Conquering Peace Stella Ghervas, 2021-03-30 A bold new look at war and diplomacy in Europe that traces the idea of a unified continent in attempts since the eighteenth century to

engineer lasting peace Political peace in Europe has historically been elusive and ephemeral Stella Ghervas shows that since the eighteenth century European thinkers and leaders in pursuit of lasting peace fostered the idea of European unification Bridging intellectual and political history Ghervas draws on the work of philosophers from Abb de Saint Pierre who wrote an early eighteenth century plan for perpetual peace to Rousseau and Kant as well as statesmen such as Tsar Alexander I Woodrow Wilson Winston Churchill Robert Schuman and Mikhail Gorbachev She locates five major conflicts since 1700 that spurred such visionaries to promote systems of peace in Europe the War of the Spanish Succession the Napoleonic Wars World War I World War II and the Cold War Each moment generated a spirit of peace among monarchs diplomats democratic leaders and ordinary citizens The engineers of peace progressively constructed mechanisms and institutions designed to prevent future wars Arguing for continuities from the ideals of the Enlightenment through the nineteenth century Concert of Nations to the institutions of the European Union and beyond Conquering Peace illustrates how peace as a value shaped the idea of a unified Europe long before the EU came into being Today the EU is widely criticized as an obstacle to sovereignty and for its democratic deficit Seen in the long range perspective of the history of peacemaking however this European society of states emerges as something else entirely a step in the quest for a less violent world Realism, Strength, Negotiation ,1984 An anthology of 40 speeches by President Ronald Reagan Vice President George Bush and Secretary of State George Shultz Taken together they represent a comprehensive accounting of the Reagan administration s foreign policy the principles on which it is based its goals and purposes the plans and programs by which it has been advanced and the progress it has made toward achieving its goals The addresses cover each of the regions of the world and the major foreign policy initiatives undertaken by the Reagan administration
