*Cultural Erotics in Cuban America* Ricardo L. Ortíz, 2006 Miami is widely considered the center of Cuban American culture. However, vital to the diasporic communities' identity, Miami is not the only or necessarily the most profound site of cultural production. Looking beyond South Florida, Ricardo L. Ortíz addresses the question of Cuban American diaspora and cultural identity by exploring the histories and self-sustaining practices of smaller communities in such U.S. cities as Los Angeles, Chicago, and New York. In this wide-ranging work, Ortíz argues for the authentically diasporic quality of postrevolutionary off-island Cuban experience. Highlighting various forms of cultural expression, *Cultural Erotics in Cuban America* traces underrepresented communities' responses to the threat of cultural disappearance in an overwhelming and hegemonic U.S. culture. Ortíz shows how the work of Cuban American writers and artists challenges the heteronormativity of both home and host culture. Focusing on artists who have had an ambivalent, indirect, or nonexistent connection to Miami, he presents close readings of such novelists as Reinaldo Arenas, Roberto G. Fernández Achy Obejas, and Cristina García; the playwright Eduardo Machado; the poet Rafael Campo; and musical performers Albita Rodríguez and Celia Cruz. Ortíz charts the legacies of sexism and homophobia in patriarchal Cuban culture as well as their influence on Cuban revolutionary and Cuban exile ideologies. Moving beyond the outdated cultural terms of the Cold War, he looks forward to envision queer futures for Cuban American culture free from the ties to restrictive, indeed oppressive, constructions of nation, place, language, and desire. Ricardo L. Ortíz is associate professor of English at Georgetown University.

*A History of Literature in the Caribbean* A. James Arnold, Julio Rodríguez-Luis, J. Michael Dash, 1994-09-06 This history, for the first time, charts the literature of the entire Caribbean, the islands as well as continental littoral, as one cultural region. It breaks new ground in establishing a common grid for reading literatures that have been kept separate by their linguistic frontiers. Readers will have access to the best current scholarship on the evolution of popular and literate cultures in the various regions since their earliest emergence. *The History of Literature in the Caribbean* brings together the most distinguished team of literary Caribbeanists ever assembled, cutting across ideological commitments and critical methods. Differences in point of view between individual contributors are left intact here as the sign of the colonial inheritance of the region. Introductions and conclusions to the various sections of the History, written by the respective subeditors, set them in proper perspective. The unique synoptic aspect of the History lies in its comprehensiveness and its range, which are unequaled. Contributors: A. James Arnold, Julio Rodríguez-Luis, H.
