Destroying America - The Real Issues That Politicians Avoid Chris Florio,2007-11 A non partisan comprehensive look at the true problems facing our government and society Why these issues can no longer wait to be addressed we must get our own house in order The changes that will be coming at America in the coming years will come from every direction and will pose bigger challenges to our society like nothing before No longer will we have to only address our own problems but problems on a global scale The entire world and global economy is changing more rapidly than ever and our national debt boomers retiring and social security are only a few of our current domestic problems which must be solved before we will be ready to take on new challenges As other major countries industrialize at a rapid pace the challenges to America will be like nothing we are accustomed to No longer will we be the dominant economic power and getting our affairs in order before these major shifts occur will be paramount to our ability to handle these changes maybe even our survival as a nation
