Growing Up Christian Carl Ellis Nelson, 2008 McGuffey's Readers Public school Family prayers. In the 1800s these were primary and successful strategies by which children learned to become Christians. Sunday school was developed simply to support Christian education at home and in school. Despite a radically changed culture, many churches still rely on the nineteenth century model to encourage Christian discipleship. In *Growing Up Christian* and the accompanying discussion guide C. Ellis Nelson explores why these strategies are inadequate for the twenty-first century and offers practical, specific guidance for congregations who wish to nurture disciples of Christ more effectively.

Sharing the Sunday Scriptures with Youth Maryann Hakowski, 1997 This book is filled with a wide variety of relevant, action-centered resources to help young people better appreciate God's word in the Sunday Scriptures. The resources for each Sunday's lectionary reading of the C cycle include lectionary and Scripture citations, themes that relate to young people, a synopsis of the Scripture readings, a fully described and directed activity, and several activity ideas, all aimed at engaging the participants with God's word. This is an excellent resource for youth ministers, high school religion teachers, parish leaders, and liturgists working with youth.

Growing Up in God's Family Charles R. Swindoll, 1994-05-26 In this Bible study guide, Charles Swindoll addresses spiritual growth, examining each of the stages to discover where we are and how we can progressively keep moving in the right direction.

Reaching a Generation for Christ Richard R. Dunn, Mark H. Senter III, 1997-03-05 Things have changed. The Truth has not. The 1950's are gone forever. The days of the Sunday school attendance award and the much-loved Sunday school picnic have faded into oblivion. Yet some youth ministries still operate as if today's kids are living in a vacuum, unaffected by the changing morals of today's society. How can we reach these kids with the truth of the gospel? More than fifty of America's youth experts give advice and encouragement to those who long to see this generation know the love of Christ. They help readers think through their philosophies of youth ministry, break down barriers that impede progress, and maximize their own gifts and the gifts of those who work with them. They answer tough questions such as: How can leaders build a relational youth ministry? How can we find and support volunteers? What are the issues women face in youth ministry? How do we minister in ethnic communities? How should we respond to popular culture? How can we help hurting adolescents? You can have a vibrant youth ministry even in these uncertain times. You can reach this generation for Christ.

Partnering with Parents in Youth Ministry Jim Burns, Mike DeVries, 2003-10-07 The most powerful force in a young person's life is his or her family. The importance of this is pointed out in the writing of the Torah in Deuteronomy 6:4-9, where believers are mandated to pass their family legacies to the next generations. The newest trend in youth ministry today is a very healthy move toward family-based ministry, a mindset

that helps the Church act as a support system while placing discipleship and training back into the hands of family Partnering with Parents in Youth Ministry will help youth workers understand their unique role in helping families succeed and will give an overview strategy of family based youth ministry as well as practical ideas on implementing this awesome ministry in your church

Stanley PhD has spent many years serving as a pastor to adolescents. At youth conferences, retreats, and other events, he has always sought out to provide wisdom and guidance. This guidebook for parents and youngsters alike is his way of sharing how to steer the lives of young people in a positive direction. You'll learn how adolescents think differently than adults, how examples of adolescents in biblical times provide lessons for today, how guidance from God can be applied to help young people, and how modeling, nurturing, and teaching can aid adolescents. Stanley also offers guidance on promoting healthy essentials for physical development, tips on discipline, and ways to help young people take responsibility for their actions. It's important to get the knowledge you need to confront the tough issues of being a parent and of becoming an adult. As a parent or young person, you need to understand the psychology and dynamics that define adolescence. You'll find the answers you need from a longtime pastor who has spent long hours listening, encouraging, and counseling young people. Parents: Adolescents are Adults with Less Sense Exploring and Engaging Spirituality for Today's Children La Verne Tolbert, 2014-05-19 Exploring and Engaging Spirituality for Today's Children: A Holistic Approach answers questions about the most effective ways to help children, pre-teens, and teens develop spiritually. This collection of research, gleaned from presentations during the Fourth Triennial Children's Spirituality Conference at Concordia University in 2012, is divided into four major sections: 1. theological and historical foundations; 2. engaging parents and congregations; 3. engaging methodologies; and 4. exploring children at risk, child pornography, social justice, intercultural diversity, and abstinence education. Researchers acknowledge that the home is the foundation for Christian nurture. In Exploring and Engaging Spirituality for Today's Children, both scholars and ministry leaders come together with parents to promote a holistic environment where children are encouraged to love, respect, and obey God. From birth to high school, children's voices resonate throughout these studies as they are invited to share their reflections and experiences. Exploring and Engaging Spirituality for Today's Children is a lively, easy-to-read collection that reflects a broad range of faith traditions and is ideal for all those who are committed to the spiritual development of children. *Rooting Your Teen in the Faith* Kim Cameron-Smith, 2023-01-03 While Catholic teens drifting away from the Faith is unfortunately an increasingly common occurrence, it's not inevitable. We, as parents, are uniquely qualified to lead our teens to a relationship with Christ. During the difficult teenage years, parents, not youth ministers, teachers, or parish programs, play a pivotal role in our children's faith development. In *Rooting Your Teen in the Faith*, family coach, catechist, author, and mom Kim Cameron Smith empowers parents to shepherd their teens, guiding them to discover their mission, deepen their faith, and discern the truth about their identity and purpose. There is no perfect blueprint for evangelizing teenagers, but there is the right relationship: the parent-child bond. If we lean into our call to lead, inspire, free, and transform our children by the end of the teenage years, they will be equipped to respond to God's movements in their lives.
