**The Leatherneck**, 1996      Cauldron of Changes Janice C. Crosby, 2023-10-26 The spiritual dimensions in the fantastic works of both firmly established and newer writers including such talents as Marion Zimmer Bradley Alice Walker Patricia Kennealy Octavia Butler Toni Morrison and Ntozake Shange are examined in this book The author links their fantastic novels to actual currents within the feminist spirituality movement addressing the genre's use of goddess worship psychic phenomena and reverence for the earth Special emphasis is given to both the struggle to provide an alternative to men centered experience and to the need to articulate ways in which feminists can achieve personal and social power      The Flame Bearers Kim Chernin, 1986 A bizarre and compelling story of a contemporary woman's initiation into an ancient goddess worshipping sect and its secret teachings A first novel by an established writer of non fiction with a solid reputation in the women's market      **The Theosophical Forum**, 1903      **Bearing Light: Flame Relays and the Struggle for the Olympic Movement** John J. Macaloon, 2020-07-24 The Flame Relay and the Olympic Movement is the first book length scholarly study in English of the contemporary Olympic flame relay Reporting for the first time on years of intensive ethnographic research and organizational intervention MacAloon literally follows the Olympic flame through twenty years of intercultural encounter conflict and negotiation Focusing on the frequently harmonious sometimes perilous encounters among Greek flame relay officials cultural agents and discourses foreign Olympic Games organizing committees and such transnational actors as the IOC and its corporate sponsors since 1984 a context is created for understanding the significance for the Olympic movement and for globalization studies of the 2004 Athens flame relay the first to travel the entire world Through intensive interviews and co participations with leading Greek and American actors and the contributions of young Greek researchers who worked backstage on the relay Bearing Light demonstrates how culturally parochial the managerial regime of world's best practices often turns out to be and yet how inescapable it has become for those who wish to communicate across cultural and political boundaries This dilemma the contributors argue constitutes the practical form in which the struggle to preserve a sense of Olympism and the Olympic Movement against the demands and prerogatives of today's Olympic sports industry is being chiefly fought out This book was previously published as a special issue of Sport in Society      **British Film Institute Film Classics** Rob White, Edward Buscombe, 2003      India and the Olympics Boria Majumdar, Nalin Mehta, 2009-05-07 The Olympic movement including the relevant records and statistics provides a unique prism to understand the complex evolution of modern Indian society Drawing on hitherto unused archival sources this book examines the relations between India's place in the Olympic movement and the country's quest for a national and international identity      Skiing, 2002-01      **A New English Dictionary on Historical Principles** James Augustus Henry Murray, Henry Bradley, Sir William Alexander Craigie, Charles Talbut Onions, 1926      **Encoding the Olympics** Luo Qing, Giuseppe Richeri, 2013-09-13 Encoding the Olympics assembles a uniquely representative international team of media

Beneath The Smile Chinedu Nnadi,2025-08-14 In the lush tradition bound heart of southeast Nigeria Azuka s beauty is both her gift and her curse Suitors travel from far and wide to claim her hand only to meet untimely mysterious deaths Whispers coil through the town like smoke witch Branded and shunned she is driven into the wilderness alone and hunted by fear she cannot name There in the shadow of ancient trees Azuka encounters Ejira a reclusive elder whose piercing eyes see beyond flesh and bone The truth shatters Azuka s world she was cursed as an infant marked for a lifetime of loss by women driven by jealousy and malice Her misfortune was never her own Armed with this knowledge Azuka returns to confront the town that condemned her In a fiery reckoning secrets unravel alliances crumble and the guilty are cast out Yet even vindicated she feels the weight of eyes that will never see her without suspicion Freedom comes not in triumph but in leaving Far from the soil that birthed her pain Azuka rebuilds herself brick by brick dream by dream She finds love in a man who sees her not as a curse but as his future Their wedding night brings no shadow only the dawn of joy Motherhood follows four children who inherit her resilience and grandchildren who carry her name like a banner But behind her quiet smile lies a truth only she knows curses can be broken yet the memory of them lingers like a shadow that moves when no one is watching All About
