Finnish Industrial Design:

Finnish Industrial Design Tuula Poutasuo, 1987 **Industrial Design, Competition and Globalization** G. Rusten, J. Bryson, 2009-11-19 Economic activities are becoming increasingly globalised One result being that for companies in developed market economies price based competition is being replaced or supplemented by other forms of competitiveness This book explores the shift towards design based competitiveness and the escalation in the design intensity of goods and services *100 År Konstindustri i Finland* Erik Kruskopf, 1975 **The Art and Occupation of Stage Design in Finnish Theatres** Laura Gröndahl, 2024-08-01 This study explores the formation establishment expansion and disintegration of stage design as a modern profession and a recognized artform in Finnish theatres Drawing on oral or written recollections and thoughts of stage designers from different decades the author asks how their artistic agencies occupational identities and theoretical self understanding have been constituted She analyses Finnish theatre history from new perspectives by shifting the focus from finished performances to largely unknown practices behind the scenes This book examines the cultural institutions that have constituted the stage designers role and position like the professional city theatre system the craft union and education This research shows how modern and postmodern scenographic innovations have been assimilated to local contexts and how material and cultural circumstances have reshaped the artistic practices Without bypassing canonical trendsetters or hegemonic cultural mindsets the focus is directed on the everyday grassroot level of stage design practices Personal interviews with over 20 designers make visible an ample repertoire of unwritten knowledge stored in habitual ways of working and dealing creatively with the complex system of theatre making This book will be of great interest to students and scholars in theatre and performance studies with a focus on scenography **Design in Finland**, 1988

Transnational Discourses in Nordic Design Astrid Skjerven, Rachel Gotlieb, 2024-11-14 Challenging the stereotypes of Scandinavian design these essays explore design in Denmark Norway and Sweden and assess the different roles that Finland and the wider Nordic region had in forming an image of Scandinavian design throughout the world By examining the legacy of Nordic design and its global impact editors Astrid Skjerven and Rachel Gotlieb shed light on the development of national and regional design identities and their historical associations Authors investigate the transnational circulation of ideas throughout the later 20th century and consider the influences on design practices production and consumerism They look at how different countries negotiated and promoted Nordic branding and ideology and offer new perspectives on design in relation to sustainability changing economies and indigenous traditions A range of leading international scholars evaluate the popularity of Nordic style in Soviet material culture the influence on jewellery design in post war Britain the impact of national design conferences exhibitions and education in Europe the USA Canada and Japan Drawing from a wealth of archival material and interviews with designers makers and other stakeholders this book reveals a lesser known history of cross cultural collaborations exhibition production and tensions between mainstream and indigenous design in Scandinavia

Nordic Design Cultures in Transformation, 1960-1980

Kjetil Fallan, Christina Zetterlund, Anders V. Munch, 2022-08-30 Covering the 1960s and 1970s this volume explores new ways of investigating comparing and interpreting the different domains of design culture across the Nordic countries Challenging the traditional narrative this volume argues that the roots of the most prominent features of Nordic design s contemporary significance are not to be found amongst the objects for the home collectively branded as Scandinavian Design to great acclaim in the 1950s but in the discourses institutions and practices formed in the aftermath of that oft told success story during the turbulent period between 1960 and 1980 This is achieved by employing multidisciplinary approaches to connect the domains of industrial production marketing consumption public institutions design educations trade journals as well as public debates and civic initiatives forming a design culture This book makes a significant contribution to current international agendas of historiographical critique focusing on transnational relations and the deconstruction of national design histories This book will be of interest to scholars in design design history and Scandinavian studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
