Heres One Marine:

The Marine Corps Gazette ,1962 Once a Marine... Jamieson,2009-02 Once a Marine always a Marine I heard that expression countless times growing up in reference to my father Roger Jamieson He was a World War II era Marine officer He was one of 17 million Americans who put their lives on hold to defend our great nation He suffered from fleas and jungle rot Dengue Fever dysentery and Hepatitis A He was wounded twice and suffered the loss of his entire platoon He also lost his cousin David who was killed in action This is a story about my father s life his upbringing and subsequent training in the Marines It is a story about the battles he faced along the way some internal and some external It is also a story about a father and son revisiting old battlefields and reliving bad memories in the quest for closure Roger would say that he didn t do anything special or different from anyone else In the end he his extended family and neighborhood sacrificed and suffered like all Americans did during the war separation loneliness illness injury and death of loved ones and comrades But to me my father was a brave man and my hero And like millions of his fellow servicemen and women when the war was over Roger married found work and raised a family and tried to put the war behind him We kids all knew about the Marines We were indoctrinated and believed they were the top branch in all the U S Armed Forces Most of my early recollections about World War II were based on the Hollywood heroics of John Wayne the television series *Combat* and the like My understanding about what our World War II veterans did was superficial at best In 1994 while watching a documentary on the 50th anniversary of D Day Normandy I began to think about my dad and what he must have gone through in the Pacific I knew he had quietly harbored a lot of guilt and pain over the years It became my goal and passion to help him experience as much healing as possible Thus we joined a reunion tour to Okinawa and took side tours to Guam and Saipan The year of preparation and the trip yielded many unexpected surprises and discoveries Part One of this book chronicles Roger Jamieson s life growing up in New Jersey and continues through his Marine Corps career Part Two is a story of rediscovery in which my dad and I retrace his steps as a Marine officer with the hope of coming to term with his past A portion of the proceeds from this book will be donated to the Injured Marine Semper FiFund Visit [www onceamarinebook info](http://www.onceamarinebook.info) *One Marine's Life* David Nay,2023-04-05

It was a wonderful life complete with worldly adventures and my exceptional family **On Their Own** Joyce Hoffmann,2008-06-24 Over three hundred women both print and broadcast journalists were accredited to chronicle America s activities in Vietnam Many of those women won esteemed prizes for their reporting including the Pulitzer the Overseas Press Club Award the George Polk Award the National Book Award and the Bancroft Prize for History Tragically several lost their lives covering the war while others were wounded or taken prisoner In this gripping narrative veteran journalist Joyce Hoffmann tells the important yet largely unknown story of a central group of these female journalists including Dickey Chapelle Gloria Emerson Kate Webb and others Each has a unique and deeply compelling tale to tell and vivid portraits of their personal lives and professional triumphs are woven into the controversial details of America s twenty year

entanglement in Southeast Asia **A Marine's Letters** Gloria Mallamas,2012 My memories of The Battle of Bloody Ridge Pages 423 426 **The Mysteries** Ita Wegman,2016-03-21 To Ita Wegman the Mysteries were a subject of abiding significance and one which played a major part in the relationship between herself and her teacher Rudolf Steiner Not only did he bestow upon her intimate revelations of Mysteries from a distant past but he also answered her request for a renewal of the Mysteries today from the Foreword What is our anthroposophy other than a Mystery knowledge bestowed on us anew by our teacher Rudolf Steiner Ita Wegman This unique collection presents Ita Wegman s principal writings and lectures on the Mysteries both the Mysteries of the ancient world to which she felt personally connected and the spiritual science of anthroposophy which she saw as the contemporary form of Mystery wisdom The volume begins with Ita Wegman s firsthand account of Rudolf Steiner s final days and hours on earth written immediately after his death in 1925 followed by several of her powerful letters To All Members and their related Leading Thoughts Various longer studies are featured including her lecture A Fragment from the History of the Mysteries delivered at the opening of the second Goetheanum in 1928 articles on Ephesus and the Colchian Mysteries and personal impressions of Columba s Iona the island of Staffa with its initiatory Fingal s Cave and Palestine the land where Christ once walked the earth These writings several composed specifically for an English readership bring us closer to the inner being of Ita Wegman offering insight into her knowledge vision and understanding of anthroposophy Her stimulating ideas throw light on the transformation of the ancient Mysteries to anthroposophical knowledge and activity today Uncertain Ground Phil Klay,2022-05-17 From the National Book Award winning author of Redeployment and Missionaries an astonishing fever graph of the effects of twenty years of war in a brutally divided America When Phil Klay left the Marines a decade ago after serving as an officer in Iraq he found himself a part of the community of veterans who have no choice but to grapple with the meaning of their wartime experiences for themselves and for the country American identity has always been bound up in war from the revolutionary war of our founding to the civil war that ended slavery to the two world wars that launched America as a superpower What did the current wars say about who we are as a country and how should we respond as citizens Unlike in previous eras of war relatively few Americans have had to do any real grappling with the endless invisible conflicts of the post 9 11 world in fact increasingly few people are even aware they are still going on It is as if these wars are a dark star with a strong gravitational force that draws a relatively small number of soldiers and their families into its orbit while remaining inconspicuous to most other Americans In the meantime the consequences of American military action abroad may be out of sight and out of mind but they are very real indeed This chasm between the military and the civilian in American life and the moral blind spot it has created is one of the great themes of Uncertain Ground Phil Klay s powerful series of reckonings with some of our country s thorniest concerns written in essay form over the past ten years In the name of what do we ask young Americans to kill and to die In the name of what does this country hang together As we see at every turn in these pages those two questions have a

great deal to do with each another and how we answer them will go a long way toward deciding where our troubled country goes from here [Marine Recruiter](#) ,1941 [A Ditch In Egypt](#) Malcolm Archibald,2022-05-30 Egypt 1882 Jack Windrush has to combine his role as Lieutenant Colonel of the Royal Malverns with an unwanted position as a spy for General Hook Colonel Arabi has led an Egyptian rebellion against the Khedive hereditary ruler of Egypt for the Ottoman Turks and the British fear for the security of the Suez Canal and the passage to India Jack and his men have to compete with the heat insects and General Wolseley Adding to the complexities of war Jack s old adversaries of the Fenians become involved as does Major Costello of the US Marines Together with the Royal Malverns can he find the way through and emerge victorious The 11th novel in Malcolm Archibald s Jack Windrush series A Ditch In Egypt is a riveting story of a Victorian military officer s life set in the Eastern Mediterranean **Collected Reprints, 1971-1972** ,1973 [Collected Reprints: 1971-72](#) Environmental Research Laboratories,1973 **Collected Reprints - Atmospheric Physics and Chemistry Laboratory** Atmospheric Physics and Chemistry Laboratory,1973 *The Coldest War* James Brady,2007-04-01 The author and Korean War veteran vividly describes his time on the frontlines in this military memoir war reporting at its best reads like a novel Walter Cronkite In 1947 seeking to avoid the draft nineteen year old Jim Brady volunteered for a Marine Corps program that made him a lieutenant in the reserves on the day he graduated college He didn t expect to be sent overseas three years later to lead a rifle platoon against a deadly enemy But in Korea he received a rapid education in the realities of war and the pressures of command In *The Coldest War* Brady vividly describes the miasma of trench warfare how death comes in fits and starts as artillery from both sides seeks out men in their bunkers and how constant alertness is crucial for survival while brutal cold and a seductive silence can lull soldiers into a fatal stupor The Korean War affected the lives of all Americans yet is little known about this Forgotten War Here is the inside story as it deserves to be told **NOAA**. Fox,2011 Intrigued by the mystique and challenge of the Marine Corps eighteen year old Wesley Fox enlisted in the summer of 1950 shortly after the outbreak of the Korean War He saw action with the First Marine Division in Korea and was wounded in 1951 After Korea Fox advanced steadily in the enlisted ranks reaching the rank of first sergeant and early in the Vietnam War he received an appointment as second lieutenant While serving as a rifle company commander with the Third Marine Division in 1969 he was twice wounded in a vicious battle during Operation Dewey Canyon Early in this battle every member of the company s command staff was either wounded or killed In an all or nothing effort led by First Lieutenant Fox his company repulsed the attack of a much larger enemy force and then counterattacked with devastating results For conspicuous gallantry and intrepidity at the risk of his life above and beyond the call of duty Fox received the Medal of Honor which President Richard Nixon presented to him at the

White House Despite the personal sacrifice and frequent danger Fox resolutely embraced the ethos of the Marine Corps risking his life on numerous occasions and emerging as a leader in one of the most respected and feared fighting organizations in the world Readers interested in U S military history from the second half of the twentieth century in the Marine Corps and in inspiring tales of personal achievement will find plenty of each in Fox s extraordinary memoir The Reserve Marine ,1960
