Graham Greene Revised Edition:

Graham Greene Michael G. Brennan, 2010-03-18 In this significant rereading of Graham Greene's writing career Michael Brennan explores the impact of major issues of Catholic faith and doubt on his work particularly in relation to his portrayal of secular love and physical desire and examines the religious and secular issues and plots involving trust betrayal love and despair Although Greene's female characters have often been underestimated Brennan argues that while sometimes abstract symbolic and two dimensional these figures often prove central to an understanding of the moral personal and spiritual dilemmas of his male characters Finally he reveals how Greene was one of the most generically ambitious writers of the twentieth century experimenting with established forms but also believing that the career of a successful novelist should incorporate a great diversity of other categories of writing Offering a new and original perspective on the reading of Greene's literary works and their importance to English twentieth century fiction this will be of interest to anyone studying Greene

Middleton, 2011-09-15 [A Preface to Greene](#) Cedric, M.A. Ph.D. (Professor) Watts, 2014-09-25 Lively informed and thorough this survey of the life and works of Graham Greene opens with a biographical account setting the writer in context of his times and describing and exploring the influences tensions and contradictions that occur throughout his work The second half of the book devotes itself to the art of Greene discussing his writing techniques recurring themes and imaginative preoccupations Within this section thorough critical analyses are given of three works Brighton Rock The Power and the Glory and the film The Third Man The book concludes with a reference section which comprises a gazeteer a biographical list and a bibliography Suggestions for further reading and a list of films encourage the student to explore the works of Greene more widely **Psychoanalytic Patterns in the Work of Graham Greene** Roland A. Pierloot, 2023-12-14 In Greene's

writings we notice a genuine concern with social and political conflicts at different places in the world But at the same time they bear witness to a distinct involvement in problems of human nature and behaviour In this respect we can formulate some dominating preoccupations such as the stressing of antitheses and antagonisms which he calls himself cleavage the questioning of loyalty and the claiming of the right to disloyalty the repercussion of childhood experiences in particular the father son relationship on adult life and the transcendental dimension in human experience From a psychoanalytic viewpoint we analyse the various elaborations of these general themes in the work of Greene as symbolizations of specific unconscious phantasies defined in the writings of Freud Klein Fairbairn Kernberg Kohut and Winnicott This analysis of the imaginary world of an author is conceived as analogous to a clinical psychoanalysis It is a hermeneutical activity based on the countertransference experience evoked by the reading of the text while taking into account the manifold strategies of symbolizing in a literary work the choice of the genre themes text construction tropes word plays figurative language repetition discontinuity parallelism plot and characters

In Secrecy's Shadow Simon Willmetts, 2016-04-08 During the Second World War hundreds of Hollywood filmmakers under the command of the legendary director John Ford enlisted in the OSS to produce training reconnaissance and propaganda films This wartime bond continued into the post war period when a number of studios produced films advocating the creation of a permanent peacetime successor to the OSS what became the Central Intelligence Agency By the 1960s however Hollywood s increasingly irreverent attitude towards the CIA reflected a growing public anxiety about excessive US government secrecy In Secrecy s Shadow provides the first comprehensive history of the

birth and development of Hollywood's relationship with American intelligence. It takes an interdisciplinary approach synthesizing literatures and methodologies from diplomatic history, film studies and cultural theory and it presents new perspectives on a number of major filmmakers including Darryl F. Zanuck, Alfred Hitchcock and John Ford. Based on research conducted in over 20 archival repositories across the United States and UK, *In Secrecy's Shadow* explores the revolution in the relationship between Hollywood and the secret state from unwavering trust and cooperation to extreme scepticism and paranoia and demonstrates the debilitating effects of secrecy upon public trust in government and the stability of national memory.

The Identity of Jesus Christ, Expanded and Updated Edition Hans W. Frei, 2013-11-19. This is a book about Jesus of Nazareth. It is not a book about story nor about narrative theology. Hans Frei was not a theologian of story or of narrative in any general way and this book is neither about the narrative quality of our existence and the gospel's relation to that quality nor about the narrative shape of the Scriptures as a whole and the call on us to place ourselves within that narrative. Rather, this is a book about the way in which Jesus of Nazareth's identity is rendered by the Gospels, largely the Synoptic Gospels, particularly the Gospel of Luke and especially in the passion and resurrection sequences by means of a certain kind of narrative. Foreword by Mike Higon.

British Short-fiction Writers, 1915-1945 John Headley Rogers, 1996. Essays on authors of the short story that had its origins in the mid nineteenth century and reached its maturity in England in the twentieth century. The modern British short story grew slowly following by nearly fifty years the origins of this form in the United States, France and Russia. Discusses why several features of nineteenth century English life may have delayed the development of this literary form.

Twentieth-century Crime and Mystery Writers Lesley Henderson, 1991. Cited in Sheehy and BCL3. The foremost reference in the field, completely revised and updated and now covering about 600 authors, mainly English language writers whose work appeared during or since the time of Conan Doyle. The entry for each writer consists of a biography, a bibliography and a signed critical essay. Living authors were invited to add a comment on their work; many of them accepted and their remarks are both entertaining and enlightening. Annotation copyrighted by Book News Inc, Portland, OR.

The Art of Travel Philip Dodds, 2013-08-21. First published in 1982, *The Art of Travel* is the first collection of critical essays to be devoted to British travel writing. It attempts to give a sense of the wealth of such writing to map some of its forms and conventions and implicitly to claim a place for travel writing in any revised definition of literature. For this collection, travel includes sea voyages, European tours, commissioned enquiries into social conditions and urban writing. Travel writing ranges from works such as *Sea and Sardinia* by D. H. Lawrence, whose status as a novelist guarantees his travel books some attention, through the essays and books of Victorian middle class travellers into working class London to the work of V. S. Naipaul, a contemporary writer who has increasingly preferred the travel book to the novel.

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07. More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the

original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Beyond the Epic Gene D. Phillips, 2006-11-24 Two time Academy Award winner Sir David Lean 1908 1991 was one of the most prominent directors of the twentieth century responsible for the classics *The Bridge on the River Kwai* 1957 *Lawrence of Arabia* 1962 and *Doctor Zhivago* 1965 British born Lean asserted himself in Hollywood as a major filmmaker with his epic storytelling and panoramic visions of history but he started out as a talented film editor and director in Great Britain As a result he brought an art house mentality to blockbuster films Combining elements of biography and film criticism *Beyond the Epic The Life and Films of David Lean* uses screenplays and production histories to assess Lean s body of work Author Gene D Phillips interviews actors who worked with Lean and directors who knew him and their comments reveal new details about the director s life and career Phillips also explores Lean s lesser studied films such as *The Passionate Friends* 1949 *Hobson s Choice* 1954 and *Summertime* 1955 The result is an in depth examination of the director in cultural historical and cinematic contexts Lean s approach to filmmaking was far different than that of many of his contemporaries He chose his films carefully and as a result directed only sixteen films in a period of more than forty years Those films however have become some of the landmarks of motion picture history Lean is best known for his epics but Phillips also focuses on Lean s successful adaptations of famous works of literature including retellings of plays such as *Brief Encounter* 1945 and novels such as *Great Expectations* 1946 *Oliver Twist* 1948 and *A Passage to India* 1984 From expansive studies of war and strife to some of literature s greatest high comedies and domestic dramas Lean imbued all of his films with his unique creative vision Few directors can match Lean s ability to combine narrative sweep and psychological detail and Phillips goes beyond Lean s epics to reveal this unifying characteristic in the director s body of work *Beyond the Epic* is a vital assessment of a great director s artistic process and his place in the film industry
