as a foreword for the 1940 book Our Singing Country it was considered too long and was replaced by a much shorter version According to her stepson Pete Seeger when the original was not included Ruth suffered one of the biggest disappointments of the last ten years of her life It just killed her She was trying to analyze the whole style and problem of performing this music Along with her children Mike and Peggy Seeger he has long desired to see this work in print as it was meant to be read The manuscript has been edited from several varying sources by Larry Polansky with the assistance of Seeger's biographer Judith Tick It is divided into two sections I A Note on Transcription and II Notes on the Songs and on Manners of Singing Seeger examines all aspects of the relationship between singer song notation the eventual performer and the transcriber In Section I Seeger develops a complex and well organized system of notation for these songs which is meant to be both descritive transcription as cultural preservation and prescriptive she intended that others would be able to perform these songs In Section II she provides an interpretive theory for performance of this music and suggests how performers might make the songs their own through a deep knowledge of the original styles Ruth Crawford Seeger considered this work to be both a major accomplishment and a central statement of her own ideas on the topic Larry Polansky is Associate Professor of Music at Dartmouth College and a well known composer and theorist on American music Judith Tick is Professor of Music at Northeastern University and author of the first major biography of Ruth Crawford Seeger Children from the Other America Michele López-Stafford Levy, 2016-07-15 Necessity is the mother of invention and this all began with a plea on a listsery We have a sixteen year old Mayan Quiche young man who won t stop crying in our school How desperate must a parent be to say goodbye to their child children to perhaps never see them again because of wars in Syria or gang violence in Central America making citizens so desperate Will the children make it alive to the next border with so many more to cross Will they really eventually meet up with family Or is this pure folly Will these children be able to go to school for an equitable education and have a much better life than their parents could ever imagine More important are the implications for U S schools how are they managing the sudden influx of children refugees who are road weary and expected to participate in school structures seamlessly Many are not aware that linguistically these children may not be Spanish speaking but only communicate in their own indigenous language <u>Unpacking John 1 Julie Guggino, 2015-01-07 Unpacking John 1 was</u> conceived at my kitchen table I had just finished an intense study the previous morning Feeling somewhat aimless that morning I said to myself It's been a while since I studied one of the gospels Guess I ll read John Two and a half years later I finished John 1 The first chapter of John s gospel starts in the beginning and concludes with a picture of heaven opening That struck me as significant As I explored what was contained between the beginning and the end I was stunned to count seventeen themes in just that one chapter Unpacking John 1 is a topical study of the seventeen themes I discovered that morning while eating breakfast As I wrote I envisioned three primary audiences people who were curious about the Bible and wanted an overview of some of its important themes people who were interested in studying John 1 and pastors and teachers

preparing to teach about John's gospel or any of the themes found in John 1 What sets this book apart from other studies of John 1 is that the scriptures themselves become the commentary for the topics Each theme is a chapter Creation and the Word Life Light and Darkness John the Baptist and His Message Children of God Glory The One and Only Grace Truth Lamb of God Baptism The Holy Spirit Following the Rabbi The Messiah The Law and the Prophets The Son of God The King of Israel and Open Heaven And He Dwelt Among Us A. W. Tozer,2010-10-26 Teachings from the Gospel of John Many Christians are familiar with the prophetic voice of Tozer but few living today were blessed to sit under his weekly teaching from the pulpit The Gospel of John was Tozers favorite book of the Bible and the focus of these writings adapted from sermons given to his parishioners is the Incarnation and what it means for believers lives Christ came down to earth in order to lift men and women up into the heaven lies No other New Testament writer not even the amazing apostle Paul presents Christ with a passion equal to Johns the Beloved Tozer captures the spirit of John and presents his winsome and enthralling portrait of Christ challenging readers to discover a fresh and overwhelming desire for Him Readers will be captivated anew by the One we call Lord Available Fall 2009
