Bulletins from Dallas Bill Sanderson,2016-11-01 An in depth look at one of the twentieth century s star reporters and his biggest story Thanks to one reporter s skill we can fix the exact moment on November 22 1963 when the world stopped and held its breath At 12 34 p m Central Time UPI White House reporter Merriman Smith broke the news that shots had been fired at President Kennedy s motorcade Most people think Walter Cronkite was the first to tell America about the assassination But when Cronkite broke the news on TV he read from one of Smith s dispatches At Parkland Hospital Smith

saw President Kennedy's blood-soaked body in the back of his limousine before the emergency room attendants arrived. Two hours later he was one of three journalists to witness President Johnson's swearing in aboard Air Force One. Smith rightly won a Pulitzer Prize for the vivid story he wrote for the next day's morning newspapers. Smith's scoop is journalism legend. But the full story of how he pulled off the most amazing reportorial coup has never been told. As the top White House reporter of his time, Smith was a bona fide celebrity and even a regular on late night TV. But he has never been the subject of a biography. With access to a trove of Smith's personal letters and papers and through interviews with Smith's family and colleagues, veteran news reporter Bill Sanderson will crack open the legend. Bulletins from Dallas tells for the first time how Smith beat his competition on the story and shows how the biggest scoop of his career foreshadowed his personal downfall. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history, books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

When retail tycoon George Samson appears in Det. Joe DiGregorio's Manhattan office asking for help in faking his own death, the wary private eye, a former Long Island cop, knows enough to refuse. But Samson's proposition isn't easy to forget. So when Samson is found murdered soon afterward, the struggling PI is convinced that his would-be client found another killer. There's only one problem: the death is genuine. Something went wrong somewhere, but what DiGregorio offers his investigative talents to the new CEO of Samson Stores, who accepts. Since leaving the force, he's been struggling to make it as a private investigator, and this case could be the making of his new career or the end of him.
