Webster's Biographical Dictionary Merriam Webster, 1964 Remaking Holocaust Memory Liat Steir-Livny, 2019-04-18

Since the late 1990s in Israel third generation Holocaust survivors have become the new custodians of cultural memory and the documentary films they produce play a major role in shaping a societal consensus of commemoration In *Remaking Holocaust Memory* a pioneering analysis of third generation Holocaust documentaries in Israel Liat Steir Livny co recipient of the 2019 Young Scholar Award given jointly by the Association of Israel Studies and the Israel Institute investigates compelling films that have been screened in Israel Europe and the United States appeared in numerous international film festivals and won international awards but have yet to receive significant academic attention Steir Livny s comprehensive investigation reveals how the absolute truths that appeared in the majority of second generation films are deconstructed and disputed in the newer films which do not dismiss their cinematic parents approach but rather rethink fixed notions extend the debates and pose questions where previously there had been exclamation marks Steir Livny also explores the ways in which the third generation s perspectives on Holocaust memory govern cinematic trends and aesthetic choices and how these might impact the moral recollection of the past Finally *Remaking Holocaust Memory* serves as an excellent reference tool as it helpfully lists all of the second and third generation films available as well as the festival screenings and awards they have garnered *Peter Handke* Rolf G. Renner, 2023-03-13 The volume presents Handke s works from Hornissen 1966 to *Das zweite Schwert* 2020 in individual analyses and at the same time opens up overarching orientations of Handke s writing The autoreflexive traces that characterise the author s experimental early work are perpetuated in a middle phase by a return to traditional forms of epic narrative and literary models that is philosophically influenced In the late work these approaches give rise to a comprehensive poetology of narrative that links all the texts together In the process previously developed motifs are condensed into overarching thematic complexes Alongside the reality of war the relationship between image and writing text and film social and media developments of modernity come to the fore The reference of Handke s texts to images of the painterly tradition and visual strategies of his writing are given special weight This book is a translation of the original German 1st edition Peter Handke by Rolf G Renner published by Springer Verlag GmbH Germany part of Springer Nature in 2020 The translation was done with the help of artificial intelligence machine translation by the service DeepL.com A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors *Form and realism in six novels of Anthony Trollope* Joan Mandel Cohen, 2019-05-20 No detailed description available for *Form and realism in six novels of Anthony Trollope* *The Passions of Peter Sellars* Susan McClary, 2019-01-25 Recognized as one of the most innovative and

influential directors of our time Peter Sellars has produced acclaimed and often controversial versions of many beloved operas and oratorios He has also collaborated with several composers including John C Adams and Kaija Saariaho to create challenging new operas The Passions of Peter Sellars follows the development of his style beginning with his interpretations of the Mozart Da Ponte operas proceeding to works for which he assembled the libretti and even the music and concluding with his celebrated stagings of Bach's passions with the Berlin Philharmonic Many directors leave the musical aspects of opera entirely to the singers and conductor Sellars however immerses himself in the score and has created a distinctive visual vocabulary to embody musical gesture on stage drawing on the energies of the music as he shapes characters ensemble interaction and large scale dramatic trajectories As a leading scholar of gender and music and the history of opera Susan McClary is ideally positioned to illuminate Sellars's goal to address both the social tensions embodied in these operas as well as the spiritual dimensions of operatic performance McClary considers Sellars's productions of Mozart's *Le nozze di Figaro* *Don Giovanni* and *Cos fan tutte* Handel's *Theodora* Messiaen's *Saint François d'Assise* John C Adams's *Nixon in China* *The Death of Klinghoffer* *El Niño* and *Doctor Atomic* Kaija Saariaho's *L'amour de loin* *La Passion de Simone* and *Only the Sound Remains* Purcell's *The Indian Queen* and Bach's passions of *Saint Matthew* and *Saint John* Approaching Sellars's theatrical strategies from a musicological perspective McClary blends insights from theater film and literary scholarship to explore the work of one of the most brilliant living interpreters of opera

[The Children's War](#) J.N. Stroyar, 2002-02-07 Peter has had more identities than he can remember and suffered pains and humiliations he longs to forget But whether spy or prisoner slave or propaganda tool none of his roles has brought the one thing he wants above all freedom THE CHILDREN'S WAR Bad papers That's how Peter's nightmare began Living in contemporary Europe under Nazi domination more than fifty years after the truce among the North American Union the Third Reich and the Soviet Union Peter has struggled to make sense of the reign of terror that governs his world Now arrested for bearing a false identity he is pulled full force into a battle against Nazi oppression The crusade for freedom that belonged to generations past is now Peter's legacy and his future depends not on running away but on fighting back Escaping a Nazi prison camp and joining the Underground Home Army Peter dedicates himself to breaking down the system that betrayed him But by facing the evil at the heart of the Nazi political machine Peter falls deeper into a web of intrigue and adventure that risks everything he holds dear in this life and for the sake of future generations A disturbingly real vision of what could have been The Children's War is a page turning epic thriller with a mesmerizing premise and an unforgettable cast of characters J N Stroyar's searingly authentic impassioned vision of human triumph over the forces of corruption and cruelty stands as a powerful tribute to the millions who have sacrificed and died in the name of freedom

Peter Huchel Stephen R. Parker, Stephen Parker, 1998 The present study is the first full length literary biography in any language devoted to Peter Huchel 1903-81 the German poet radio author and editor of *Sinn und Form* It draws upon a very substantial body of fresh archival material much of it accessible only since 1989

and upon testimonies including those of his first wife and their daughter The study traces the course of Huchel's well nigh unique progression through 20th century German literary life from the Weimar to the Federal Republic via the Third Reich the Berlin of the years 1945-49 and the GDR There his legendary editorship of *Sinn und Form* in the 1950s lent him a unique mediating position between writers from East and West until the journal's all German approach was deemed antagonistic to SED policy For all the cause of Huchel's conflict with the SED key elements of his career have hitherto been obscured by the spell of silence that the charismatic Huchel cast over much of his life and by a historiography uncertain in the evaluation of the development of German culture within the two dictatorships A fresh appreciation of Huchel's achievements emerges from the detailed examination of his life and work in relation to the notoriously volatile social and historical conditions of his age
