The Hidden Empire Robert Willson Fenn,1911 Hidden Empire Kevin J. Anderson,2025-05-01 Humans find

themselves at the bottom of the food chain in this space opera series debut from a Nebula Award winning author A stellar launch that delivers action engaging characters and credible fantastic worlds in spades Sizzles with a fast moving plot woven tightly with vivid characterizations Not to be missed Publishers Weekly In our galaxy s distant future humans are one of three known intelligent races Having had the ability to navigate star travel for only a few centuries we are considered the new kids on the block in a long established universe The second intelligent race is the Ildirans who are ruled by their Mage Imperator and the third race the Klikiss seems to have vanished and left behind a world full of artifacts and remarkable technology which humans are now beginning to find and utilize One such piece of technology is a device that has the power to turn a gaseous and useless supergiant planet into a small sun thereby creating a new solar system in which humans can live But when the device is tried for the first time it awakens the wrath of a previously unsuspected fourth race the Hydrogues and a galaxy spanning war that threatens all life begins Full of battles chases and hairbreadth escapes an intelligently conceived and executed nailbiter Booklist Adynamic space opera featuring political intrigue and intense personal drama Anderson s skill in delivering taut action scenes and creating well rounded human and alien characters adds depth and variety to a series opener that belongs in most sf collections Library Journal *Hidden Empire* Matthew Cerra,2023-05-15 Tyrnor lies surrounded in storms Its lands have been protected from the outside world for centuries by an ocean churned by winds rain and surf that no ship has crossed Except Timothy has been sent to find exactly that a ship never before seen from a land he didn t know still existed beyond the wall Accompanied by his faithful friend Telnor their search for the vessel quickly turns into a fight for their lives What they know of their people and their land is challenged leaving them questioning what their loyalty to the emperor will cost them in the end The world is in chaos the old order is no longer secure Who will live and die which nations crash or rise as battle lines are redrawn is not yet decided A saga consuming all of Theron has begun **Forgotten Civilizations Unearthed** Sebastian Hale,2025-04-17 Journey through history as we uncover fascinating yet overlooked ancient civilizations around the globe This compelling narrative delves into archaeological discoveries intriguing cultural practices and forgotten innovations Engagingly written the book highlights lesser known societies that contributed significantly to human heritage yet remain largely unexplored in mainstream history Ideal for history enthusiasts and curious readers alike it invites reflection on the diverse tapestry of human achievement urging readers to recognize and appreciate the contributions of civilizations that shaped today s world but have been shadowed by dominant narratives No Exit Pasquale De Marco,2025-04-18 In the high stakes world of professional sports where victory is everything and the pursuit of success can corrupt even the noblest of intentions No Exit exposes the dark underbelly of corruption greed and betrayal that threatens to destroy a beloved football team and the lives of those who dare to challenge it At the heart of the story lies the Milwaukee Monarchs a once great team now on the brink of collapse due to mismanagement lackluster coaching and insubordinate players When the team s owner Beau Rendell is found murdered

shockwaves ripple through the organization and the city The police are quick to point the finger at Beau's son and heir but ambitious attorney Kate Millholland suspects there is more to the story As Kate delves deeper into the investigation she uncovers a tangled web of deceit corruption and hidden agendas that extend far beyond the football field Rivalries financial improprieties and illicit activities cast a dark shadow over the Monarchs threatening to destroy everything in their wake With each step closer to the truth Kate finds herself in grave danger as powerful forces determined to silence her and protect their secrets emerge from the shadows Unraveling the mystery behind Beau's death and the Monarchs downfall becomes a matter of life and death for Kate Alongside a small group of loyal allies she embarks on a perilous journey to expose the truth and bring justice to those responsible But as she navigates a treacherous landscape of betrayal and deception Kate must confront the darkest impulses of human nature and fight for what is right even if it means risking everything In No Exit the line between friend and foe blurs and the pursuit of justice becomes a dangerous game As Kate races against time to save the Monarchs and uncover the truth she discovers that the stakes are higher than she ever imagined The fate of the team the city and her own life hang in the balance as she battles against a ruthless adversary determined to bury the truth forever If you like this book write a review on google books

Nothing Is Beyond Our Reach Kristie Macrakis, 2023 Ever since the earliest days of the Cold War American intelligence agencies have launched spies in the sky implanted spies in the ether burrowed spies underground sunk spies in the ocean and even tried chemical means to pry open the human mind The United States increasingly has covered the globe with planes satellites drones electronics tunnels and submarines all in the service of intelligence Hard targets meant that American intelligence could not entirely rely on human spies but it was more than that Nothing is Beyond Our Reach reveals how America's love affair with technology has led to its dependence on machines in intelligence collection and how this has almost inadvertently created a global surveillance empire In a lively and engaging narrative author Kristie Macrakis tells this story of how intelligence has changed from American technophilia and what its implications will be

Conspiracies of Conspiracies Thomas Milan Konda,2019-03-15 The most comprehensive intellectual history of American conspiracy theories yet produced The American Historical Review It s tempting to think we live in an unprecedentedly fertile age for conspiracy theories with seemingly each churn of the news cycle bringing fresh manifestations of large scale paranoia But the sad fact is that these narratives of suspicion and the delusional psychologies that fuel them have been a constant presence in American life for nearly as long as there s been an America In this sweeping book Thomas Milan Konda traces the country s obsession with conspiratorial

thought from the early days of the republic to our own anxious moment *Conspiracies of Conspiracies* details centuries of sinister speculations from antisemitism and anti Catholicism to UFOs and reptilian humanoids and their often incendiary outcomes Rather than simply rehashing the surface eccentricities of such theories Konda draws from his extraordinary assemblage of conspiratorial writing to crack open the mindsets that lead people toward these self sealing worlds of denial What is distinctively American about these theories he argues is not simply our country s homegrown obsession with them but their ongoing prevalence and virulence Konda proves that conspiracy theories are no harmless sideshow They are instead the dark and secret heart of American political history one that is poisoning the bloodstream of an increasingly sick body politic Meticulous scholarship essential context for understanding our present mess *Survival Global Politics and Strategy* Incisive and engaging Konda s assessment of the new dynamics of conspiracy theories in contemporary US politics is a significant contribution Written with a clarity of expression rare in academic writing the book is accessible to a wide readership Choice **The Crisis** ,1974-04 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens The Bookman ,1911
