McNeil,2005-12-27 It s often said that catcher is the most important most demanding defensive position in baseball This view explains why so many light hitting catchers have enjoyed long and by all accounts successful major league careers Yet arguments over the all time greats invariably privilege offensive standouts and even among these players batting statistics are more likely than fielding numbers to affect ranking So what historically have been the expectations for major league catchers and who stands as the greatest in a more balanced view of offensive and defensive contributions In Part I of this book the history of catching and catchers is discussed in detail with attention to the most celebrated players of each era In Part II the author employs sabermetric formulas to rank the 50 greatest catchers since 1920 when changes to the rules the parks and the ball dramatically changed the way baseball was played Also included is a chapter on catchers of the 19th century deadball era and Negro Leagues whose career statistics are either incomplete inaccurate or produced under markedly different playing conditions and rules *Get Real* Jamy Whitaker,2012-08-28 As a wife and mother of five I know all too well how destructive building a faade that everything is fine can be Tearing down this wall and letting people see the real me the pain the struggles the tears and the triumphs has been difficult but rewarding *Get REAL Stop Hiding Behind the Mask* examines how to do just that It delves into discovering a persons true identity centered on Gods view of each of us letting go of the insecurities that so easily entangle our lives and finally living with eternal perspective keeping our focus heavenward instead of inward [Forgotten People, Forgotten Times](#) V.H.
