Shelley's Federation War trilogy takes you through military barracks corridors and trenches bringing the war of the future home with a combination of battlefield action and home town heroics. For Doug Weintraub of the Buchanan Planetary Commission it begins with a fuzzy call quickly cut off. Federation troops have invaded his world. The battle they've long feared and tried to avoid is coming. Now it's time to seek help to launch a rocket into Q Space and hope for Second Commonwealth troops to arrive and soon. Aboard the Starship Victoria it begins differently. It's a short unexpected message on the screen for Sergeant David Spencer of the Royal Marines. New orders surprising ones that will send him and his men to an independent frontier world that's become a new front in the war between the Commonwealth and Federation. Doug Weintraub and David Spencer soon find themselves in unexpected roles: a skilled warrior in the Royal Marines side by side with a back world farmer. They'll need each other to keep the Federation at bay. Rick Shelley was a soldier at heart and his books were written from the heart. Group, 1993-09 *Holding the Line* Rick Shelley, 2011-09-09. As members of the Alliance of Light humans have committed to the battle against the Ilion Federation and they're doing their part. But the Alliance's army is fragmented and to unify their forces the army's leaders must do the unthinkable: they form the First Combined Regiment made up of soldiers from every alien race in the Alliance. The Spec Ops Squad is supposed to be the best of the best, an elite group within the First Combined Regiment to take care of the dirtiest jobs. Sergeant Bart Dragon Drak isn't too surprised to learn that these warriors don't have a whole lot in common and it's obvious that it will take a lot of work to turn a bunch of commandos into a team. He didn't sign up for this but he's got to see it through. In the midst of training the Spec Ops Squad is called off to planet Dintsen to fight off an invasion from the Ilion Federation. With such an elite fighting force beating them back should be a piece of cake except Ilion's got the same kind of team on their side and theirs are better trained. Drak will have to face down tremendous odds and new challenges to bring his team home. **Colonel** Rick Shelley, 2011-07-06. As a young cadet all Lon Nolan ever dreamed of was serving in the military of planet Earth. After a dishonorable discharge on trumped up charges he saved himself and his honor by joining up with the Dirigent Mercenary Corps. Over the decades he's forged himself a place with the DMC and shown himself to be a true hero. There's even talk that he might become the next General. But Lon isn't after a promotion; in fact he's thinking about retirement. With his son in the Corps he's hoping he can leave the fighting to the next generation. But when the political machinations of the Confederation of Human Worlds get in the way, Lon

has to return to the front lines leading not just his troops but his son among them into a final bitter campaign Rick Shelley was a soldier at heart and his books were written from the heart They carry the real feel of the sweat blood and camaraderie of those on the front lines Jack Campbell New York Times bestselling author Rick Shelly knows how to write compelling military science fiction thrillers that are so action packed readers hardly have a moment for an oxygen break AllReaders com
