## **Hidden Agendas Of Language Policy:**

**Language Policy** Elana Shohamy, 2006-05-02 Policies concerning language use are increasingly tested in an age of frequent migration and cultural synthesis With conflicting factors and changing political climates influencing the policy makers Elana Shohamy considers the effects that these policies have on the real people involved Using examples from the US and UK she shows how language policies are promoted and imposed overtly and covertly across different countries and in different contexts Concluding with arguments for a more democratic and open approach to language policy and planning the final note is one of optimism suggesting strategies for resistance to language attrition and ways to protect the linguistic rights of groups and individuals **Discursive Approaches to Language Policy** Elisabeth Barakos, Johann W.

Unger, 2016-11-02 This book brings together the fields of language policy and discourse studies from a multidisciplinary theoretical methodological and empirical perspective The chapters in this volume are written by international scholars active in the field of language policy and planning and discourse studies The diverse research contexts range from education in Paraguay and Luxembourg via businesses in Wales to regional English language policies in Tajikistan Readers are thereby invited to think critically about the mutual relationship between language policy and discourse in a range of social political economic and cultural spheres Using approaches that draw on discourse analytic anthropological ethnographic and critical sociolinguistic frameworks the contributors in this collection explore and refine the discursive and the critical aspects of language policy as a multilayered fluid ideological discursive and social process that can operate as a tool of social change as well as reinforcing established power structures and inequalities **Language Policy at the Supranational Level** Huan

Yik Lee, M. Obaidul Hamid, Ian Hardy, 2024-10-21 This book provides a critical examination of the English only policy of ASEAN the Association of the ten Southeast Asian nations It presents the ASEAN language policy and planning LPP journey through time rationalising English as the sole working language for ASEAN in the past followed by a critique of the status quo considering regional complexities and dynamics and finally exploring alternative linguistic futures for ASEAN and the Southeast Asian region The book also offers methodological innovations in LPP research by utilising the largely underrepresented and undervalued agency of people with expertise The authors argue for a multilingual commitment towards pursuing an agency of projectivity in co constructing imagined LPP possibilities to reflect the region's socio historical context socio political intricacies and socio linguistic diversity The way forward is a more inclusive equitable balanced and responsible approach to LPP both regionally and globally The book engages with both deconstructive and constructive paradigms offering promising proposals for dealing with key language issues and contemporary challenges This book will be interesting reading for language and education scholars sociolinguists historians political scientists policymakers diplomats language activists media personnel business leaders tourism players and other language policy and planning actors operating at national sub national and supra national levels Language Policies and (Dis)Citizenship

Vaidehi Ramanathan,2013-08-02 This volume explores the concept of citizenship and argues that it should be understood both as a process of becoming and the ability to participate fully rather than as a status that can be inherited acquired or achieved From a courtroom in Bulawayo to a nursery in Birmingham the authors use local contexts to foreground how the vulnerable particularly those from minority language backgrounds continue to be excluded whilst offering a powerful demonstration of the potential for change offered by individual agency resistance and struggle In addressing questions such as under what local conditions does citizenship happen what role do language policies and pedagogic practices play and what kinds of margins and borders keep humans from fully participating The chapters in this volume shift the debate away from visas and passports to more uncertain and contested spaces of interpretation
