Nouvion is well known collector and author of operatic subjects. He was born in Zurich and is a US citizen. He studied at the Swiss Federal Institute of Technology in Zurich and at Stanford University in Palo Alto. He worked mostly in the semiconductor testing equipment field and sold US Equipment from Russia to Tokyo. Early on he became very interested in Opera and developed his knowledge in singing from the reissues by Guy Dumazert. He currently maintains a comprehensive website on tenors historicaltenors.com and a YouTube channel on Historical tenors. Although his interest on Irish French tenor John O Sullivan dates from his early days he finally started researching the tenor's career in the early 90s after meeting O Sullivan's children Jacques Colette and Raymonde. After much work contacting the different libraries all over the world with the Paris and Marseilles libraries being the most difficult to work with he finally started writing the O Sullivan biography in 2007. It is now published. He only regrets that Jacques O Sullivan the tenor's son did not live to witness the publication.

Alto Dan H. Marek, 2016-10-20. Everyone is familiar with the words diva or prima donna which have come to mean a usually outrageous operatic soprano but there was a time when the star of the show was more often a contralto or a soprano singing in today's mezzo soprano range. This performer was referred to as an alto. In the 17th and 18th centuries the male and female leading roles were likely to be sung by emasculated males the alto castrati although there were many great female altos during this period as well. The music for these fantastic artists written by such composers as Porpora, Vinci, Hasse and even Handel has been largely forgotten. At the beginning of the 19th century as the castrati died out their roles were often assumed by female altos referred to as musici. New repertoire continued to be written for them by Rossini and others but gradually this musical tradition and technique was lost. Now however because of the talent and industry of such gifted artists as Marilyn Horne, Cecilia Bartoli and Joyce DiDonato and the sudden ease with which the performance of these forgotten works can be obtained there is a resurgence of interest in the performance and preservation of this lost art.

Alto The Voice of Bel Canto examines the careers of nearly 320 great alto singers including the great castrati from the dawn of opera in 1597 to the present. The music of the composers who wrote for the alto voice is discussed along with musical examples and suggestions for listening. The exploration of the greatest altos careers and techniques offers inspiration for aspiring young singers as well as absorbing reading for the music lover who wants to know more about the fascinating world of opera.

Puccini's La Bohème Alexandra Wilson, 2021. Giacomo Puccini's La Bohème is one of the most frequently performed operas in the world. But how did it come to be so adored? In this book author Alexandra Wilson traces La Bohème's rise to fame and demonstrates that its success grew steadily through stage performances, recordings, filmed versions and the endorsements of star singers. More recently popular songs, film soundtracks and musicals that draw on the opera's music and themes added further to its immense cultural impact. This cultural history offers a fresh reading of a familiar work. Wilson argues that La Bohème's approach to realism and its flouting of conventions of the Italian operatic tradition made it strikingly modern for the 1890s. She explores how Puccini and his librettists engaged with gender, urban poverty and nostalgia themes.

that grew out of the work's own time and continue to resonate with audiences more than 120 years later Her analysis of the opera's depiction of Paris reveals that *La Bohème* was not only influenced by the romantic mythologies surrounding the city to this day but also helped shape them Wilson's consideration of how directors have reinvented this opera for a new age completes this fascinating history of *La Bohème* making it essential reading for anyone interested in this opera and the works it inspired

The Voice of the Century Massimo Zicari, 2022-04-29 The fields of performance studies empirical musicology and the musicology of recordings have seen a tremendous development in recent years shedding new light on the recent history of our performing tradition and conveying essential information to music practitioners critics and audiences This innovative work considers the notion of *bel canto* and the manner in which this vibrant tradition lives in the records of Luisa Tetrazzini 1871-1940 one of the most celebrated sopranos ever Tetrazzini whose discographic career includes about 120 recordings belongs to that generation of inspirational performers who heralded the dawn of a new era of music appreciation alongside such iconic figures as Enrico Caruso Adelina Patti and Nellie Melba Drawing on a vast body of scholarship and a number of contemporary reviews Massimo Zicari establishes Tetrazzini's role in the Italian operatic tradition and its much disputed set of performing conventions His transcriptions of her recorded interpretations from Rossini Donizetti Bellini and Verdi will prove invaluable to singers and conductors interested in a tradition that goes back to legendary figures such as Jenny Lind and Maria Malibran The author also discusses her voice quality and technique tempo flexibility her use of vibrato and portamento features of musical performance that question several widely held normative views about aesthetics and interpretative tradition The volume includes eighty-eight musical examples and its closing section consists of the vocal scores of thirteen operatic arias The musical material both examples and transcriptions is entirely original This unique approach seeks to combine an academic perspective with the making of the music in the hope that the plea for originality may be enhanced by models from the past
