## Hidden America:

**Hidden America** Jeanne Marie Laskas, 2013-09-03 An Oprah com Must Read Book Award winning journalist Jeanne Marie Laskas reveals enlightening entertaining and often poignant profiles of America's working class the forgotten men and women who make our country run Take the men of Hopedale Mining company in Cadiz Ohio Laskas spent several weeks with them both below and above ground and by the end you will know not only about their work but about Pap and his dying mom Smitty and the mail order bride who stood him up at the airport and Scotty and his thwarted dreams of becoming a boxing champion That is only one hidden world Others that she explores an Alaskan oil rig a migrant labor camp in Maine the air traffic control center at LaGuardia Airport in New York a beef ranch in Texas a landfill in California a long haul trucker in Iowa a gun shop in Arizona and the Cincinnati Ben Gals cheerleaders mere footnotes in the moneymaking spectacle that is professional football Jeanne Marie Laskas is a reporting and writing powerhouse She doesn't just interview the people who dig our coal and extract our oil she goes deep into the mines and tundra with them With beauty wit curiosity and grace she finds the hidden soul of America Hidden America is essential reading Rebecca Skloot author of *The Immortal Life of Henrietta Lacks* *The Hidden America* Robert M. Moore, 2001 Moore dispels the myths that rural life does not contain urban problems such as poor parenting and substance abuse while its economy depends on farming or mineral extraction The realities and recent changes in rural life mean that social services must adapt to the needs of the rural communities

Arabia's Hidden America Fadia Basrawi, 2007 In those days of random destruction and trigger happy militiamen one never knew what to expect to see on the streets I was doing my grocery shopping one afternoon when two militia boys rushed past One had three revolvers stuffed in his belt and the other had two bullet belts crisscrossing his chest and two Kalashnikovs slung over his shoulder Both were carrying bouquets of red roses It was Mother's Day from Arabia's Hidden America Author Fadia Basrawi a Saudi Arab grew up in the strictly circumscribed and tailor made desert Disneyland of Aramco the Arabian American Oil Company This slice of modern suburban middle class America was located in Dharan one of the leading cities of Saudi Arabia a theocratic Muslim kingdom run according to strict Wahabbi Shari'a law Eventually Fadia moved to Beirut the glitzy Paris of the Middle East to attend high school In Beirut she fell in love with a passionate and idealistic Lebanese journalist with whom she eloped against her parents' wishes subsequently getting caught up in Lebanon's fifteen year civil war while raising a family of five children Providing a fascinating account of a Saudi woman's painful journey from naive Aramco girl to life as a resident of a war torn capital city this book provides new insight into two very different Middle Eastern worlds about which so little is known by those living outside the region *Forgotten Lost and Hidden America 2 Sequel* James Davis III, 2016-06-06 Synopsis *Forgotten Lost and Hidden America 2 Sequel* is a continuation of the social issues growing up through the seventies and following years to come The main character Blake after serving some time in prison back in his old community he witnessed a negative transformation in the community the environment has

improved but many of the people weren't the same due to drug addictions alcohol abuse unemployment and immigration This story raises several issues to bring about some awareness as the author sees it After some reviews of the first book the author believes that he needs to explain the two main characters in the story Sputnik and Blake The name Sputnik is actually a nickname of the author but he didn't use the name because it was his nickname He used the name because of what it represents the name derived from the Russians Soviet Union back in 1957 They sent up in orbit the first successful satellite and called it Sputnik What does a satellite do It sends signals to your television radio phone and computer and it communicates information In the story what does Sputnik do He's a mentor he communicates information about the street life to Blake Whose Blake Blake is a typical Black youth Blake black which also has some personal attributes of the author's life These characters were befitting of the story the author wanted to present Some of the story is fabricated but most of it is true Some of the characters are fabricated but realistic Through these characters the author intended to capture some of the things he witnessed and heard about as a youth People he looked up to growing up in the community including his brother he didn't know enough about their life story so he put bits and pieces of their attributes in the character of Sputnik and Blake to tell this story Therefore to those who might misunderstand the author's intention I hope now you have a better understanding In spite of some issues mentioned about American and Foreign Muslim communities there are many sincere practicing dedicated good Muslim brothers and sisters of all races I'm just pointing out what I experienced and spoke to other African American brothers about who acknowledge a similar experience in these communities and there are as many good Hispanic and Caucasian people but it doesn't seem like they are the ones running and controlling things
