

Heyday Of The Westerns

David Carter

Heyday Of The Westerns:

The Heyday of the Westerns ,2003 **Westerns and the Trail of Tradition** Barrie Hanfling,2016-04-21 Over the past century the western has fluctuated in popularity By 2010 it has come to stand to the dismay of many at one of its lowest points Beginning with 1929 and the advent of talkies In *Old Arizona* the author discusses the cultural and industry trends the directors producers studios and especially the stars and looks at the ways in which their personalities and financial ups and downs affected the way westerns were shot The improvements in technology through the years the trick horses the fistfight choreography the evolution of plotlines these are fascinating indicators of the way Americans themselves were changing

Genrelecting Diana Tixier Herald,Samuel Stavole-Carter,2019-05-24 Librarians who work with readers will find this well loved guide to be a treasure trove of information With descriptive annotations of thousands of genre titles mapped by genre and subgenre this is the readers advisor s go to reference Next to author genre is the characteristic that readers use most to select reading material and the most trustworthy consideration for finding books readers will enjoy With its detailed classification and pithy descriptions of titles this book gives users valuable insights into what makes genre fiction appeal to readers It is an invaluable aid for helping readers find books that they will enjoy reading Providing a handy roadmap to popular genre literature this guide helps librarians answer the perennial and often confounding question What can I read next Herald and Stavole Carter briefly describe thousands of popular fiction titles classifying them into standard genres such as science fiction fantasy romance historical fiction and mystery Within each genre titles are broken down into more specific subgenres and themes Detailed author title and subject indexes provide further access As in previous editions the focus of the guide is on recent releases and perennial reader favorites In addition to covering new titles this edition focuses more narrowly on the core genres and includes basic readers advisory principles and techniques Western David

Carter,2008-04-28 From the very beginnings of American cinema the Western has been a central genre as the hazardous lives of the settlers their conflict with Native Americans the lawless frontier towns outlaws and cattle rustlers all found their way into the new medium of film This book provides a basic work of reference for all the major directors and noteworthy films of the genre It discusses how folk heroes and heroines such as Jesse and Frank James Wild Bill Hickok Wyatt Earp Calamity Jane and Annie Oakley were all eagerly seized on by filmmakers and how writers from the very popular to the very literary from Zane Grey to Owen Wister and James Fennimore Cooper were plundered for storylines The great Hollywood directors are all here including John Ford Howard Hawks Raoul Walsh Michael Curtiz Sam Peckinpah and Henry Hathaway as well as great stars such as John Wayne James Stewart Gary Cooper Barbara Stanwyck Jane Russell and Clint Eastwood Learn how the Western became popular worldwide by offering escape adventure stunning landscapes and romance as well universal themes such as survival law and order defense of family and dreams of a new and better world A Literary History of the American West Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for

being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance *The Vistas of American Military History 1800-1898* Dr Brian Holden-Reid, Joseph G Dawson III, 2019-01-02 A team of leading American military historians here investigate the factors that shaped the United States Army in the nineteenth century Throwing new light on its history this deeply researched book explores a multiplicity of themes These include the social structure command system and relationship with civil power which are all important in assessing its efficiency and behaviour in war and the way the army is depicted in military literature and cinema which affects its social portrait Deliberately exploring neglected themes this key work includes discussion on the roles of the many volunteer colonels in the Mexican War 1846-48 Robert Wettemann and the alleged isolation of the US Army in the nineteenth century John Ford's famous cavalry trilogy of motion pictures Containing so much food for thought for students of US history and military history this is an entertaining as well as instructional book

Contemporary American Cinema Linda Williams, Michael Hammond, 2006-05-16 One of the rare collections I would recommend for use in undergraduate teaching the chapters are lucid without being oversimplified and the contributors are adept at analyzing the key industrial technological and ideological features of contemporary US cinema Diane Negra University of East Anglia UK Contemporary American Cinema offers a fresh and sometimes revisionist look at developments in the American film industry from the 1960s to the present Readers will find it lively and provocative Chuck Maland University of Tennessee USA Contemporary American Cinema is the book on the subject that undergraduate classes have been waiting for Comprehensive detailed and intelligently organized and written in accessible and compelling prose Contemporary American Cinema will be embraced by instructors and students alike Charlie Keil Director Cinema Studies Program University of Toronto Canada Contemporary American Cinema usefully gathers together a range of materials that provide a valuable resource for students and scholars It is also a pleasure to read Hilary Radner University of Otago New Zealand Contemporary American Cinema deepens our knowledge of American cinema since the 1960s This is an important collection that will be widely used in university classrooms Lee Grieveson University College London UK Contemporary American Cinema is a clear sighted and tremendously readable anthology mapping the terrain of post sixties US cinema with breadth and critical verve Paul Grainge University of Nottingham UK This collection of freshly written essays by leading specialists in the field will most likely be one of the most important works of reference for students and film scholars for years to come Liv Hausken University of Oslo Norway Contemporary American Cinema is the first comprehensive introduction to American cinema since 1960 The book is unique in its treatment of both Hollywood alternative and non mainstream cinema Critical essays from leading film scholars are supplemented by boxed profiles of key directors producers

and actors key films and key genres and statistics from the cinema industry Illustrated in colour and black and white with film stills posters and production images the book has two tables of contents allowing students to use the book chronologically decade by decade or thematically by subject Designed especially for courses in cinema studies and film studies cultural studies and American studies Contemporary American Cinema features a glossary of key terms fully referenced resources and suggestions for further reading questions for class discussion and a comprehensive filmography Individual chapters include The decline of the studio system The rise of American new wave cinema The history of the blockbuster The parallel histories of independent and underground film Black cinema from blaxploitation to the 1990s Changing audiences The effects of new technology Comprehensive overview of US documentary from 1960 to the present Contributors include Stephen Prince Steve Neale Susan Jeffords Yvonne Tasker Barbara Klinger Jim Hillier Peter Kramer Mark Shiel Sheldon Hall Eithne Quinn Michele Aaron Jonathan Munby *Texas Trilogy* Craig D. Hillis, Bruce F. Jordan, 2002 The history of the people of Bosque County Texas The Western David Lusted, 2014-10-13 The Western introduces the novice to the pleasures and the meanings of the Western film shares the excitement of the genre with the fan addresses the suspicions of the cynic and develops the knowledge of the student The Western is about the changing times of the Western and about how it has been understood in film criticism Until the 1980s more Westerns were made than any other type of film For fifty of those years the genre was central to Hollywood's popularity and profitability The Western explores the reasons for its success and its latter day decline among film makers and audiences alike Part I charts the history of the Western film and its role in film studies Part II traces the origins of the Western in nineteenth century America and in its literary theatrical and visual imagining This sets the scene to explore the many evolving forms in successive chapters on early silent Westerns the series Western the epic the romance the dystopian the elegiac and finally the revisionist Western The Western concludes with an extensive bibliography filmography and select further reading Over 200 Westerns are discussed among them close accounts of classics such as *Duel in the Sun* *The Wild Bunch* and *Unforgiven* formative titles like John Ford's epic *The Iron Horse* and early cowboy star William S Hart's *The Silent One* together with less familiar titles that deserve wider recognition including *Comanche Station* *Pursued* and *Ulzana's Raid* **The A to Z of Westerns in Cinema** Paul Varner, 2009-09-28 When the earliest filmgoers watched *The Great Train Robbery* in 1903 many of them shrieked in terror at the very last clip when one of the outlaws turns directly toward the camera and fires a gun seemingly directly at the audience The puff of smoke was sudden and it was hand colored so that it looked real Today we can look back at that primitive movie and see all the elements of what would evolve into the Western genre Perhaps it is the Western's early origins *The Great Train Robbery* was the first narrative commercial movie or its formulaic yet entertaining structure that has made the Western so popular Whatever the case may be with the recent success of films like *3:10 to Yuma* and *The Assassination of Jesse James by the Coward Robert Ford* the Western appears to be in no danger of disappearing The story of the western is told in *The A to Z of*

Westerns in Cinema through a chronology a bibliography and an introductory essay However it is the hundreds of cross referenced dictionary entries on cinematographers composers producers films like Butch Cassidy and the Sundance Kid Dances With Wolves The Good The Bad and the Ugly High Noon The Magnificent Seven The Searchers Tombstone and Unforgiven such actors as Gene Autry Kirk Douglas Clint Eastwood Henry Fonda James Stewart and John Wayne and directors like John Ford and Sergio Leone that will have you reaching for this book again and again

The Old West in Fact and Film Jeremy Agnew, 2012-11-15 For many years movie audiences have carried on a love affair with the American West believing Westerns are escapist entertainment of the best kind harkening back to the days of the frontier This work compares the reality of the Old West to its portrayal in movies taking an historical approach to its consideration of the cowboys Indians gunmen lawmen and others who populated the Old West in real life and on the silver screen Starting with the Westerns of the early 1900s it follows the evolution in look style and content as the films matured from short vignettes of good versus bad into modern plots

History vs Hollywood M J Trow, 2024-05-30 Film studios have been making historical movies now for over a century In that time thousands of films have been made covering not just centuries but millennia Did Neanderthal woman really look like Raquel Welch in her bearskin bikini Did 6 000 rebellious slaves claim that they were Spartacus Did Berengaria complain to her husband Richard the Lionheart War war that s all you think about Dick Plantagenet Was El Cid strapped to his horse s saddle to lead his army after he was dead These aren t questions of history they are questions of Hollywood Charlton Heston was a foot too tall for General Charles Gordon John Wayne was a tad too American for Genghis Khan Eric von Stroheim s bald head was an odd choice for the perfectly hirsute Erwin Rommel And Warren Beatty and Fay Dunaway were far too gorgeous for bank robbers Bonnie and Clyde Hollywood never gets it right History and its characters are endlessly complicated and producers directors and screenwriters have a simple story to tell They have a maximum of two hours to explain what happened over weeks or months or years and many of it give it their best shot Yet for all Hollywood s shortcomings in recreating the past it has managed to evoke eras and people long dead in a magical way that has kept millions of us enthralled for generations

The Spectral West Keith McDonald, Wayne Johnson, 2025-07-08 This book considers the presence of the supernatural and Gothic elements of the Western on screen These dark and sinister undertones often exist in Western narratives to draw attention to the ever present issue of death and its haunting resonance which characters encounter This book examines this through key historic moments in Western film and its contemporary incarnations The book detects imposing correlations in themes and currents between the Gothic and the Western relating to existential crisis and a loss of faith in ideologies and institutions These themes represent the tensions between the old and the new the deranged insistence on civility and order in a chaotic landscape disillusionment and the shattering of faith in the natural order and even nature and order themselves The Western just like the Gothic tale reminds us that new frontiers are mired in the past and optimism and survival are hunted down and haunted by guilt ridden past and

passed anxieties and traumas *The Landscapes of Western Movies* Jeremy Agnew, 2020-10-15 Western films have often been tributes to place and setting with the magnificent backdrops mirroring the wildness of the narratives As the splendid outdoor scenery of Westerns could not be found on a studio back lot or on a Hollywood sound stage the movies have been filmed in the wide open spaces of the American West and beyond This book chronicles the history of filming Westerns on location from shooting on the East Coast in the early 1900s through the use of locations in Utah Arizona and California in the 1940s and 1950s and filming Westerns in Mexico Spain and other parts of the world in the 1960s Also studied is the relationship between the filming location timeline and the evolving motion picture industry of the twentieth century and how these factors shaped audience perceptions of the Real West *The Pleasures of Reading* Catherine Sheldrick Ross, 2014-06-27 Based on years of ground breaking research this book supplies a look at the unique relationship between each text and the individual reader that results in a satisfying pleasurable and even life changing reading experience Following up on her critically acclaimed *Reading Matters What the Research Reveals about Reading Libraries and Community* Catherine Sheldrick Ross takes a new look at pleasure reading through 30 thought provoking essays based on themes arranged from A to Z In short lively chapters she discusses topics ranging from Alexia Bad Reading and Changing Lives to Romance Fiction Self help Titles Vampires and Year of Reading Drawing on her own research as well as other published sources Ross comments on the significance of each theme provides examples of the phenomenon and develops the topic chronologically through further examples or through reversals The essays are unified by an underlying theory of reading that views readers as sense makers actively engaged in reading themselves into the text and reading the texts back into their own lives It gives educators and librarians insights into their roles with readers and offers a message about the importance of pleasure reading A short list of resources for further reading is supplied with each topic Masculinity in Fiction and Film Brian Baker, 2008-06-08 Covers wide range of popular British and American fiction and film including Westerns spy fiction science fiction and crime narratives Rockstar Games and American History Esther Wright, 2022-08-22 For two decades Rockstar Games have been making games that interrogate and represent the idea of America past and present Commercially successful fan beloved and a frequent source of media attention Rockstar s franchises are positioned as not only game changing ground breaking interventions in the games industry but also as critical cultural histories on America and its excesses But what does Rockstar s version of American history look like and how is it communicated through critically acclaimed titles like *Red Dead Redemption* 2010 and *L A Noire* 2011 By combining analysis of Rockstar s games and a range of official communications and promotional materials this book offers critical discussion of Rockstar as a company their video games and ultimately their attempts at creating new narratives about U S history and culture It explores the ways in which Rockstar s brand identity and their titles coalesce to create a new kind of video game history how promotional materials work to claim the authenticity of these products and assert the authority of game

developers to perform the role of historian By working at the intersection of historical game studies U S history and film and media studies this book explores what happens when contemporary demands for historical authenticity are brought to bear on the way we envisage the past and whose past it is deemed to be Ultimately this book implores those who research historical video games to consider the oft forgotten sources at the margins of these games as importance spaces where historical meaning is made and negotiated Watch our book talk with the author Esther Wright here https://youtu.be/AaC_9XsXCQ

American Film History Cynthia Lucia,Roy Grundmann,Art Simon,2015-06-25 From the American underground film to the blockbuster superhero this authoritative collection of introductory and specialized readings explores the core issues and developments in American cinematic history during the second half of the twentieth century through the present day Considers essential subjects that have shaped the American film industry from the impact of television and CGI to the rise of independent and underground film from the impact of the civil rights feminist and LGBT movements to that of 9 11 Features a student friendly structure dividing coverage into the periods 1960 1975 1976 1990 and 1991 to the present day each of which opens with an historical overview Brings together a rich and varied selection of contributions by established film scholars combining broad historical social and political contexts with detailed analysis of individual films including Midnight Cowboy Nashville Cat Ballou Chicago Back to the Future Killer of Sheep Daughters of the Dust Nothing But a Man Ali Easy Rider The Conversation The Texas Chain Saw Massacre Longtime Companion The Matrix The War Tapes the Batman films and selected avant garde and documentary films among many others Additional online resources such as sample syllabi which include suggested readings and filmographies for both general and specialized courses will be available online May be used alongside American Film History Selected Readings Origins to 1960 to provide an authoritative study of American cinema from its earliest days through the new millennium

A Cultural History of the Bushranger Legend in Theatres and Cinemas, 18282017 Andrew James Couzens,2019-01-31 A Cultural History of the Bushranger Legend in Theatres and Cinemas 1828 2017 is a multidisciplinary investigation into the history of cultural representations of the bushranger legend on the stage and screen charting that history from its origins in colonial theatre works performed while bushrangers still roamed Australia s bush to contemporary Australian cinema It considers the influences of industrial political and social disruptions on these representations as well as their contributions to those disruptions The cultural history recounted in this book provides not only an insight into the role of popular narrative representations of bushrangers in the development and reflection of Australian character but also a detailed case study of the specific mechanisms at work in the symbiosis between a nation s values and its creative production

Rethinking Third Cinema Frieda Ekotto,Adeline Koh,2009 In 1968 Argentinean Filmmakers Fernando Solanas and Octavio Getino first articulated the theory of a Third Cinema a revolutionary genre of cinema that would counter oppression on a global scale Intended to be a guerilla cinema geared at contesting the overwhelming dominance of Western cinema Solana and Getino distinguished Third Cinema from other forms of cinema

classifying these other types as First Cinema commercial cinema epitomized by Hollywood and Second Cinema Third Cinema was supposed to be a liberatory tool particularly for the bulk of the world that was subject to European imperialism such as Latin America Africa and Asia Spanning a wide geographical spread of cinemas ranging from Latin America North and Sub Saharan Africa the Caribbean and Asia this book addresses the following questions how can we rethink the concept of Third Cinema for today How do new national cinemas and their accompanying media industries reflect the concerns of societies that are struggling with the implications of accelerated modernization and how are these concerns configured in new genres of aesthetics Is there still a Third Cinema component in contemporary cinemas and if so how can it be understood
