The Aboriginal Story of Burke and Wills Ian Clark,Fred Cahir,2013-07-22 The Aboriginal Story of Burke and Wills is the first major study of Aboriginal associations with the Burke and Wills expedition of 1860 61 A main theme of the book is the contrast between the skills perceptions and knowledge of the Indigenous people and those of the new arrivals and the extent to which this affected the outcome of the expedition The book offers a reinterpretation of the literature surrounding Burke and Wills using official correspondence expedition journals and diaries visual art and archaeological and linguistic research and then complements this with references to Aboriginal oral histories and social memory It highlights the interaction of expedition members with Aboriginal people and their subsequent contribution to Aboriginal studies The book also considers contemporary and multi disciplinary critiques that the expedition members were

on the whole deficient in bush craft especially in light of the expedition's failure to use Aboriginal guides in any systematic way. Generously illustrated with historical photographs and line drawings, *The Aboriginal Story of Burke and Wills* is an important resource for Indigenous people, Burke and Wills history enthusiasts and the wider community. Eastern Cherokee Stories Sandra Muse Isaacs, 2019-07-03 Throughout our Cherokee history writes Joyce Dugan, former principal chief of the Eastern Band of Cherokee Indians, our ancient stories have been the essence of who we are. These traditional stories embody the Cherokee concepts of Gadugi (working together for the good of all) and Duyvhta (walking the right path) and teach listeners how to understand and live in the world with reverence for all living things. In *Eastern Cherokee Stories*, Sandra Muse Isaacs uses the concepts of Gadugi and Duyvhta to explore the Eastern Cherokee oral tradition and to explain how storytelling in this tradition as both an ancient and a contemporary literary form is instrumental in the perpetuation of Cherokee identity and culture. Muse Isaacs worked among the Eastern Cherokees of North Carolina, recording stories and documenting storytelling practices and examining the Eastern Cherokee oral tradition as both an ancient and contemporary literary form. For the descendants of those Cherokees who evaded forced removal by the U.S. government in the 1830s, storytelling has been a vital tool of survival and resistance, and as Muse Isaacs shows us, this remains true today as storytelling plays a powerful role in motivating and educating tribal members and others about contemporary issues such as land reclamation, cultural regeneration, and language revitalization. The stories collected and analyzed in this volume range from tales of creation and origins that tell about the natural world around the homeland to post-Removal stories that often employ Native humor to present the Cherokee side of history to Cherokee and non-Cherokee alike. The persistence of this living oral tradition as a means to promote nationhood and tribal sovereignty, to revitalize culture and language, and to present the Indigenous view of history and the land bears testimony to the tenacity and resilience of the Cherokee people.
