Bellantoni's excavations, his interaction with two Native families and his participation in their repatriations have given him unique insights into the importance of heritage and family among contemporary Native communities and their common ground with archaeologists. His natural storytelling abilities allow him to share these meaningful stories with a larger general audience. Bellantoni recovers from obscurity the remarkable life, journeys, dreams, and deaths of two Native men and the two worlds they lived in. Paul Grant Costa Yale Indian Papers Project. Based on meticulous forensic research, Bellantoni's tale of two indigenous youth from different cultures and time periods and their struggles to survive cultural upheavals clearly reveals the chaotic effects of American colonialism on Native peoples. The book is a major contribution to the field of Postcolonial Studies. Lucianne Lavin, author of *Connecticut's Indigenous Peoples*. **Hidden Mexico** Rebecca Bruns, 1987
