Focus On Democracy:

Democracy's Detectives James T. Hamilton, 2016-10-10 Investigative journalism holds democracies and individuals accountable to the public But important stories are going untold as news outlets shy away from the expense of watchdog reporting Computational journalism using digital records and data mining algorithms promises to lower the cost and increase demand among readers James Hamilton shows

Youth and the National Narrative Marie Lall, Tania Saeed, 2019-11-28 The role of the security establishment in Pakistan has been strengthened in a post Musharraf era as social institutions are increasingly drawn into the security agenda Pakistan's problems are often explained through the lens of ethnic or religious differences the tense relationship between democracy and the Pakistan military or geopolitics and terrorism without taking into account young citizens role in questioning the state and the role of the education system Based on new research and interviews with more than 1900 Pakistanis aged 16-28 the authors examine young people's understanding of citizenship political participation the state and terrorism in post Musharraf Pakistan The authors explore the relationship between the youth and the security state highlighting how the educational institutions social media political activism and the entire nature of the social contract in Pakistan has been increasingly securitized The focus is on the voices of young Pakistanis their views on state accountability or lack thereof political literacy and participation and the continued problem of terrorism that is transforming their views of both their country and the world today With 67% of the country's population under the age of 30 this book is a unique window into how Pakistan is likely to evolve in the next couple of decades

Democracy's Arsenal Jacques S. Gansler, 2013-08-16 An expert explains why the security needs of the twenty first century require a transformation of the defense industry of the twentieth century New geopolitical realities including terrorism pandemics rogue nuclear states resource conflicts insurgencies mass migration economic collapse and cyber attacks have created a dramatically different national security environment for America Twentieth century defense strategies technologies and industrial practices will not meet the security requirements of a post 9/11 world In *Democracy's Arsenal* Jacques Gansler describes the transformations needed in government and industry to achieve a new more effective system of national defense Drawing on his decades of experience in industry government and academia Gansler argues that the old model of ever increasing defense expenditures on largely outmoded weapons systems must be replaced by a strategy that combines a healthy economy effective international relations and a strong but affordable national security posture The defense industry must remake itself to become responsive and relevant to the needs of twenty first century security

Democracy's Midwife Jack Crittenden, 2002-01-01 The philosopher educator John Dewey wrote that Democracy has to be born anew every generation and education is its midwife In an America where every vote though considered equally counts for very little *Democracy's Midwife* offers the vision of a new kind of democratic system a deliberative democracy energized by an educated citizenry Jack Crittenden's excellent new study looks behind the modern democratic rhetoric to reveal a system of government that

excludes citizens from participating directly in decision making The book combines a thorough examination of the theoretical underpinnings of democratic education with radical solutions for the overhaul of a system of civic education dating back to the Founding Fathers Democracy's Midwife is both a denunciation of an education system that has failed to prepare future citizens for participation in public life and a timely blueprint for the creation of a civic minded electorate prepared for the responsibility of self government

Democratic Governance James G. March, Johan P. Olsen, 1995 Going beyond democratic theory March and Olsen draw on social science to examine how political institutions create and sustain democratic solidarity identities capabilities accounts and adaptiveness how they can maintain and elaborate democratic values and beliefs and how governance might be made honorable just and effective They show how democratic governance is both preactive and reactive creating interests and power as well as responding to them and how it shapes not only an understanding of the past and an ability to learn from it but even history itself By exploring how governance transcends the creation of coalitions that reflect existing preferences resources rights and rules the authors reveal how it includes the actual formation of these defining principles of social and political life

Creating Collaborative Advantage Hans Christian Garmann Johnsen, Richard Ennals, 2016-05-13 In the emerging new collaborative economic order innovation is achieved by an integrated process of collaboration between policymakers business and society Often the focus for this collaboration is at a regional level Creating Collaborative Advantage examines the trends in innovation policy that reflect this new thinking and regional focus This book develops the view that collaboration is one of many ways of organising a competitive economy It asks how when and where collaboration is a meaningful way of organisation It explores collaboration at business level business networks between companies and a wider collaborative coalition between business and public authorities It is not a manual a how to do it because there is no single straightforward universal model to replace current orthodoxy on economic development but it will enable people to learn The contributors to this unique book have been involved with the implementation of some of the most outstanding examples of collaborative approaches it therefore gives an outstanding picture of diversity inbuilt comparisons and contrast and debate between the cases The co authors give their understanding of these issues but the book tries to establish some common understandings and bring the concept of collaboration to a larger audience and to increase interest in a field which requires further exploration Policy makers advisers and administrators at all levels of government those involved in research and development and business leaders and educators will find this book invaluable together with readers having an academic interest in the subject of innovation

Peacebuilding and Post-War Transitions Lisa Gross, 2017-02-17 This book asks how and under what conditions external domestic interactions impact on peacebuilding outcomes during transitions to peace and democracy Why do so many peacebuilding interventions in post war states result in stalled transitions despite heavy international support This book suggests a new interaction based explanation for this puzzle and proposes an analytical framework of peacebuilding

interactions Based on eight cases of peacebuilding interactions it demonstrates that the limited rationality of the actors involved in external domestic interactions influenced the post war transition results in Kosovo Drawing on interviews and focus groups the insights build on the process tracing of peacebuilding reforms in the area of Local Governance and Police Reform with a specific focus at the local level Through an in depth analysis of peacebuilding negotiations this book shows how peacebuilders use of ad hoc interaction tactics intended as heuristics to simplify decision making in overly complex post war environments have the unintended effect of offering domestic actors additional leeway to prioritise their domestic agenda often at the expense of achieving full democratisation The resulting consequences of these actions mean that even in highly resourced interventions such as those implemented in Kosovo stalled transitions become one of the most likely outcome of the peacebuilding process This book will be of much interest to students of peacebuilding war and conflict studies European politics security studies and IR in general

Research Anthology on Citizen Engagement and Activism for Social Change Management Association, Information Resources, 2021-11-26 Activism and the role everyday people play in making a change in society are increasingly popular topics in the world right now especially as younger generations begin to speak out From traditional protests to activities on college campuses to the use of social media more individuals are finding accessible platforms with which to share their views and become more actively involved in politics and social welfare With the emergence of new technologies and a spotlight on important social issues people are able to become more involved in society than ever before as they fight for what they believe It is essential to consider the recent trends technologies and movements in order to understand where society is headed in the future The *Research Anthology on Citizen Engagement and Activism for Social Change* examines a plethora of innovative research surrounding social change and the various ways citizens are involved in shaping society Covering topics such as accountability social media voter turnout and leadership it is an ideal work for activists sociologists social workers politicians public administrators sociologists journalists policymakers social media analysts government administrators academicians researchers practitioners and students

Protecting Human Rights Tom Campbell, Jeffrey Denys Goldsworthy, Adrienne Sarah Ackary Stone, 2003 Conceptual boundaries and functions of human rights

Elections Today, 2004 News from the world of elections

Democracy's Education Harry C. Boyte, 2015-02-01 Today Americans feel powerless in the face of problems on every front Such feelings are acute in higher education where educators are experiencing an avalanche of changes cost cutting new technologies and demands that higher education be narrowly geared to the needs of today's workplace College graduates face mounting debt and uncertain job prospects and worry about a coarsening of the mass culture and the erosion of authentic human relationships Higher education is increasingly seen and often portrays itself as a ticket to individual success a private good not a public one Democracy's Education grows from the American Commonwealth Partnership a year long project to revitalize the democratic narrative of higher education that began with an invitation to Harry Boyte from the White House to put together a coalition

aimed at strengthening higher education as a public good The project was launched at the beginning of 2012 to mark the 150th anniversary of the Morrill Act which created land grant colleges Beginning with an essay by Harry C Boyte *Reinventing Citizenship as Public Work* which challenges educators and their partners to claim their power to shape the story of higher education and the civic careers of students the collection brings world famous scholars senior government officials and university presidents together with faculty students staff community organizers and intellectuals from across the United States and South Africa and Japan Contributors describe many constructive responses to change already taking place in different kinds of institutions and present cutting edge ideas like civic science civic studies citizen professionalism and citizen alumni Authors detail practical approaches to making change from new faculty and student roles to changes in curriculum and student life and strategies for everyday citizen empowerment Overall the work develops a democratic story of education urgently needed to address today s challenges from climate change to growing inequality *The Decline of the Western-Centric World and the Emerging New Global Order* Yun-han Chu,Yongnian Zheng,2020-11-24 The Western liberal democratic world order which seemingly triumphed following the collapse of communism is looking increasingly fragile as populists and nationalists take power in the United States Europe and elsewhere as the momentum of democratization in developing countries stalls and as Western liberal establishments fail to deal with economic stagnation worsening political polarization social inequality and migrant crises At the same time there is a shift of economic power from the West towards Asia This book explores these critical developments and their consequences for the world order It considers how far the loss of the West s power to dominate the world order together with the relative decline of US power and its abdication of its global leadership role will lead to more conflict disorder and chaos and how far non Western actors including China India and the Muslim world are capable of establishing visionary policy initiatives which reconfigure the paths and rules of economic integration and globalization and the mechanisms of global governance The book also assesses the sustainability of the economic rise of China and other non Western actors explores the Western liberal democratic order s capacity for resilience and discusses how far the outlook is pessimistic or optimistic *The Fernando Coronil Reader* Fernando Coronil,2019-04-15 In *The Fernando Coronil Reader* Venezuelan anthropologist Fernando Coronil challenges us to rethink our approaches to key contemporary epistemological political and ethical questions Consisting of work written between 1991 and 2011 this posthumously published collection includes Coronil s landmark essays *Beyond Occidentalism* and *The Future in Question* as well as two chapters from his unfinished book manuscript *Crude Matters* Taken together the essays highlight his deep concern with the Global South Latin American state formation theories of nature empire and postcolonialism and anthrohistory as an intellectual and ethical approach Presenting a cross section of Coronil s oeuvre this volume cements his legacy as one of the most innovative critical social thinkers of his generation **Daily Graphic** Ransford Tetteh,2010-02-15 ***The Sharia State*** Bassam Tibi,2013-07-18 Set against the backdrop of the Arab Spring *The Sharia State* examines the

Islamist concept of political order This order is based on a new interpretation of sharia and has been dubbed the Islamic state by Islamists The concept of the Islamic state has been elevated to a political agenda and it is this agenda that is examined here In contrast to the prevailing view which sees the Arab Spring as a revolution this book argues that the phenomenon has been neither a Spring nor a revolution The term Arab Spring connotes a just rebellion that led to toppling dictators and authoritarian rulers yet in *The Sharia State* Bassam Tibi challenges the unchecked assumption that the seizure of leadership by Islamists is a part of the democratization of the Middle East Providing a new perspective on the relationship between the Arab Spring and democratization this book is an essential read for students and scholars of Middle Eastern Studies Islamic Studies and Politics

Generation Citizen Scott Warren, 2019-03-05 Required reading Josh Tickell author of *The Revolution Generation* Since its beginnings in 2009 *Generation Citizen* has grown to become one of the preeminent civics education organizations in America Championing the activism of young people now and throughout history from the civil rights movement to BlackLivesMatter and the Parkland students *Generation Citizen* is a bold reminder of the positive power of politics and an inspiring actionable guide for anyone ready to fight for democracy Timely and accessible The rising generation is ready to exercise power and save our republic Eric Liu CEO of Citizen University and author of *You're More Powerful Than You Think*

Democracy's Deep Roots S. Schneider, A. Hurrelmann, Zuzana Krell-Laluhová, F. Meier, Achim Wiesner, 2015-12-11 Does the democratic nation state remain a legitimate regime form in the current age of globalization This book uses a novel analytical approach to probe this topical question drawing on a comparative study of legitimization discourses in the media of four Western democracies Switzerland Germany Britain and the United States

Engendering Curriculum History Petra Hendry, 2011-05-20 Disrupting dominant notions of history as linear as inevitable progress and as embedded in the individual this book examines how curriculum history can be re envisioned from a feminist poststructuralist perspective

Survival: December 2024–January 2025 The International Institute for Strategic Studies (IISS), 2024-12-12 *Survival* the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Charlie Laderman discusses the historical precedent for Donald Trump's threat to shrink the US commitment to NATO the Great Debate of the 1950s Emile Hokayem examines Hizbullah's future after Hassan Nasrallah's killing and Israel's incursion into Lebanon Dana H. Allin analyses what Trump's return to the White House spells for the world Elene Panchulidze and Richard Youngs discuss Europe's growing emphasis on supporting democracies as a geopolitical imperative under the shadow of the Russia-Ukraine war And nine more thought provoking pieces as well as our regular Book Reviews and Noteworthy column To read free articles from the journal please visit its homepage at <https://www.tandfonline.com/journals/tsur20> Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Editorial Assistant Conor Hodges

Introduction to Political Theory Paul Graham, John Hoffman, 2015-02-20 *Introduction to Political Theory* is a text for the 21st century It shows students why an understanding of theory is crucial to an

understanding of issues and events in a rapidly shifting global political landscape Bringing together classic and contemporary political concepts and ideologies into one book this new text introduces the major approaches to political issues that have shaped the modern world and the ideas that form the currency of political debate Introduction to Political Theory relates political ideas to political realities through effective use of examples and case studies making theory lively contentious and relevant This updated third edition comes with significant revisions which reflect the latest questions facing political theory such as the French burqa controversy ethnic nationalism and the value of research from sociobiology Accompanying these debates is a wealth of new and thought provoking case studies for discussion including consensual sadomasochism affirmative action and same sex marriage A new chapter on difference has also been added to complement those on feminism and multiculturalism The revised glossary revamped website for further reading and new streamlined layout make Introduction to Political Theory third edition the perfect accompaniment to undergraduate study

The Top Books of the Year Focus On Democracy The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. Focus On Democracy : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Focus On Democracy : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Focus On Democracy : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

Focus On Democracy Introduction

In today's digital age, the availability of Focus On Democracy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Focus On Democracy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Focus On Democracy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for

educational or professional purposes. By accessing Focus On Democracy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Focus On Democracy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Focus On Democracy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Focus On Democracy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Focus On Democracy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Focus On Democracy books and manuals for download and embark on your journey of knowledge?

FAQs About Focus On Democracy Books

1. Where can I buy Focus On Democracy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Focus On Democracy book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Focus On Democracy books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Focus On Democracy audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
