## **Grounds For Reasonable Belief Theology And Science At The Frontiers Of Knowledge:**

Grounds for Reasonable Belief Russell Stannard, 1989      **T. F. Torrance** Alister E. McGrath, 2006-03-23 T F Torrance is widely regarded as the most significant British academic theologian of the twentieth century He is especially noted for his ground breaking contribution to the study of the relationship of Christian theology and the natural sciences He is unquestionably one of the most prolific of theological writers and is the most senior member of the nearest thing to a theological dynasty that Great Britain has ever produced Here Alister McGrath himself one of this country's leading theologians traces the development of Torrance's theological thought and provides a comprehensive account of his life and career Particular attention is paid to the important role played by Torrance in the English language reception of the theology of Karl Barth and to his pioneering engagement with the relation between theology and science While making extensive reference to Torrance's published works McGrath also draws on important unpublished writings and private papers The book contains many unpublished photographs together with a complete bibliography of Torrance's works      **Faith at the**

**Frontiers of Knowledge** Ross, Kenneth R., 2018-05-22 Unity of knowledge is not easily achieved in today's Africa where often there is little conscious interaction between traditional beliefs Christian faith and modern secularity The challenge is taken up in this book as scholars from a variety of disciplines wrestle with the relation of faith and science at the frontiers of knowledge The results are important alike for the integrity of faith for scientific advance and for the attainment of creative cultural unity in society Readers with such concerns at heart will find much food for thought as they traverse the broad frontiers explored in these wide ranging essays      **The Mirror of Creation** Edmund Jack Ambrose, 1990
