## **Helping The Client A Creative Practical Guide:**

Helping the Client John Heron, 2001-06-26 Those who claim to have counselling among their skills should read this book and reflect on their own practice This would in itself be a growth experience for many British Journal of Psychiatry The author rewards one with a wealth of interventions which are as the subtitle suggests very creative but also very practical Nursing Times Helping the Client is the bestselling text which has long been used as the basis of interpersonal skills training in a wide range of professions from medicine to management Based on John Heron's well known six category model the book presents different forms of helping behaviour which can be adopted by any practitioner working face to face with a client Drawing on his many years of experience as a therapist consultant and teacher the author explores the contexts and issues associated with these different forms of helping and for each describes a wide range of practical interventions for the practitioner to use He examines the objectives of helping states of personhood the many ways in which helping can degenerate the preparation and training of the practitioner and examples of how the interventions can be used by different occupational groups Helping the Client is the Fifth Edition of the book originally entitled Six Category Intervention Analysis Revised and enlarged throughout with a new chapter on co working the book remains essential reading for the development of interpersonal skills in counselling management health care social work youth and community work education and many other professions

*Helping the Client* John Heron, 1990-07 Raving about books and recommending them wholeheartedly to my colleagues is not a practice I frequently engage in However with this publication I am about to stick my neck out and say that I think this is a wonderful book and that anybody involved in counselling or counselling training should have a copy Heron's writing is clear and his depth of counselling experience is evident He tackles the immense and difficult issues of responsibility and power within a helping relationship with great sensitivity and insight his outline programme for training in six category intervention gives an easy to follow structure for running what I believe would be an extremely useful training course an excellent purchase Clinical Psycholo

Helping the Client John Heron, 2001-08-09 Praise for First Edition A wonderful book John Heron's writing is clear and his depth of counselling experience is evident He tackles the immense and difficult issues of responsibility and power within a helping relationship with great sensitivity and insight Clinical Psychology Forum Those who claim to have counselling among their skills should read this book and reflect on their own practice This would in itself be a growth experience for many British Journal of Psychiatry The author rewards one with a wealth of interventions which are as the subtitle suggests very creative but also very practical Nursing Times H

**Training**  
**Counselling Supervisors** Elizabeth Holloway, Michael Carroll, 1999-05-28 Experienced supervisors would find it useful to read as a part of their continuous professional development Counselling at Work Highlighting the crucial themes intrinsic to the supervision process this volume offers a varied selection of methods for educating supervisors Experienced international trainers describe how they teach critical elements in the practice of supervision and outline their models for teaching in the

context of their practice The book covers a wide range of topics including contracting reflective processes supervision in group and multicultural contexts and evaluation The text is organized to bring continuity across the elements addressed and to heighten awareness

**EBOOK: Counselling Skills: A Practical Guide for Counsellors and Helping Professionals** John McLeod, Julia McLeod, 2011-04-04 For anyone in a caring facilitative or managing role Counselling Skills provides a uniquely comprehensive accessible and practical guide to interpersonal helping It introduces a way of working that is both focused and personalised tailored to an individual client's specific goals and preferences The book will be invaluable to anyone who wants to help others deal with their problems Mick Cooper University of Strathclyde UK Not everyone possesses the skills required to ensure that professional communication is compassionate and supportive but the skills can be learned and this book on Counselling Skills provides just the resource needed Its authors have the experience as practitioners and teachers to imbue the text with wisdom derived from life academia and counselling The book is carefully crafted and beautifully written it includes exercises and examples that enhance learning it is comprehensive and completely relevant for anyone who seeks to use counselling skills competently in their work Professor Sue Wheeler University of Leicester UK The book offers a sound and accessible introduction for anyone considering formal counselling skills training As a bereavement counsellor I will gladly keep a place for this book on my bookshelf as it offers a useful refresher in basic skills I would certainly recommend it to colleagues within pastoral caring roles and other caring professions Sally Smith Counselling Psychology student at The University of Wolverhampton UK This bestselling book is designed to help counselling trainees acquire and develop the skills and techniques needed to have therapeutic impact with their clients It also provides those in the helping professions with an easy to follow model of embedded counselling that provides tools and strategies for offering counselling relationships within a diversity of work settings The new edition is thoroughly revised and features nine new chapters addressing such topics as an A Z of practical counselling skills dealing with difficult relationships issues caused by cultural diversity or life transitions and issues in loss and bereavement The book also covers Key counselling skills such as caring listening questioning and reframing reflection attunement to a client challenging and giving advice Building a counselling relationship Developing understanding of clients issues Resolving difficult feelings and emotions Ethical principles of counselling practice Working together to change behaviour Counselling Skills 2nd edition is packed with exercises and information on recent studies to help readers relate theory to their own practice Written in an accessible engaging style with numerous case examples this book is suitable for students taking courses or modules in counselling skills counsellors in training and any professionals who may provide counselling support within their roles including teachers doctors community workers social workers and nurses
