The Bullet Tom Lee,2024-05-02 A powerful and deeply personal exploration of mental health and an indelible account of the legacy of familial illness and living with a fracturing mind Like many people Tom Lee remembers the presence somewhere out of sight on the outskirts of town of the local psychiatric hospital It was a place that inspired jokes rumours and dread a place where the strange and deranged were kept away But among those people were at different times Tom s own parents Afterwards those times were not much spoken about and before long the hospital closed as part of the nationwide shutting down of psychiatric institutions For many years Tom believed that he had dodged the bullet of the mental illness that had marked the lives of his parents But then quite out of the blue he has a crisis of his own and finds himself returning to the past for clues *The Bullet* is an attempt to piece together and understand what happened to his parents and what happened to him It is also a story about how we have tried and spectacularly failed to care for people suffering with mental illness and about the terrifying fragility and unknowability of the human mind

The Cambridge Illustrated History of Medicine Roy Porter,2001-07-30 An authoritative and accessible illustrated introduction to medical history

The Politics and Aesthetics of Refusal Caroline Hamilton,Michelle Kelly,Elaine Minor,2009-03-26 *The Politics and Aesthetics of Refusal* is an eclectic collection of essays from emerging academics who engage with the notion of refusal both as the embodiment of a resistance to conventional boundaries between academic disciplines and as a concept with an underlying negative or reactive force that can be widely interpreted and applied The applications of refusal outlined in this volume ranging from activism and the politics of cultural production through to problems of identity and knowledge classification raise questions about often elided relationships of

agency and complicity in routine experience The sense of refusal that emerges from this book is perhaps most easily classified by what it is not namely a prescriptive conclusive or unified account of what it is to reject react or work against any particular instance of theory or practice in any given domain The value of a thematically oriented collection like this is its ability to work across disciplines media and philosophical frameworks rather than limiting its focus to a narrow territory According to Herbert Marcuse refusal must not only be the guiding principle for all artistic creation it must also be a manifestation of artistic creation itself With this volume we have attempted to compose a collection which is not only theoretically guided by refusal but practically informed by it as well The collection in itself constitutes we hope a constructive rejection of the usual constrictions of discipline and approach placed upon new scholars This rich collection of essays on the political aesthetic and ethical dimensions of that form of social action called refusal is an important contribution to our understanding of the tensions and contradictions of contemporary culture John Frow Professor of English Literary Studies at the University of Melbourne

Making Plays D. Wu, 2019-06-12 *Making Plays* explores great drama of the last two decades through the eyes of those who write it and those who direct it It is at once a masterclass on theatrical technique and a unique insight into the ways in which great dramatists of our time have reacted to a rapidly changing world In this book Duncan Wu talks to Michael Attenborough Alan Bennett Michael Blakemore Howard Brenton David Edgar Sir Richard Eyre Michael Frayn Sir David Hare Nicholas Hytner and Max Stafford Clark

Understanding Alan Bennett Peter Wolfe, 1999 A study of the actor director playwright and lyricist Alan Bennett Peter Wolfe demonstrates that Alan Bennett's success in many spheres was no fluke and his theatrical eminence has always been accompanied by awards and professional recognition His play *Single Spies* won the Oliver Award as England's Best Comedy in 1989 The casts of his plays starting with *Forty Years On* in 1968 have included such luminaries as Sir John Gielgud Sir Alec Guinness Joan Plowright Maggie Smith Alan Bates and Daniel Day Lewis His screenwriting earned *The Madness of King George* a nomination for an Academy Award This book seeks to illuminate the writer whose instinct for artistic choices has helped him to succeed on his own terms

Backstage in the Novel Francesca Saggini, 2012-06-07 In *Backstage in the Novel* Francesca Saggini traces the unique interplay between fiction and theater in the eighteenth century through an examination of the work of the English novelist diarist and playwright Frances Burney Moving beyond the basic identification of affinities between the genres Saggini establishes a literary cultural context for Burney's work considering the relation between drama a long standing tradition and the still emergent form of the novel Through close semiotic analysis intertextual comparison and cultural contextualization Saggini highlights the extensive metatextual discourse in Burney's novels allowing the theater within the novels to surface Saggini's comparative analysis addresses among other elements textual structures plots characters narrative discourse and reading practices The author explores the theatrical and spectacular elements that made the eighteenth century novel a hybrid genre infused with dramatic conventions She analyzes such conventions in light of contemporary theories of reception and of the

role of the reader that underpinned eighteenth century cultural consumption In doing so Saggini contextualizes the typical reader spectator of Burney s day one who kept abreast of the latest publications and was able to move effortlessly between high sentimental dramatic and low grotesque comedic cultural forms that intersected on the stage Backstage in the Novel aims to restore to Burney s entire literary corpus the dimensionality that characterized it originally It is a vivid close up view of a writer who operated in a society saturated by theater and spectacle and who rendered that dramatic text into narrative More than a study of Burney or an overview of eighteenth century literature and theater this book gives immediacy to an understanding of the broad forces informing and channeled through Burney s life and work The Quest for Mental Health
Ian Dowbiggin,2011-07-19 This is the story of one of the most far reaching human endeavors in history the quest for mental well being From its origins in the eighteenth century to its wide scope in the early twenty first this search for emotional health and welfare has cost billions In the name of mental health millions around the world have been tranquilized institutionalized psycho analyzed sterilized lobotomized and even euthanized Yet at the dawn of the new millennium reported rates of depression and anxiety are unprecedentedly high Drawing on years of field research Ian Dowbiggin argues that if the quest for emotional well being has reached a crisis point in the twenty first century it is because mass society is enveloped by cultures of therapism and consumerism which increasingly advocate bureaucratic and managerial approaches to health and welfare
