established aristocracy the site of international trade fairs and a center for artistic literary and intellectual production It had  
not always been this way notes Theodore Evergates who charts the ascent of Champagne under the rule of Count Henry the  
Liberal Tutored in the liberal arts and mentored in the practice of lordship from an early age Henry commanded the barons  
and knights of Champagne on the Second Crusade at twenty and succeeded as count of Champagne at twenty five Over the  
next three decades Henry immersed himself in the details of governance most often in his newly built capital in Troyes where  
he resolved disputes confirmed nonlitigious transactions and monitored the disposition of his fiefs He was a powerful  
presence beyond the county as well serving in King Louis VII's military ventures and on diplomatic missions to the papacy  
and the monarchs of England and Germany Evergates presents a chronicle of the transformation of the lands east of Paris as  
well as a biography of one of the most engaging princes of twelfth century France Count Henry was celebrated for balancing  
the arts of governance with learning and for his generosity and inquisitive mind but his enduring achievement Evergates  
makes clear was to transform the county of Champagne into a dynamic principality within the emerging French state      **A**
