The three playwrights presented together in this volume. On the Road to Ourselves Elena Gremina Behind the Mirror and Olga Mikhailova Russian Dream. The selected plays contain many elements which will appeal to Western directors and audiences: well drawn characters, engaging plots, lively wit. In debt to the mob, Sidel's sidekick brings hell to One Police Plaza. For Detective Carroll Brent, special attention from Commissioner Sidel is not a good thing. Sidel's last pet detective Manfred Coen was killed by a gang of smugglers and none of Sidel's favorites have had good luck since. But when Sidel taps Brent for an unusual assignment, the young cop can't refuse. As part of a feud with the head of the Board of Education, Sidel turns Brent into a one-man special task force to patrol the city's schools. The lonely, miserable, dangerous work is not Brent's only trouble. Ever since he made the mistake of marrying an heiress, he has been spending like mad to keep up with her lifestyle, borrowing money from the mob to keep himself in tuxedos on a detective's salary. When his money runs out, it's Sidel who will have to cover the debt.

*Emotionally Focused Therapy with African American Couples* Paul Guillory, 2021-08-09. Emotionally Focused Therapy with African American Couples: Love Heals is an essential guide that integrates emotionally focused therapy (EFT) with cultural humility. It provides a pathbreaking, evidence-based model of couples work that reinforces the bond between partners in the face of race-based distress. Guillory explores and brings a deep understanding of the legacy of racial trauma and the cultural strengths of African American couples by using real-life case studies. The chapters in the book focus on several key clinical issues in the field, such as communication problems, anxiety, infidelity, depression, and porn. Each case study is enhanced by a consultation with EFT master therapist Sue Johnson. The book is an essential text for students and mental health professionals looking to provide culturally competent therapeutic interventions. It will also appeal to psychologists, mental health workers, social workers, marriage and family therapists, and religious leaders. *The Exceptions - Unknown* Marcus Lorenzo, 2019-10-25. Sean and Abigail are forced orphans after their parents were killed by a government team whose sole purpose is to hunt down exceptions and force them to join the team or die. After the many wars ended, the government began to release the soldiers that they believed didn't carry the gene in which they were injected with. But in some, it laid dormant. As time went on, the gene was passed on to

younger generations who showed extraordinary abilities in a post apocalyptic world where only a few cities survived Sean and Abigail are two of many the gene was passed down to But not only one gene was passed to them They are put into hiding to hone their abilities until they are ready to strike those who took their parents from them As they grow in age and skill they decide to act separately upon revenge Along the way they meet allies to join the fight until they meet once again Together nothing will stop them They will have their revenge
