Stories of Chaos Nick Davis, 2019-05-23 First published in 1999 this volume re-examines narrative design in Sir Gawain and the Green Knight The Faerie Queene King Lear and Paradise Lost Written in a period newly set on finding practical application for available systems of reasoning these texts confront in their different ways reason's absolute limitation in the face of a Real which it cannot adequately represent to itself or recruit to its own purposes An influential model for the staging of such a confrontation was the mythic cosmological narrative of Plato's Timaeus In their rewriting of Plato's narrative the English texts deploy but also destabilize the ancient conceptual polarization of the rational and the irrational or chaotic rethought in the terms offered by their period's innovative practices of reasoning The study establishes the critical importance of telling a story of chaos by comparing the narrative method of its chosen texts with that adopted by Freud and Lacan as a means of reflection on the psychoanalytic encounter with an ultimately chaotic Real This book has unusual interdisciplinary scope and offers historically grounded theoretically informed new readings of four major early modern English literary texts *Lois McMaster Bujold* Janet Brennan Croft, Donald E. Palumbo, C.W. Sullivan III, 2013-01-28 Lois McMaster Bujold has won a shelf full of awards Hugos Nebulas and others for both her science fiction and fantasy writing She is one of the most respected names in the field always delivering polished thoughtful and well-crafted writing She consistently addresses great issues and problems on a human level where they are faced by quirky prickly and very real characters and her exploration of the theory of reader response is an important critical contribution Yet there has been a surprising dearth of serious critical writing about her output in part because she resists neat and easy classification by genre politics or subject matter This collection of fresh essays aims to correct that situation by presenting critical insights into

many aspects of her writing Attention is given to both her Miles Vorkosigan science fiction series and her Chalion and Sharing Knife fantasy series as well as the books that fall outside these series

Wicca Ethan Doyle White,2015-10-01 The past century has born witness to a growing interest in the belief systems of ancient Europe with an array of contemporary Pagan groups claiming to revive these old ways for the needs of the modern world By far the largest and best known of these Paganisms has been Wicca a new religious movement that can now count hundreds of thousands of adherents worldwide Emerging from the occult milieu of mid twentieth century Britain Wicca was first presented as the survival of an ancient pre Christian Witch Cult whose participants assembled in covens to venerate their Horned God and Mother Goddess to celebrate seasonal festivities and to cast spells by the light of the full moon Spreading to North America where it diversified under the impact of environmentalism feminism and the 1960s counter culture Wicca came to be presented as a Goddess centred nature religion in which form it was popularised by a number of best selling authors and fictional television shows Today Wicca is a maturing religious movement replete with its own distinct world view unique culture and internal divisions This book represents the first published academic introduction to be exclusively devoted to this fascinating faith exploring how this Witches Craft developed what its participants believe and practice and what the Wiccan community actually looks like In doing so it sweeps away widely held misconceptions and offers a comprehensive overview of this religion in all of its varied forms Drawing upon the work of historians anthropologists sociologists and scholars of religious studies as well as the writings of Wiccans themselves it provides an original synthesis that will be invaluable for anyone seeking to learn about the blossoming religion of modern Pagan Witchcraft

Early Modern Drama in Performance Darlene Farabee,Mark Netzloff,Bradley D. Ryner,2014-11-25 Early Modern Drama in Performance is a collection of essays in honor of Lois Potter the distinguished author of five monographs including most recently The Life of William Shakespeare 2012 and numerous articles edited collections and editions This collection s emphasis on Shakespearean and early modern drama reflects the area for which Potter is most widely known as a performance critic editor and literary scholar The essays by a diverse group of scholars who have been influenced by Potter address recurring themes in her work Shakespeare and non Shakespearean early modern drama performance history and theatre practice theatrical performance across cultures play reviewing and playreading What unifies them most though is that they carry on the spirit of Potter s work her ability to meet a text a performance or a historical period on its own terms to give scrupulous attention to specific details and elegantly show how these details generate larger meaning and to recover and preserve the fleeting and the ephemeral

Where Paralytics Walk and the Blind See Mary Dunn,2022-06-21 An exploration of early modern accounts of sickness and disability and what they tell us about our own approach to bodily difference In our age of biomedicine society often treats sickness and disability as problems in need of solution Phenomena of embodied difference however have not always been seen in terms of lack and loss Where Paralytics Walk and the Blind See explores the case of early modern Catholic Canada under French rule

and shows it to be a period rich with alternative understandings of infirmity disease and death Counternarratives to our contemporary assumptions these early modern stories invite us to creatively imagine ways of living meaningfully with embodied difference today At the heart of Dunn s account are a range of historical sources Jesuit stories of illness in New France an account of Canada s first hospital the hagiographic vita of Catherine de Saint Augustin and tales of miraculous healings wrought by a dead Franciscan friar In an early modern world that subscribed to a Christian view of salvation both sickness and disability held significance for more than the body opening opportunities for virtue charity and even redemption Dunn demonstrates that when these reflections collide with modern thinking the effect is a certain kind of freedom to reimagine what sickness and disability might mean to us Reminding us that the meanings we make of embodied difference are historically conditioned Where Paralytics Walk and the Blind See makes a forceful case for the role of history in broadening our imagination *Who's who in Chicago* ,1926 **Hi and Lois in Modern Chaos!** Mort Walker,Dik Browne,1989 Two of America s favorite comic strip creators strike gold again in this collaboration on the popular strip Hi and Lois Stock up on this hilarious account of married life and watch your humor section become one of the most popular spots in your store **Rococo Fiction in France, 1600-1715** Allison Stedman,2013 Rococo Fiction in France reconfigures the history of the long eighteenth century by revealing the rococo as a literary phenomenon that characterized a range of experimental texts from the end of the French Renaissance to the eve of the French Revolution Tracing the literary rococo s evolution from the late 1500s to the early 1700s and exploring its radicalization during the 1670s 80s and 90s Allison Stedman unearths the seventeenth century rococo s counter vision for the trajectory of the French monarchy and the dawn of the French Enlightenment The first part of the study investigates the relationship between Montaigne s philosophy of literary production and those of early seventeenth century table talk novelists libertine writers and playwrights involved in the quarrel over Corneille s play *Le Cid* She thus establishes the existence of a rococo philosophy of literary production whose goal was to innovate to bring pleasure and to create communities The second part of the study explores the impact that the Duchess de Montpensier s literary portrait galleries Jean Donneau de Vis s periodical the *Mercure Galant* and other forms of rococo literary production by such authors as Charles Sorel Alcide de Saint Maurice J N de Parvial and Jean de Pr chac had in the creation of a textually mediated social sphere that served as the foundation of the publicly critical culture of the French Enlightenment The study concludes with an investigation of the influx of salon sociability into the textually mediated social sphere during the 1690s Stedman examines the role of interpolated literary fairy tales proverb plays and other rococo publication strategies in such late seventeenth century women writers as d Aulnoy Lh ritier Murat and Durand in transfiguring the salon from an exclusive social circle mediated by physical presence to an inclusive social diaspora mediated by texts Rococo Fiction in France challenges established views of early modern French literary history and discusses a range of little known works in a generous and engaging manner *Coffeehouse Culture in the Atlantic World, 1650-1789* E.

Wesley Reynolds, 2022-03-10 This book argues that coffeehouses and the coffee trade were central to the making of the Atlantic world in the century leading up to the American Revolution Fostering international finance and commerce spreading transatlantic news building military might determining political fortunes and promoting status and consumption coffeehouses created a web of social networks stretching from Britain to its colonies in North America As polite alternatives to taverns coffeehouses have been hailed as penny universities a place for political discussion by the educated and elite Reynolds shows that they were much more than this Coffeehouse Culture in the Atlantic World 1650 1789 reveals that they simultaneously created a network for marine insurance and naval protection led to calls for a free press built tension between trade lobbyists and the East India Company and raised questions about gender respectability and the polite middling class It demonstrates how coffeehouses served to create transatlantic connections between metropole Britain and her North American colonies and played an important role in the revolution and protest movements that followed The Stages of Age Anne Davis Basting, 1998 A first of its kind study that explores the intersections of performance and aging Playwright and scholar Anne Davis Basting explores both aging actors and aging AS acting in a cross section of American theatrical representations that hope to catalyze shifts in our understanding of age Illustrations *Evolution of French Criticism of the Social Drama of Ibsen from 1890-1906* Elisabeth Conrad, 1919 Revolutionary Ride Lois Pryce, 2017-02-21 A proper travelogue a joyful moving and stereotype busting ride National Geographic Traveller Book of the Year In 2011 at the height of tension between the British and Iranian governments travel writer Lois Pryce found a note left on her motorcycle outside the Iranian Embassy in London I wish that you will visit Iran so you will see for yourself about my country WE ARE NOT TERRORISTS Please come to my city Shiraz It is very famous as the friendliest city in Iran it is the city of poetry and gardens and wine Your Persian friend Habib Intrigued Lois decides to ignore the official warnings against travel and the warnings of her friends and family and sets off alone on a 3 000 mile ride from Tabriz to Shiraz to try to uncover the heart of this most complex and incongruous country Along the way she meets carpet sellers and drug addicts war veterans and housewives doctors and teachers people living ordinary lives under the rule of an extraordinarily strict Islamic government Revolutionary Ride is the story of a people and a country Religious and hedonistic practical and poetic modern and rooted in tradition and with a wild sense of humour and appreciation of beauty despite the comparative lack of freedom this is the true story of real contemporary Iran **The Works of Thomas Carlyle** Thomas Carlyle, 1896 *Sartor Resartus* Thomas Carlyle, 1896
