Schultz,2017-03-22 Carl D Schultz who served in the U S Army shares a moving collection of autobiographical stories and

poetry inspired and strongly colored by the traumatic brain injury he suffered while in West Germany in 1987 in *My Mind Me*. His poetic visceral voice is vivid and compelling and the stories he shares are deeply intimate and evocative. He wrote this book partly as an exercise to understand his past after waking up from a six month coma. In the process however he discovered that his life is not as tragic as it is confused. While he has little recollection of the two years before and twelve months after the horrific event those three years that included graduating from college jumping from airplanes and sitting under the Eiffel Tower have no doubt played a critical role in making him the man he is today. Join Schultz as he sorts through confused memories to share an inspiring story of survival grit and courage.

The Ashgate Research Companion to Queer Theory Noreen Giffney, Michael O'Rourke, 2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work: identity, discourse, normativity, and relationality. The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them. These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory, LGBT studies, postcolonial theory, psychoanalysis, disability studies, Marxism, poststructuralism, critical race studies, and posthumanism, to name a few. This Companion provides an up-to-the-minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research. This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom.

Marriage for Money Christine Elwin, 2010-05 August 1899 A mail order bride we've heard that before. Little did Megan Mellington imagine she would be a substitute for her tearful traveling companion while journeying out west. Escaping a greedy grasping uncle intent on keeping guardianship of her wealth, the New York heiress faces no other choice: Marry Bad Billy Baxter or the milksop her uncle has chosen. Of course Bad Billy has no idea he is the pawn in question. His drink-sodden friends had coerced him into signing the contract while totally inebriated. Springtown, Montana has not much to offer the society heiress, only a way to reclaim her wealth. Marry Bill Baxter and take the train out the next morning with a valid marriage certificate in hand. It would be so easy, or so she thought. Easy if the groom wasn't seeking revenge for a forced marriage and a non-existent wedding night. After waking with a hangover, tracking down his errant bride, and delivering her out to his rundown ranch, Bill and Megan begin a battle of tempers rivaling the shootout at the OK Corral. Would love win out in this marriage for money? Christine Elwin brings you a laugh-filled battle of two star-crossed lovers who must reconcile themselves to patience and trust if they are to endure a lifetime together. Christine Elwin makes her home in Mexico with her husband Robert. Initially renovating homes as a pastime, she turned to writing, and *Marriage for Money* is her third novel after *Masquerade for Marriage* and *A Tale in Time*.

The Revival of Antique Philosophy in the Renaissance John L. Lepage, 2012-12-05 This book examines the revival of antique philosophy in the Renaissance as a literary preoccupation informed by wit.
