Annals of Life Insurance Medicine 5 E. Tanner,Swiss Reinsurance Company,2012-12-06 In the preface to Volume 1 of the Annals of Life Insurance Medicine Dr MAX E EISENRING described the goal of this publication as follows Any project which aims at contributing substantially to the modern science of medical underwriting can do so only if the many people preoccupied with these problems throughout the world join forces to the ultimate benefit of those most in need of life assurance In an endeavour to keep the life insurance medical directors all over the world informed of the developments in the field of life insurance medicine we have decided to publish the papers which were presented at the 11 th International Congress of Life Assurance Medicine in Mexico in 1973 in Volume 5 of the Annals We are most grateful to Dr J REN06N President of the

Organizing Committee of the Congress in Mexico for having consented to our publishing the proceedings of the Congress in a special edition of the Annals It is a source of great satisfaction to us that in this way a much larger circle of life insurance medical directors can be reached than would have been the case if only the participants themselves were to receive the proceedings of the Congress Dissemination of the results of medical research on an international basis in particular those findings that have a bearing on life insurance medicine is one of our foremost aims
