliness or unhappiness Leading a fulfilling single life is not only possible it can in fact be rewarding in itself and Yount shows readers how to lead productive and creative lives as modern singles
