Fluid Text A Theory Of Revision And Editing For And Screen:

The Fluid Text John Bryant, 2002 The first coherent theoretical critical and editorial approach to the study of literary revision
Publishing Blackness George Hutchinson, John Young, 2018-05-09 The first of its kind this volume sets in dialogue African Americanist and textual scholarship exploring a wide range of African American textual history and work
The Textuality of Soulwork Tim Hunt, 2014-03-25 A new critical perspective on Kerouac's work and his textual practices

Proofs of Genius Amanda Gailey, 2015-10-19 *Proofs of Genius* Collected Editions from the American Revolution to the Digital Age is the first extensive study of the collected edition as an editorial genre within American literary history Unlike editions of an author's selected works or thematic anthologies which clearly indicate the presence of non authorial editorial intervention collected editions have typically been arranged to imply an unmediated documentary completeness By design the collected edition obscures its own role in shaping the cultural reception of the author In *Proofs of Genius* Amanda Gailey argues that decisions to re edit major authorial corpora are acts of canon formation in miniature that indicate more foundational shifts in the way a culture views its literature and itself By combining a theoretically informed approach with a broad historical view of collected editions from the late eighteenth century to the present including the rise of digital editions Gailey fills a gap in the textual scholarship of the editing history of major figures like Emily Dickinson and Walt Whitman and of the American literary canon itself
Traces of the Old, Uses of the New Amy E. Earhart, 2015-11-12 *Digital Humanities* remains a contested umbrella term covering many types of work in numerous disciplines including literature history linguistics classics theater performance studies film media studies computer science and information science In *Traces of the Old Uses of the New* The Emergence of Digital Literary Studies Amy Earhart stakes a claim for discipline specific history of digital study as a necessary prelude to true progress in defining Digital Humanities as a shared set of interdisciplinary practices and interests *Traces of the Old Uses of the New* focuses on twenty five years of developments including digital editions digital archives e texts text mining and visualization to situate emergent products and processes in relation to historical trends of disciplinary interest in literary study By reexamining the roil of theoretical debates and applied practices from the last generation of work in juxtaposition with applied digital work of the same period Earhart also seeks to expose limitations in need of alternative methods methods that might begin to deliver on the early but thus far unfulfilled promise that digitizing texts allows literature scholars to ask and answer questions in new and compelling ways In mapping the history of digital literary scholarship Earhart also seeks to chart viable paths to its future and in doing this work in one discipline this book aims to inspire similar work in others
A Companion to Digital Humanities Susan Schreibman, Ray Siemens, John Unsworth, 2008-04-15 This Companion offers a thorough concise overview of the emerging field of humanities computing Contains 37 original articles written by leaders in the field Addresses the central concerns shared by those interested in the subject Major sections focus on the experience of particular disciplines in applying computational methods

to research problems the basic principles of humanities computing specific applications and methods and production dissemination and archiving Accompanied by a website featuring supplementary materials standard readings in the field and essays to be included in future editions of the Companion **Transmedia Harry Potter** Christopher E. Bell, 2019-08-21

Transmediation the telling of a single story across multiple media is a relatively new phenomenon While there have been adaptations books to films for example for more than a century modern technology and media consumption have expanded the scope of trans mediating practices Nowhere are these more evident than within the Harry Potter universe where a coherent world and narrative are iterated across books films video games fan fiction art music and more Curated by a leading Harry Potter scholar this collection of new essays explores the range of Potter texts across a variety of media

Radical Revival as Adaptation Jozefina Komporaly, 2017-10-05 This book examines the radical reinterpretation of precursor texts and prompts as an innovative form of adaptation for the stage In this context stage adaptations are defined as active and risk taking interventions on pre existing sources dramatic and otherwise that can range from single authored plays to collaborative creations and devising projects Radical adaptations have the potential to constitute a cutting edge pathway of exploration in performance by virtue of operating at the intersection between experimental practice and multiple creative transpositions and crossovers among genres and media They offer a viable platform for the negotiation of topical concerns embedded into global cultural socio political and historical shifts thus cultivating a genuine bond between theatre and society This volume considers a range of case studies from the work of Alexandru Tocilescu to Rimini Protokoll and is vital reading for those interested in adaptation studies and forms of contemporary theatre practice [The Oxford Handbook of Adaptation Studies](#) Thomas M. Leitch, 2017 This collection of forty new essays written by the leading scholars in adaptation studies and distinguished contributors from outside the field is the most comprehensive volume on adaptation ever published Written to appeal alike to specialists in adaptation scholars in allied fields and general readers it hearkens back to the foundations of adaptation studies a century and more ago surveys its ferment of activity over the past twenty years and looks forward to the future It considers the very different problems in adapting the classics from the Bible to Frankenstein to Philip Roth and the commons from online mashups and remixes to adult movies It surveys a dizzying range of adaptations around the world from Latin American telenovelas to Czech cinema from Hong Kong comics to Classics Illustrated from Bollywood to zombies and explores the ways media as different as radio opera popular song and videogames have handled adaptation Going still further it examines the relations between adaptation and such intertextual practices as translation illustration prequels sequels remakes intermediality and transmediality The volume's contributors consider the similarities and differences between adaptation and history adaptation and performance adaptation and revision and textual and biological adaptation casting an appreciative but critical eye on the theory and practice of adaptation scholars and occasionally each other The Oxford Handbook of Adaptation Studies offers specific suggestions for how to read teach create

and write about adaptations in order to prepare for a world in which adaptation already ubiquitous is likely to become ever more important

A Comparative History of the Literary Draft in Europe Olga Beloborodova, Dirk Van Hulle, 2024-11-15 Literary drafts are a constant in literatures of all ages and linguistic areas and yet their role in writing processes in various traditions has seldom been the subject of systematic comparative scrutiny In 38 chapters written by leading experts in many different fields this book charts a comparative history of the literary draft in Europe and beyond It is organised according to eight categories of comparison distributed over the volume s two parts devoted respectively to Text i e the textual aspects of creative processes and Beyond Text i e aspects of creative processes that are not necessarily textual Across geographical temporal linguistic generic and media boundaries to name but a few this book uncovers idiosyncrasies and parallels in the surviving traces of human creativity while drawing the reader s attention to the materiality of literary drafts and the ephemerality of the writing process they capture

J.M. Coetzee and the Archive Marc Farrant, Kai Easton, Hermann Wittenberg, 2021-03-25 Making extensive use of the rich archival material contained within the Coetzee collections in Texas and South Africa from the earliest drafts and notebooks to the research notes and digital records that document his later career as both writer and academic this volume investigates the historical cultural and aesthetic contexts of Coetzee s oeuvre Cutting edge and interdisciplinary in approach the book looks both at the prolific archival traces of Coetzee s early and middle work as well as examines his more recent work which has yet to be archived and a wide range of materials beyond the manuscripts including family albums school notebooks and correspondence Navigating Coetzee s interests in areas as diverse as literature photography autobiography philosophy animals and embodied life this is also an exploration of the archive as both theory and practice It raises questions about the tensions contradictions and discoveries of archival research and suggests that a literary engagement with the past is crucial to a recovery of culture in the present

How to Revise a True War Story John K. Young, 2017-01-15 You can tell a true war story if you just keep on telling it Tim O Brien writes in *The Things They Carried* Widely regarded as the most important novelist to come out of the American war in Viet Nam O Brien has kept on telling true war stories not only in narratives that cycle through multiple fictional and non fictional versions of the war s defining experiences but also by rewriting those stories again and again Key moments of revision extend from early drafts to the initial appearance of selected chapters in magazines across typescripts and page proofs for first editions and through continuing post publication variants in reprints *How to Revise a True War Story* is the first book length study of O Brien s archival papers at the University of Texas s Harry Ransom Center Drawing on extensive study of drafts and other prepublication materials as well as the multiple published versions of O Brien s works John K Young tells the untold stories behind the production of such key texts as *Going After Cacciato* *The Things They Carried* and *In the Lake of the Woods* By reading not just the texts that have been published but also the versions they could have been Young demonstrates the important choices O Brien and his editors have made about how to represent the traumas of the war in Viet

Nam The result is a series of texts that refuse to settle into a finished or stable form just as the stories they present insist on being told and retold in new and changing ways In their lack of textual stability these variants across different versions enact for O'Brien's readers the kinds of narrative volatility that is key to the American literature emerging from the war in Vietnam Perhaps in this case you can tell a true war story if you just keep on revising it

African American Literature in Transition, 1920-1930: Volume 9 Miriam Thaggert, Rachel Farebrother, 2022-04-07 African American Literature in Transition 1920 1930 presents original essays that map ideological historical and cultural shifts in the 1920s Complicating the familiar reading of the 1920s as a decade that began with a spectacular boom and ended with disillusionment and bust the collection explores the range and diversity of Black cultural production Emphasizing a generative contrast between the ephemeral qualities of periodicals clothes and decor and the relative fixity of canonical texts this volume captures in its dynamics a cultural movement that was fluid and expansive Chapters by leading scholars are grouped into four sections Habitus Sound Fashion Spaces Chronicles of Harlem and Beyond Uplift Renewed Religion Protest and Education and Serial Reading Magazines and Periodical Culture

The Metaphysics of Text Sukanta Chaudhuri, 2010-03-11 This book develops a stimulating new way of looking at texts with case studies from Western and Indian literature

Archives Andrew Prescott, Alison Wiggins, 2024-01-14 Archives have never been more complex expansive or ubiquitous Archives Power Truth and Fiction is an indispensable research and reference book a hugely helpful guide to archives in the twenty first century Material discussed ranges from medieval manuscripts to born digital archival content and art objects to state papers

Translating Buddhism Alice Collett, 2021-04-01 Although many Buddhist studies scholars spend a great deal of their time involved in acts of translation to date not much has been published that examines the key questions problems and difficulties faced by translators of South Asian Buddhist texts and epigraphs Translating Buddhism seeks to address this omission The essays collected here represent a burgeoning attempt to begin to shape the subfield of translation studies within Buddhist studies whereby scholars actively challenge primary routine decisions and basic assumptions Exploring questions including how interpretive translators can be and how cultural and social norms affect translations the book draws on the broad experiences of its contributors all of whom are translators themselves who bring different themes to the table Each chapter can be used either independently or as part of the whole to engender reflections on the process of translation

The Broadview Reader in Book History Michelle Levy, Tom Mole, 2014-10-23 Book History has emerged as one of the most exciting new interdisciplinary fields of study in the humanities By focusing on the production circulation and reception of the book in all its forms it has transformed the study of history literature and culture The Broadview Book History Reader is the most complete and up to date introduction available to this area of study The reader reprints 33 key essays in the field grouped conceptually and provided with headnotes explanatory footnotes an introduction a chronology and a glossary of terms

Textual Scholarship and the Material Book Wim Van Mierlo, 2007 In the last decades the emphasis in textual

scholarship has moved onto creation production process collaboration onto the material manifestations of a work onto multiple rather than single versions onto reception and book history Textual scholarship now includes not only textual editing but any form of scholarship that looks at the materiality of text of writing of reading and of the book The essays in this collection explore many questions about methodology and theory arising from this widening scope of textual scholarship The range of texts discussed from Sanskrit epic via Medieval Latin commentary through English and Scottish Ballads to the plays of Samuel Beckett and the stories of Guimarães Rosa testifies to the vigour of the discipline The range of texts is matched by a range of approach from theoretical discussion of how text happens to analysis of issues of book design and censorship the connections between literary and textual studies exploration of the links between reception and commodification in George Eliot and between information theory and paratext Through this diversity of subject and approach a common theme emerges the need to look further for common ground from which to continue the debate from a comparative perspective **The**
