Hemingway's Cats Carlene Fredericka Brennen, 2015-09-01 Ernest Hemingway always had cats as companions from the

ones he adored as a child in Illinois and Michigan to the more than 30 he had as an adult in Paris Key West Cuba and Idaho All are chronicled and most are pictured here along with revelations of how they fit into the many twists and turns of his life and loves In 1943 Ernest Hemingway living in the Finca in Cuba with his third wife and eleven cats wrote to his first wife One cat just leads to another The place is so damned big it doesn't really seem as though there were many cats until you see them all moving like a mass migration at feeding time He called the cats purr factories and love sponges who soaked up love in return for comfort and companionship He gave each a name that suited its character including F Puss Fatso Friendless Feather Kitty Princessa Furhouse Uncle Woofer and his last cat in Idaho Big Boy Peterson You'll also meet his nine dogs a cow and a young great horned owl that he rescued not long before his death Hemingway's Cats reveals a softer side to the writer's character than is usually portrayed by the macho image of the hunter and fisherman He sought the cats comfort in times of loneliness and stress and he featured some of them in his writings particularly in A Moveable Feast Islands in the Stream The Garden of Eden and True at First Light all written late in his life and as close to autobiography as he came

Expanding Adaptation Networks Kate Newell, 2017-05-22 This book addresses print based modes of adaptation that have not conventionally been theorized as adaptations such as novelization illustration literary maps pop up books and ekphrasis It discusses a broad range of image and word based adaptations of popular literary works among them The Wizard of Oz Alice in Wonderland Daisy Miller The Strange Case of Dr Jekyll and Mr Hyde Moby Dick and Adventures of Huckleberry Finn The study reveals that commercial and franchise works and ephemera play a key role in establishing a work's iconography Newell argues that the cultural knowledge and memory of a work is constructed through reiterative processes and proposes a network based model of adaptation to explain this Whereas most adaptation studies prioritize film and television this book's focus on print invites new entry points for the study of adaptation Ernest Hemingway Kevin Alexander Boon, 2008 A biography of writer Ernest Hemingway that describes his era his major works especially The Sun Also Rises and The Old Man and the Sea his life and the legacy of his writing Provided by publisher Hemingway's Cuba Dennis L. Colonial Architecture and Urbanism in Africa Fassil Demissie, 2016-12-05 Colonial architecture and urbanism carved its way through space ordering and classifying the built environment while projecting the authority of European powers across Africa in the name of science and progress

The built urban fabric left by colonial powers attests to its lingering impacts in shaping the present and the future trajectory of postcolonial cities in Africa. Colonial Architecture and Urbanism explores the intersection between architecture and urbanism as discursive cultural projects in Africa. Like other colonial institutions such as the courts, police, prisons, and schools that were crucial in establishing and maintaining political domination, colonial architecture and urbanism played a pivotal role in shaping the spatial and social structures of African cities during the 19th and 20th centuries. Indeed, it is the cultural destination of colonial architecture and urbanism and the connection between them and colonialism that the volume seeks to critically address. The contributions drawn from different interdisciplinary fields map the historical processes of colonial architecture and urbanism and bring into sharp focus the dynamic conditions in which colonial states' officials, architects, planners, medical doctors, and missionaries mutually constructed a hierarchical and exclusionary built environment that served the wider colonial project in Africa.

Doctor to the Resistance Hal Vaughan, 2004-09-30. Maine-born Dr. Sumner Jackson joined the British Army as a volunteer physician during World War I. After the Battle of the Somme, he married a beautiful French Red Cross nurse. When the war was over, Jackson joined the staff of the American Hospital in Paris, where he quickly became a favorite physician of such Lost Generation figures as Hemingway and Fitzgerald. During World War II, Jackson, his wife, and their teenage son joined the French Resistance. They hid and treated wounded Allied flyers, and Resistance fighters used the hospital as a cover for Resistance activities. He photographed the German submarine base at Saint Nazaire and helped smuggle plans for the V-1 rocket to England. Just before the Americans liberated Paris, however, the family was betrayed to the Gestapo and deported to German concentration camps. The day before the war ended, tragedy struck. Doctor to the Resistance is based on recently declassified records of the French Resistance, the National Archives, family letters, and diaries, and the author's interviews with Dr. Jackson's son. Hal Vaughan recounts the Jacksons' remarkable true story for the first time. It will captivate history buffs, World War II aficionados, and anyone interested in the Paris of that fascinating era.

Anxieties of Experience Jeffrey Lawrence, 2017-12-01. Anxieties of Experience: The Literatures of the Americas from Whitman to Bolaño offers a new interpretation of US and Latin American literature from the nineteenth century to the present. Revisiting longstanding debates in the hemisphere about whether the source of authority for New World literature derives from an author's first-hand contact with American places and peoples or from a creative misreading of existing traditions, the book charts a widening gap in how modern US and Latin American writers defined their literary authority. In the process, it traces the development of two distinct literary strains in the Americas: the US literature of experience and the Latin American literature of the reader. Reinterpreting a range of canonical works from Walt Whitman's *Leaves of Grass* to Roberto Bolaño's *2666*, Anxieties of Experience shows how this hemispheric literary divide fueled a series of anxieties, misunderstandings, and misencounters between US and Latin American authors. In the wake of recent calls to rethink the common grounds approach to literature across the Americas, the book advocates a comparative approach that

highlights the distinct logics of production and legitimation in the US and Latin American literary fields *Anxieties of Experience* closes by exploring the convergence of the literature of experience and the literature of the reader in the first decades of the twenty first century arguing that the post Bola o moment has produced the strongest signs of a truly reciprocal literature of the Americas in more than a hundred years
