

Governing The Uaw

**United States. Congress. House.
Committee on Education and Labor.
Subcommittee on Employment
Opportunities**

Governing The Uaw:

The UAW Frank Goeddeke, Jr., Marick F. Masters, 2021-03-17 This book analyzes the multi faceted scandal that has tarnished the reputation of the United Auto Workers UAW an iconic union revered for its commitment to union democracy and ethical practices showing what went wrong to lead the spread of corruption and how to remedy it Masters and Goeddeke provide a historical context of the rise and decline of the UAW leading to a culture of corruption and resulting in the indictment or conviction of 15 union and corporate officials for the misuse of tens of millions of dollars The book evaluates the various proposed reforms of the UAW s financial practices and ethical standards including the possibility of a government takeover It raises questions about the wisdom of such a takeover based on the problems associated with the government takeover of the Teamsters The authors recommend that the UAW convene a special constitutional convention to consider reforms in governance and hiring practices Providing a clear depiction of this scandal and the UAW s systemic flaws and suggesting potential remedies this book will appeal to the tens of thousands of union officers and members keenly interested in the state of labor and an iconic union their corporate counterparts in management academics students and journalists in the fields of business and society employee relations law labor relations and management The UAW and the Heyday of American Liberalism, 1945-1968 Kevin Boyle, 1995 The UAW engaged in these struggles in an attempt to build a cross class multiracial reform coalition that would push American politics beyond liberalism and toward social democracy The effort was in vain forced to work within political structures particularly the postwar Democratic party that militated against change the union was unable to fashion the alliance it sought The UAW s political activism nevertheless suggests a new understanding of labor s place in postwar American politics and of the complex forces that defined liberalism in that period The book also supplies the first detailed discussion of the impact of the Vietnam War on a major American union and shatters the popular image of organized labor as being hawkish on the war *Governing the UAW*. Jack Stieber, 1962 **Governing America** Joseph A. Califano, Joseph A., Jr. Califano, 2007-02 Joseph A Califano Jr spent thirty years in Washington at the top of the Pentagon on the White House staff as chief domestic advisor to the President and in the Cabinet His work *Governing America* explores the inner workings of the executive branch From Simon Schuster *Governing America* is Joseph A Califano Jr s insider report from the White House an the cabinet *Governing the UAW*. Jack Stieber W, 1962 **Governing the UAW.**, 1962 Governing Academia Ronald G. Ehrenberg, 2016-10-01 Public concern over sharp increases in undergraduate tuition has led many to question why colleges and universities cannot behave more like businesses and cut their costs to hold tuition down Ronald G Ehrenberg and his coauthors assert that understanding how academic institutions are governed provides part of the answer Factors that influence the governance of academic institutions include how states regulate higher education and govern their public institutions the size and method of selection of boards of trustees the roles of trustees administrators and faculty in shared governance at campuses how universities are organized for fiscal and academic

purposes the presence or absence of collective bargaining for faculty staff and graduate student assistants pressures from government regulations donors insurance carriers athletic conferences and accreditation agencies and competition from for profit providers Governing Academia which covers all these aspects of governance is enlightening and accessible for anyone interested in higher education The authors are leading academic administrators and scholars from a wide range of fields including economics education law political science and public policy

The United Auto Workers and the Campaign for National Health Insurance David Carroll Jacobs,1983

An Injury to All Kim Moody,2016-02-23 Over the past decade American labor has faced a tidal wave of wage cuts plant closures and broken strikes In this first comprehensive history of the labor movement from Truman to Reagan Kim Moody shows how the AFL CIO s conservative ideology of business unionism effectively disarmed unions in the face of a domestic right turn and an epochal shift to globalized production Eschewing alliances with new social forces in favor of its old Cold War liaisons and illusory compacts with big business the AFL CIO under George Meany and Lane Kirkland has been forced to surrender many of its post war gains With extraordinary attention to the viewpoints of rank and file workers Moody chronicles the major but largely unreported efforts of labor s grassroots to find its way out of the crisis In case studies of auto steel meatpacking and trucking he traces the rise of anti concession movements and in other case studies describes the formidable obstacles to the organization of the unorganized in the service sector A detailed analysis of the Rainbow Coalition s potential to unite labor with other progressive groups follows together with a pathbreaking consideration of the possibilities of a new labor internationalism

Governing the UAW. ,1967 **Industrial Policy** United States. Congress. Joint Economic Committee,1984

Monthly Labor Review ,1963-04 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews

D.C. Government Organization United States. Congress. House. Committee on the District of Columbia. Subcommittee on Government Operations,1973

Governance of the American Economy John L. Campbell,J. Rogers Hollingsworth,Leon N. Lindberg,1991-05-31 In this book nine scholars representing various perspectives examine institutions that govern economic activity in the United States and the dramatic changes they have undergone since the late nineteenth century They investigate how and why these changes occurred and continue to occur as markets become more volatile technology changes and international competition becomes more intense They also address general questions about the governance of capitalist economies by considering several governance mechanisms such as markets bureaucratic hierarchies associations and informal networks and by exploring how such mechanisms emerge to coordinate economic activity and affect economic performance The first part of the book describes the important characteristics of these organisational forms and provides an overview of institutional development in the US economy The second part includes case studies of the institutional development of eight economic sectors Finally based on data from these case studies the third part of the book tests competing theories of institutional change in capitalism develops a new evolutionary model of the

change process and offers an original analysis of how the state influences this process *Labor's War At Home* Nelson Lichtenstein, 2010-06-25 A new edition of a classic book on how World War II changed the face of labor in the US

National Employment Priorities Act United States. Congress. House. Committee on Education and Labor. Subcommittee on Employment Opportunities, 1980 **The UAW's Southern Gamble** Stephen J. Silvia, 2023-05-15 The UAW's Southern Gamble is the first in depth assessment of the United Auto Workers efforts to organize foreign vehicle plants Daimler Chrysler Mercedes Benz Nissan and Volkswagen in the American South since 1989 an era when union membership declined precipitously Stephen J Silvia chronicles transnational union cooperation between the UAW and its counterparts in Brazil France Germany and Japan and documents the development of employer strategies that have proven increasingly effective at thwarting unionization Silvia shows that when organizing unions must now fight on three fronts at the worksite in the corporate boardroom and in the political realm The UAW's Southern Gamble makes clear that the UAW's failed campaigns in the South can teach hard won lessons about challenging the structural and legal roadblocks to union participation and effectively organizing workers within and beyond the auto industry **Decisions and Orders of the National Labor Relations Board** United States. National Labor Relations Board, 1998 *Corporate Governance Matters* David Larcker, Brian Tayan, 2020-10-07 The Definitive Guide to High Performance Corporate Governance Fully updated for the latest research trends and regulations Corporate Governance Matters Third Edition offers comprehensive and objective information for everyone seeking to improve corporate governance from directors to institutional investors to policymakers and researchers To help you design highly effective governance David Larcker and Brian Tayan thoroughly examine current options reviewing what is and isn't known about their impact on organizational performance Throughout they take a strictly empirical and non ideological approach that reflects rigorous statistical and research analysis and real life examples They address issues ranging from board structure processes operations and functional responsibilities to institutional investors outside stakeholders and alternative forms of governance New discussions of Environmental Social and Governance ESG activity and ratings Stakeholder interests CEO activism CEO misbehavior Cybersecurity risks Extensively revised coverage of Executive compensation Leadership and succession planning Director recruitment evaluation turnover and more The authors balanced approach provides useful tools for making better more informed decisions on governance **Labor's New Voice** Sara U. Douglas, 1986
