Reviews of this book Mark S Blumberg in *Body Heat* also takes the role of temperature in human affairs onto a global stage but his metaphors languages and conclusions are neither biblical nor prophetic Instead he wants to remind us just how narrow our margins of tolerance are against that ultimate enemy cold Blumberg loves his subject is convinced of its importance and he wants to put across the intrinsic interest of temperature physiology to a larger audience He retains a light touch and because he is an active researcher in his own right is able to bring new information and new insights to his pages Jonathan Kingdon Times Literary Supplement
