starred review **Dust Off: Army Aeromedical Evacuation in Vietnam** Peter Dorland, James Nanney, 2012-04 Drawing on its first experiments with helicopters in Korea the Army in Vietnam came to rely almost entirely on the helicopter for medical evacuation The Dust Off and Medevac helicopter ambulance units tested and perfected for medical use the Army's new helicopter the UH-1 Huey Iroquois and developed several new devices that helped save thousands of American lives between 1962 and 1973 The pilots of these helicopters displayed courage and devotion to duty that earned widespread respect from soldiers This book explains early problems of medevac in Vietnam recounts the valor of crews and describes the movement of patients to in-theater Army hospitals It also shows the effect that helicopters had on traditional procedures The widespread use of the helicopter for medical evacuation in America since the Vietnam War testifies to the broader issues raised by this study and of the relevance of Army history to the civilian community **Flying Magazine**, 1952-06

17s and Junkers Ju 88s frequently with ill afforded loss in pilots and aircraft Within a month the English Channel was effectively closed to British shipping Only a change in the Luftwaffe s tactics in mid August when the main attack changed to the attempted destruction of the RAF s southern airfields allowed convoys to resume sneaking through without too greater hindrance
