Helpmann, the authorised biography of Sir Robert helpman cbe, forward Elizabeth Salter, 1978      Genre Beyond Borders Bruno Bower, Elisabeth Honn Hoegberg, Sonja Starkmeth, 2023-12-18 This book offers an innovative approach to understanding operetta drawing attention to its malleability and resistance to boundaries These shows have traversed and continue to traverse with ease the national borders which might superficially define them or draw on features from many other genres without fundamentally changing in tone or approach The chapters move from nineteenth century London and Paris to twentieth century North America South America and Europe to present day Australia Some offer fresh understandings of familiar composers such as Johann Strauss or Gilbert and Sullivan while others examine works or composers that are less well known The chapter on Socialist operetta in Czechoslovakia in particular will almost certainly be a revelation to anyone from Western Europe or the US where operetta is often understood to be a bourgeois phenomenon As

a summary of the current state of the field this collection showcases the many possible pathways for future scholars who wish to explore it
