*Native California Hero's of the Miwok Confederation Teleguac, Estanislao and Yolosko* Guy Nixon, 2020-03-16 Teleguac aka Chief Jose Jesus was one of California's native freedom fighters Living through an extremely turbulent period in time where everything was put into chaos by climatic disasters and invasions by other races to the very foundations upon which the tribes were based he would not only survive but forged a future for his people This unique leader was also chosen by an animal that protected him in numerous battles and whose presence brought many tribes together in common cause creating what can best be described as the Miwok Confederation His life's story inspired the fictional California Hero we call Zorro but the real story is even more fascinating than the fiction The real history of California Natives is almost completely unknown yet it shaped the history in so many ways that it merits being brought out for all to learn

**At the Dawn of Airpower** Laurence M Burke, 2022-05-15 *At the Dawn of Airpower* The U S Army Navy and Marine Corps Approach to the Airplane 1907 1917 examines the development of aviation in the U S Army Navy and Marine Corps from their first official steps into aviation up to the United States declaration of war against Germany in April 1917 Burke explains why each of the services wanted airplanes and show how they developed their respective air arms and the doctrine that guided them His narrative follows aviation developments closely delving deep into the official and personal papers of those involved and teasing out the ideas and intents of the early pioneers who drove military aviation Burke also closely examines the consequences of both accidental and conscious decisions on the development of the nascent aviation arms Certainly the slow advancement of the

technology of the airplane itself in the United States compared to Europe in this period affected the creation of doctrine in this period Likewise notions that the war that broke out in 1914 was strictly a European concern reinforced by President Woodrow Wilson s intentions to keep the United States out of that war meant that the U S military had no incentive to keep up with European military aviation Ultimately however he concludes that it was the respective services inability to create a strong durable network connecting those flying the airplanes regularly technology advocates with the senior officers exercising control over their budget and organization technology patrons that hindered military aviation during this period

Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1914      Heroes and States J. Douglas Canfield, 2021-12-14 To understand the cultural history of England during the Restoration one need look no further than the theater which was attended by the gentry as well as by members of the middle and lower classes The theater of this period embodied the values meanings and power relations of Restoration England In Heroes and States Douglas Canfield argues that drama not only represents but actually helps constitute the value and belief systems of an entire culture Heroes and States completes Canfield's two volume cultural history of Restoration drama begun in Tricksters and Estates On the Ideology of Restoration Comedy In this second volume Canfield shows how Restoration playwrights attempted to reinscribe late feudal aristocratic ideology after the English Civil War In the serious drama of the period conflict is between noble heroes upon whom states are built and transgressors of the established order tyrants traitors usurpers rapists and atheists Canfield considers several sub genres of tragedy He argues that most of these sub genres reaffirm the older ideology after testing it in the fires of conflict Tragical satire on the other hand the most subversive of these sub genres exposes the failure of the ruling class to live up to its own codes and in some cases the absurdity of the codes themselves Canfield also finds playwrights struggling with issues of race and colonialism He uses the work of modern theorists such as Bakhtin Girard Kristeva Derrida Althusser Williams and Eagleton to illuminate aspects of his inquiries Restoration tragedy stands on the cusp of a cultural transition from a late feudal to an early bourgeois ideology and the issues and themes addressed in the theater validate the culture and politics of seventeenth century England
