Girls and Women in Classical Greek Religion Matthew Dillon, 2003-09-02 It has often been thought that participation in

fertility rituals was women's most important religious activity in classical Greece. Matthew Dillon's wide-ranging study makes it clear that women engaged in numerous other rites and cults and that their role in Greek religion was actually more important than that of men. Women invoked the gods' help in becoming pregnant, venerated the god of wine, worshipped new and exotic deities, used magic for both erotic and pain-relieving purposes, and far more besides. Clear and comprehensive, this volume challenges many stereotypes of Greek women and offers unexpected insights into their experience of religion. With more than fifty illustrations and translated extracts from contemporary texts, this is an essential resource for the study of women and religion in classical Greece.

Victorian Women Writers and the Classics Isobel Hurst, 2006-09-14 Isobel Hurst examines the role of women writers in the Victorian reception of ancient Greece and Rome, showing that they had a greater imaginative engagement with classical literature than has previously been acknowledged. The restrictions which applied to women's access to classical learning liberated them from the repressive and sometimes alienating effects of a traditional classical education. Women writers' reworkings of classical texts serve a variety of purposes: to validate women's claims to authorship, to demand access to education, to highlight feminist issues through the heroines of ancient tragedy, to repudiate the warrior ethos of ancient epic.

Holy People of the World Phyllis G. Jestice, 2004-12-15 A cross-cultural encyclopedia of the most significant holy people in history, examining why people in a wide range of religious traditions throughout the world have been regarded as divinely inspired. The first reference on the subject to span all the world's major religions. *Holy People of the World: A Cross Cultural Encyclopedia* examines the impact of individuals who, through personal charisma and inspirational deeds, served both as glorious examples of human potential and as envoys for the divine. *Holy People of the World* contains nearly 1,100 biographical sketches of venerated men and women. Written by religious studies experts and historians, each article focuses on the basic question: How did this person come to be regarded as holy? In addition, the encyclopedia features 20 survey articles on views of holy people in the major religious traditions such as Islam, Buddhism, and African religions, as well as 64 comparative articles on aspects of holiness and veneration across cultures such as awakening and conversion, experiences of heresy, gender, asceticism, and persecution. Whether exploring by religion, culture, or historic period, this extensively cross-referenced resource offers a wealth of insights into one of the most revealing and least explored common denominators of spiritual traditions.

Heroines, new edition Kate Zambreno, 2024-03-05 A manifesto reclaiming the wives and mistresses of literary modernism that inspired a generation of writers and scholars, reissued after more than a decade. I am beginning to realize that taking the self out of our essays is a form of repression. Taking the self out feels like obeying a gag order, pretending an objectivity where there is nothing objective about the experience of confronting and engaging with and swooning over literature. On the last day of December 2009, Kate Zambreno, then an unpublished writer, began a blog called *Frances Farmer Is My Sister*, arising from her obsession with literary modernism and her recent transplantation to Akron, Ohio, where her partner held a university job. Widely reposted, Zambreno's blog became an outlet for

her highly informed and passionate rants and melancholy portraits of the fates of the modernist wives and mistresses reclaiming the traditionally pathologized biographies of Vivienne Eliot Jane Bowles Jean Rhys and Zelda Fitzgerald writers and artists themselves who served as male writers muses only to end their lives silenced erased and institutionalized Over the course of two years Frances Farmer Is My Sister helped create a community of writers and devised a new feminist discourse of writing in the margins and developing an alternative canon In Heroines Zambreno extends the polemic begun on her blog into a dazzling original work of literary scholarship Combing theories that have dictated what literature should be and who is allowed to write it she traces the genesis of a cultural template that consistently exiles feminine experience to the realm of the minor and diagnoses women for transgressing social bounds ANXIETY When she experiences it it s pathological writes Zambreno When he does it s existential With Heroines Zambreno provided a model for a newly subjectivized criticism prefiguring many group biographies and forms of autotheory and hybrid memoirs that were to come in the years to follow A book that has become its own canon Heroines was named one of the 50 Books that define the past 5 Years in Literature by Flavorwire an Essential Feminist Manifesto by Dazed and one of the 50 Greatest Books by Women in BuzzFeed

The Wasting Heroine in German Fiction by Women 1770-1914 Anna Richards,2004 In this broad ranging study of German fiction by women between 1770 1914 the author aims to add a new dimension to existing debates on the association of women and illness in literature She constructs a history of women s self starvation eating behaviour and wasting diseases

Abandoned Women and Poetic Tradition Lawrence Lipking,1988-09-15 At the heart of poetic tradition is a figure of abandonment a woman forsaken and out of control She appears in writings ancient and modern in the East and the West in high art and popular culture produced by women and by men What accounts for her perennial fascination What is her function in poems and for writers Lawrence Lipking suggests many possibilities In this figure he finds a partial record of women s experience an instrument for the expression of religious love and yearning a voice for psychological fears and finally a model for the poet Abandoned women inspire new ways of reading poems and poetic tradition

Of Divine Economy Marion Grau,2004-10-26 God gives Green Stamps A look at the theological and economic meanings of redemption

The Medieval Medea Ruth Morse,1996 Wide ranging study of the myth of Medea concentrating on but not exclusively confined to its medieval incarnation

Famous Last Words Alison Booth,1993 Famous Last Words traces a broad historical transition from the 1840s to the 1980s from the more rigid dichotomy of the Victorian novel in which good women must marry and fallen women die to the more open alternatives of twentieth century fiction which sometimes permit the independent female protagonist to survive and occasionally allow alternative constructions of gender as well as plot Each essay treats a narrative novel novella or novel poem by a single author in light of conventions of closure and of gender in historical context The contributors recover forgotten texts revise our understanding of women writers once successful but now somewhat marginalized and give voice to cultural others Works by the already canonized George Eliot are reassessed and the representation of women in the

canonical novels of male writers William Thackeray and Henry James is explored **Heroism and Passion in Literature** Graham Gargett, 2004 This volume prompted by the publication in 1999 of Moya Longstaffe's remarkable study *Metamorphoses of Passion and the Heroic in French Literature* Corneille Stendhal Claudel further investigates and analyses the multiple appearances of Passion and Heroism in literature It pursues the exploration of these themes in a variety of cultures English French German Spanish genres and critical approaches In addition the chronological span represented is extremely wide Contributions range from La Fontaine Molière and Voltaire to Rimbaud and Camus from Baudelaire to Beckett from Wagner to Goytisolo This very diversity gives necessary context providing scope for reflection and analysis Although passion seems timeless can heroism have any real meaning apart from an individual and existential one in our postmodern age Has a notion at the centre of European culture for so many centuries really disappeared from our intellectual and cultural universe This volume will be of interest to all students of literature whatever their critical or linguistic allegiance since it focuses on the varying manifestations of two vital ingredients of all societies and cultures

Otto Weininger Chandak Sengoopta, 2000-07 Sengoopta shows that Weininger's misogynist and anti-Semitic views did not stem solely from his private prejudices but were part of a comprehensive and quite typically Viennese analysis of masculinity and femininity and a critique of modernity in general and of feminist activism in particular **BOOK JACKET**
