Finding Your Own Truth Reed R. Critchfield, 2010-03-01 In these tumultuous times who among us knows how to cope or where to turn With all systems on overload what can we do as individuals to stem the tide of financial crisis geopolitical upheaval and ecological disaster As the potentially apocalyptic date of December 21 2012 approaches what can you do to prepare Who can help How can you help yourself and those you love If you are searching for help it is here for the taking Please help yourself And when you do that you help us all The content of this manuscript represents over 30 years of personal research study prayer and life experience Reed relates When I started it was just about me putting my own house in order Then it occurred to me that perhaps other people are struggling to find the Truth too This book was written to help those people seeking to find their path in life leading to peace and happiness It is for those who are looking for the Truths that help them give meaning to their existence and give them the deeper reasons for why they are on the earth at this particular point in time If you have ever wondered who you really are why you were born to this era and how you can fulfill your individual purpose of your existence this book can help When enough of us figure this out we become a catalyst to help the human race collectively fulfill its destiny This book can open your mind and heart to new ways of looking at your mortality and for ultimately finding true happiness from within It will assist you in awakening to your relationships with others with the Earth the Cosmos and God

Robledo, 2021-06-03 Discover Your Truths Fulfill Your Dreams If you have ever doubted yourself your life's path beliefs or questioned what is True prepare to illuminate the path to Your Personal Truth This is the best path It is the one you are called for and that you must go on or you will be left feeling unfulfilled as if you missed out on something essential from life We all have our unique journey to live and nothing is more worthy than pursuing this path for yourself The point of this book is not to impose any particular beliefs ideas philosophies or Truths on you Instead the focus is on helping you find your truth in a way that allows you to achieve your dreams and goals Can you think of something that you know to be True without any doubt When you know something to be True it becomes a deep part of your life and you know it to be true with your thoughts feelings beliefs experience logic and intuition then you can get to a point where no one can take this Truth away from you The only one who can release yourself from an old Truth that is no longer working and replace it with a new and more valid one is yourself With Your Personal Truth you can regain control of your life's direction and take the power you have always had but perhaps never realized which is the power to determine what is true for you and what is not Ultimately Truth is a journey not a destination When you choose to walk this path you will unlock deeper parts of yourself discover your highest ideals and values find purpose and live by your truth with every thought and action Internationally bestselling author I C Robledo discovered that his path was to seek Truth at 16 years of age Since then he has been searching for truth and now he wishes to teach you how to discover Your Personal Truth This endeavor has led to meaning a transcendent level of awareness and understanding self knowledge
